THE NEW CANADIAN BEVERAGE!

KAOKA,

The Only Satisfactory Substitute for Tea and Coffee.—Highly Recommended for Regular Use at Ordinary Meals.

THE VERY BEST ARTICLE FOR DIETARY USE EVER DISCOVERED.

THE injurious effects which the continuous use of tea and coffee have on the human system are well known. The most eminent physicians advise the patients to abstain from using either. Owing to the taste for these beverages which has been universally acquired, it has been found necessary to find a substitute. Various substitutes have been tried, but KAOKA is the only one ever discovered which has been found to perfectly answer the purpose. Unlike Tea and Coffee, it contains neither Theine nor Caffeine, nor any other poisonous principle whatever which can even by long use, prove hurtful to the weakest constitutions. It is especially recommended for sick persons and children. Families using white bread habitually should adopt KAOKA as their regular drink at meals. They will then have supplied to them the elements which, when taken into the system, go to form bones, nails, teeth, sinews and brains, and which have been separated from the fine flour of which the white bread is made. Thousands of persons who have been afflicted with Dyspepsia, Nervousness, Indigestion, Sleeplessness, Sick Headache, &c., have been restored to perfect health by eschewing tea and coffee altogether, and drinking with their meals nothing but KAOKA. It contains no "chemicals." The elements from which it is made are wheat and sugar, nothing more.

For sale in pound and half-pound packets at the "Crown Grocery," South Side Queen Square.

Mr. Hinson's Testimonials.

To the Editor of the Examiner:

SIR,—Would you be kind enough to copy Mr. Hinson's testimonials from the *Christian Visitor*. My reasons for wishing them published is that the circulation of the *Visitor* is so small in this city that but few will see them, and as he (Mr. Hinson) has been denounced as an impostor by some of the men that should have taken him by the hand and treated him kindly.

I remain, yours truly,
CHARLES HEARTZ

TESTIMONIALS.

"July, 1879.

We have full confidence in Mr. Hinson's Christian character, and wish him every blessing. He has spent some years in our College here, and has made himself beloved and respected by all who know him, and has been both earnest and successful in his preaching. During part of his stay with us he labored in the Baptist Church, Boyvingdon, where he was much used in blessing to souls.

We commend him very heartily to the love and esteem of Christians in America.

H. GRATTAN GUINNESS,

Hon. Director of East End Institute,
Bow Road, London, E.

The following from the same pen was received in August, '80.

"I have pleasure in stating that Mr. Walter Hinson labored, while a student in our midst in connection with Boyvingdon Baptist Church, and that he is a member of the Baptist body. I desire him all blessing in his work.

H. GRATTAN GUINNESS.

"July, 1880.

I have great pleasure in bearing my testimony to the Christian consistency of conduct and commendable perseverance in study of Walter Hinson during the time he was a student in Hoben Cliff College, and I feel assured he will be useful—very useful in any portion of the vineyard whither our blessed Master may direct him.

HENRY DENNING,

Late Principal of H. C. C.,
Isle of Man.

"I hereby testify that I knew Walter Hinson as a student in Hoben Cliff College, and an able through close personal knowledge to commend him very highly for his life and work. He is undoubtedly well qualified for the work of an Evangelist or to fill the office of Pastor.

CHARLES BURROWS,

Sheffield.

"Aug. 1879.

I have had the pleasure of knowing brother Walter Hinson during his term of study at Harley College, and now most heartily commend him to the Christian love and sympathy of all the churches in Canada. May much blessedness attend him.

ARCHIBALD G. BROWN,
Pastor of East London Tabernacle.

The above was sent to Mr. Brown in September last, by the Summerside Church, because of an insinuation that doubted its genuineness, and a reply came, the closing sentence of which was, "The letter was written by me and is in my own handwriting. Wishing the good work all blessing, and with kind regards to Mr. Hinson. Believe me, yours very truly,
ARCHIBALD G. BROWN."

August 1880.

This is to certify that I have known the Rev. W. B. Hinson, for some years as a baptized believer, and for some time as a pastor of a Baptist church. I can bear witness to his zeal in the Master's service, and to his fidelity to the principles which as Baptists we all hold to be sacred. My earnest desire and prayer to God for him is that his may long be spared to labor for the one Lord, one faith, one baptism. Being now in the 65th year of my age and the 40th of my ministry (the last nine of which have been in my present pastorate) I know how needful to a young brother is all the help and sympathy which can be rendered. If therefore these lines can in any way aid him in his labor of love I shall rejoice.

SAMUEL COULING,

Pastor of the Baptist Church,
Clipperfield, Herts.

"The Baptist Church Boyvingdon. To the Summerside Baptist Church, Prince Edward Island. Our beloved brother Mr. W. B. Hinson's name is on our Church book. He was always in good standing with us as a Church and after accepting our call to the pastorate served us efficiently and preached with much acceptance and profit to many. We now dismiss him from our fellowship to yours,
Signed
THOMAS NEARY,
September 1880.
Deacon."

ANOTHER RAILROAD WAR.—The railroads between Chicago, St. Louis and Kansas City are again cutting rates. On Saturday last the Illinois Central reduced the rates of limited tickets to St. Louis to \$5. This movement was met by the Wabash Railroad by a reduction to \$4 to St. Louis, and \$9 to Kansas City. The Chicago and Alton Road brought their rates down to the same figures as the Wabash, but the Wabash learning these facts again reduced the rates to \$3 and \$8 respectively.

Rowell won the Astley belt match, concluding on Saturday with a score of 566 miles, 96 miles ahead of Littlewood.

MARKETS.

OATS.—The price now paid in this city is 41 cents. An easier feeling is reported in the English markets, and we should not be surprised if, before long, there would be a fall. In New York oats are quoted (Nov. 5) at 39½ to 42½ cents per bushel, according to variety and quality. In Liverpool, G. B., oats were sold (Nov. 6) at 6s 2d stg. per 100 lbs.

POTATOES.—Here, potatoes sell at from 14 to 16 cts. per bushel. In Boston the selling price is about 45 cents. Allowing for duty (15 cents) and for freight (12 cents) this would leave a margin for profit of 2 cents per bushel. But then there's the risk.

BARLEY.—There is little movement. The price ranges from 60 cents all the way up to 70 cents for the prime article.

The amount of money invested in manufacturing enters rises in New Jersey is about \$89,000,000, a capital which employs 75,000 persons, 13,000 being engaged in the manufacture of silk in Paterson. The horse power which runs the machinery is estimated at 50,000.

NEWFOUNDLAND'S GOLD MINES.—Gold has been discovered in Newfoundland, and the indications are pronounced sufficiently favorable to merit a trial, and it is said that there is reason to hope and expect that ample capital applied to skilled and judicious labor may be found remunerative to future adventurers.

Here is Carlyle's idea of labor, which may be commended to the fine folk who turn up their delicate noses at mechanics, and that class of our people:—"Two men I honor, and no third. First, the toilworn craftsman, who with earth-made implement conquers the earth and makes her man's. Venerable to me is the hand, hard and coarse, wherein, notwithstanding, lies a cunning virtue. A second man I honor, and still more highly; him who is toiling for the spiritually indispensable—not daily bread, but the bread of life."
