Welcome Freshmen,

We the Orientation committee, would like to encourage all of you to get out and participate in the three days of fun and laughter organized just for you!

It is a time for you to mingle with the administration, faculty, and upper classmen of the university. The bands have been booked and the tickets are waiting to be sold. These can be purchased at the Barn. Picture ID's are required for all events.

We would again like to encourage you to get involved in Orientation Week. Some of the activities include a banquet, a barbeque at the president's farm and a scavenger hunt. The highlight of the week will be our annual Shinerama for Cystic Fibrosis. So come on out and have fun shining for a worthwhile cause.

Hope to see you during the next three days.
