Great distress is reported in the west of Ireland on account of continued rains.

Seven men were prostrated by the heat on Friday while walking on the Brooklyn elevated railroad.

The Belgian Government has submitted to the representatives bills taxing home and foreign tobacco.

The Athens journals note Turkish military preparation in Epirus, and state that Greece intends forming a second camp on the frontier.

The Chapel street cotton mills at Manchester, among the largest in the city, have been burned. The loss is estimated at £80,000.

The Russian Minister of the Interior has ordered local authorities to take measures against agitators who are inciting the peasants to disturbance by spreading false reports of an impending redistribution of lands.

The boring near Saugatie, France, to ascertain the depth necessary for a channel-tunnel, has been suspended for three months, on account of the fresh water encountered. The soil is clayey and very hard.

The appropriation bill for marshals' salaries was read a third time and passed in the United States Senate on Saturday—yeas, 25; nays, 15. The bill will be vetoed by the President.

B. P. Gillon and M. Armstrong, of the Olive gang, under indictment at Omaha for murdering and burning Mitchell and Ketchum, escaped from goal from Plum Creek on Thursday night. A band of men are in pursuit.

The National Board of Health having failed to afford assistance to the Pensacola Health Board the latter being compelled, for want of means, to abandon all attempts to enforce protection from foreign infection. Vessels are arriving from infected ports and unless the National Government acts promptly the fever plague may affect the nation this season as it did last.

A bold attempt was recently made by a disreputable looking woman to kidnap a child of six years of age, a daughter of Mrs. Dunn, of Sand Point, Carleton, N. B. The woman was begging and succeeded, by giving the child candy, in enticing her away. The child was identified by some one who knew her and who asked the woman whose child she had with her. She declared the girl was her own and she was going to the train, intending to go to Fredericton. The gentleman rescued the child in the nick of time.

There was quite a sensation among the Halifax aldermen at their meeting on Friday when a number of communications were read from ratepayers declaring that they never signed or authorized their signatures to a number of petitions for liquor licenses to which they had been affixed. In Halifax no liquor license can be granted without the consent of the majority of the ratepayers resident in the district and the genuineness of the signatures have to be sworn to by the party obtaining them. The chairman of the License Committee declared that he believed one-third of the names on the petition were forged and it was high time this frightful amount of fraud, forgery and perjury was punished.

An English officer, who sold out of a crack cavalry regiment some twelve months ago, applied the other day to go out as a volunteer to the Cape. He was told that his offer could not be accepted, for the Horse Guards had already been obliged to refuse nearly two hundred officers in the service belonging to regiments at home who had volunteered to go out to Zululand. 'In fact,' said one of the military officials, 'we could form a pretty strong mounted squadron composed only of the cavalry officers on home service who have volunteered for service at the Cape.' The number of officers already on orders for special duty at the Cape exceeds anything of the kind in remembrance; and very many of these volunteers are swells belonging to the Guards, the Household Cavalry, and other crack corps at home.

CATARRH. Constitutional Catarrh Remedy CURES CATARRH.

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq., Brockville, Ont.—DEAR SIR—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long, I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my head. A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what use of it you may see proper. Yours truly, W. TINDALL, Methodist Minister. Port Elgin, Ont., Aug. 24, 1878.

Ask for Littlefield's Constitutional Catarrh Remedy and take no other. T. J. B. HARDING, Dominion Agent, Brockville, Ont. For sale by all Druggists at only one Dollar per bottle.
