A GENTLEMAN from the West reports the mackerel schooling thick within a hundred yards of the shore. The quality of the mackerel is very fair.

The Roman Catholic Ecclesiastical Conference is in session at the Episcopal Palace to-day. A large number of clergymen from the different parishes throughout the Island are in attendance.

A BALTIMORE clergyman has instituted "cut rates" for marriage ceremonies, offering to buckle single couples for \$1 apiece, and tie job lots for 50 cents a pair. His brother clergymen threaten to boycott him for his conduct.

The funeral of the late Judge Rigby took place at Halifax on Sunday afternoon, and was largely attended. The Burial Society turned out in full force. The service was performed by the Rector of St. Luke's.

The Patriot would do well to give the true story about the "Orange Circular." Clearly it ought not to allow its readers to have the false impression that it emanated from Conservatives. It was a Grit invention from the beginning.

Some of the United States fishermen, when they get a chance, are reported as sending their seine boats inside the three mile limit, while they stand outside themselves. Not a very dignified proceeding for the fishermen of a great nation well able to pay for their fish.

A SIX-MILE RACE on rollers will take place at the Roller Rink on Monday evening next. The contestants are Newson, Trainor and Large—Newson to skate Trainor and Large three miles each, separately, allowing them a start of half a lap each.

The dust nuisance has full possession of the town to-day, and the water carts are "nowhere." The best way that we know of to avoid the unpleasantness is to purchase a ticket for the Strawberry Festival and spend the afternoon in the beautiful grounds of Government House.

JUDICIAL statistics have just appeared in France for 1884, showing the results of the new divorce act there. SENIOR Bosco, who will give his entertainments in the Market Hall next Thursday and Friday, does all he advertises, and all who wish a pleasing entertainment and a jolly laugh should not miss the opportunity of seeing this celebrated Wizard, Wit and Humorist. The papers speak of him as one of the cleverest magicians of the day. Go and see him and have a laugh.

The Fredericton correspondent of the St. John Telegraph says that during the thunder storm last Wednesday, two barns situated in the parish of Prince William, and the property of Mr. Benjamin Cousner, were struck by lightning and burned to the ground. The lightning, which was unusually severe, did much damage also to the crops and telegraph poles in the same locality.

A MANTAL of manners says: "Keep step with any one you walk with." This is all very well in theory, but if the writer has ever attempted to keep step with a man with one leg two or three inches shorter than its fellow, he would have found his politeness so severely taxed that before he had gone half a mile he would have given up in despair and thrown politeness to the winds.

The lobster factory of Messrs. Burnham & Morrill, at Charles Cove, Tor Bay, N. S., was burnt on Friday. The fire was caused by the accidental upsetting of some paint, which was mixed with benzine. This ran through the floor on to the soldering stoves below and instantly exploded. In a few moments the whole building was in flames. Nothing could be done to save the building or contents. About eight hundred cases of lobsters were destroyed. The loss is estimated at \$15,000.

An interesting and exceedingly practical lecture was delivered last evening in the Orange Hall, in this city, to the brethren of the order and a good number of their friends, by the Rev. J. Shenton. The Rev. lecturer took as his starting point the revolution of 1688, when perjury and tyranny met that fate so well deserved. He dwelt on the wonderful changes that have taken place in the world since liberty of conscience and freedom to worship God after the dictates of one's own conscience, was given to the British nation under William III. He spoke of the advanced civilization and enlightenment of the British empire, the United States and elsewhere, and showed that the open and unscriptured Bible and civilization are but cause and effect. Education, Home Rule, and kindred subjects were treated of in a highly interesting manner, and elicited frequent proofs of hearty approval. The lecturer concluded by urging his audience to prove their loyalty—loyalty to Queen, to country, to the Bible and to God. Several of those present addressed the meeting on the different topics introduced by the lecturer, at the close of which a cordial vote of thanks was tendered Mr. Shenton for his instructive and interesting lecture.—C.M.

SOME of the American papers, with characteristic enterprise, have discovered that Amelia Folsom, a cousin of Mrs. Cleveland's parents, was the sixteenth wife of Brigham Young.

The Patriot has not yet apologized for falsely reporting on the day before the election that Mr. William McLean had retired from the contest. The public is entitled to some explanation from the Patriot, and it will lose caste if the explanation be not given.

REFERRING to our navy, a daily paper reports the Atlantic Squadron as being under sealed orders to proceed to the scene of the recent fishery troubles. It is further facetiously remarked that the fishermen will protect the navy while upon the excursion.—Scientific American.

DURING a recent fire at Romeo, Ill., 12 dwelling houses, one boarding house, 2 warehouses, 1 saw mill, planing mill, 8,000,000 feet of lumber, and 5,000,000 shingles were burnt. Loss \$130,000; insurance \$50,000. Sixty men were thrown out of employment and 27 families left destitute.

ADVISED from Ravenshoe, Ont., state that brush fires are raging near the Sutton branch of the Midland railway. The woods are on fire for miles around that village, and it is in great danger of being destroyed. Scores of settlers have deserted their homes and are hurrying with their effects away from the bush. The loss to settlers is very great.

It is proposed in England to make every fire, where the loss amounts to more than \$50, a subject for investigation by a special commission with or without a jury. The monotonous regularity with which buildings, after taking fire, have been so completely burned, suggests that some method is necessary to detect cases of arson.

BEHIND the babbling brooklet cool The fishermen with purpose firm, "Drat it, that's another worm!" He mutters, "that fish ain't no fool." Thus all day long he'll patient wait, Until the sun's bright rays depart; He's hooked no fish, but still his heart Glories in drinking all his bait.

JOHN L. SULLIVAN has shaken the dust of Boston from his feet and gone to New York, where he proposes embarking in the hotel business and residing in future, The Boston Republic, commenting upon the fact, says that for the gratification of New York it would like to say that "our loss is her gain," but somehow or other the ancient saw does not seem to fit the case exactly. The loss is scarcely perceptible, and it doubts very much if New York is sensible of the gain.

The general verdict of the smokers of the Myrtle Navy is that it is the finest tobacco they have ever used. There can be no mistake upon this point for it is proved by this tangible evidence. The large demand for this tobacco shows it to be true, and the character of the demand gives further proof. It has never been of the spasmodic kind, up one month and down the next. It has been a sustained and constantly increasing demand. The unsurpassed quality of the tobacco accounts for this.

DURING a storm at Hantsport, N. S., on Friday evening last, a house occupied by Asaph Newcomb was struck by lightning and set on fire in several places. None of the inmates were injured, and they succeeded in extinguishing the flames before much damage was done. The barn of J. W. Churchill was also struck and a valuable mare killed. A five weeks old colt at the mare's side was unharmed. A barn at Mount Uniacke, N. S., owned by J. Lewis, was also struck and burned to the ground, together with its contents.

Two new pastors—Rev. W. W. Brewer and Rev. D. D. Moore—officiated in St. John, N. B., Methodist Churches last Sunday. The services in the Centenary Church—Rev. Mr. Brewer's—in the evening is described as a most impressive one, the music and singing being of a high order, and the sermon an eloquent and impressive one, which held the attention of the large audience present from the beginning to the end. Rev. Mr. Moore was greeted with a large audience at each service, in the Carmarthen Street Church, and all present were well pleased with his discourses. Mr. Moore, though a young man, has attained an enviable reputation as an able preacher and an earnest, indefatigable worker.
