

# LOOKING FOR WORK?

You have the education, now it's time to learn a skill.

You've learned a lot at university. You've learned much more than facts and theories. You know how to work independently, how to think for yourself, how to handle pressure. You're self-confident, adaptable.

But you don't have a job.

We can't promise you one. But we can help provide you with the skills you'll need for a promising future in a number of challenging fields.

We operate a little differently.

No matter what option you choose, you'll find education a little different at Holland College. We believe you learn by doing. And not just in the classroom. Before you go to work, we put you to work. On-the-job training in a real-world setting is a key part of every program.

You don't need a degree to enter our programs. But you do need self-discipline, creativity and independence of thought.

Check out the **Creative Arts** programs at Holland College:
