EARLY next week there will be opened at the Diamond Bookstore the most magnificent stock of Room Paperings in Dado, Tints, Cornices, etc., ever imported to this city. MR. PATRICK CAIRNS, who left this Province nine years ago, and settled in Kansas, returned yesterday to visit his friends at Cardigan. He reports having settled profitably and advantageously in the west. MR. ALEX. DEVINE, formerly chief clerk in the Railway office in this city, and now editor of the "Billing's Herald," Billings, Montana, U. S., is visiting this city. He is looking well, and will remain until Monday. NEW BOOT AND SHOE STORE.—We have removed to Monaghan's Brick Building, Queen Street, next door to Messrs. SPRAQUE & Co., Sign of the Big Red Boot. oct 5 31 wklly 11 FOR THE WEST.—The following persons left here a few days ago for San Francisco, Cal.: Wesley Mallet, James Dempsey, David Johnson, Samuel B. Gillispie, Miss Milliner for Eureka, Nev. They all purchased their through tickets at the Union Ticket Office, Queen Street, Wm. A. Faught Ticket Agent for the Hoosac Tunnel route. THE annual meeting at Moosepath Driving Park, St. John's, took place on Thursday. Three races took place, viz: the 2.50, running race and free-for-all. Honest Tom captured the free-for-all with Messenger Boy (recently sold by Mr. A. N. Large) second, Charlie Morris third. The time was 2.40, 2.41 and 2.42. The running race was won by Sleepy Tom. The 2.50 race was unfinished. OWING to the difficulty in procuring boats, we are authorized to say that it is Captain Davies' intention to run the "Griffin" alongside one of the piers and throw her open to the public for a day before she proceeds to sea. This will, we have no doubt, give great satisfaction to persons desirous of seeing H. M. S. "Griffin," and Captain Davies being the first islander who has commanded one of Her Majesty's ships the kindness thus shown will be taken advantage of by his fellow townspeople. W. H. LYNCH, Esq., of Quebec, who is now employed by the Quebec and Ontario Government to write a work on the dairy, being thoroughly versed in dairy work, having made it a study for years, has sold the patent right for this island of his Rotary Churn to R. K. Brace, and will be at our exhibition to give instructions how to work this churn. It is made on the same principle as those used in the English Dairy department now at work at the St. John Exhibition. It will only cost about half the price and has some improvements far ahead of the English Patent Churns. Every butter maker on P. E. Island should see Mr. Lynch as he will be pleased to give any information that is required on butter making. THE first meeting of the Provincial Educational Association will be held on Monday next, in the Prince Street School, beginning at 10.30 o'clock. At this session Miss Mitchell, of the Prince Street School, will give an exhibition lesson with a class, after which the Rev. J. Burwash will read a paper on Science in Common Schools, which he will illustrate with a few experiments. In the afternoon Professor Caven and Mr. T. A. LePage will read papers. In the evening a public meeting will be held in the hall of the Prince Street School, to commence at 8 o'clock. It is expected that over 100 teachers from all parts of the Island will be in attendance, and we have no doubt but that the meeting will be an interesting and profitable one. MISS FRANCES E. WILLARD is now on a visit to the Provinces. She has been before the public of the United States for several years, and has won a wide reputation as an educationist and a platform speaker. Latterly she has been engaged in temperance work, and she is now the president of the Women's National Christian Union of the United States. In pursuance of her work she has visited all parts of the union lecturing to large audiences on the evils of intemperance, and especially seeking to engage women in the temperance movement. An American authority says that "as a public speaker Miss Willard is without a peer among women. With much of Edward Everett in her language there is more of Wendell Phillips in manner of delivery." Miss Willard will shortly lecture in this city. There is a great necessity for the active and enthusiastic advocacy of this reform here.

DOMINION AND CENTENNIAL EXHIBITION. RETURNING TRIUMPHANT

Summary of Prizes Won by the Island.

PAINSAC, Oct. 6. The live stock is at Point du Chene on the way home. The Island won one hundred and fifty prizes, eleven hundred and fifty dollars, four medals and several diplomas.

Ashore—Drowned.

SOUBIS, Oct. 6. A large sail boat came ashore yesterday at the inlet near Campbell's Cove, on the north side. On board were two boys named Lantaigne, belonging to Caraquet, N. B. They state that during a gale on Monday they were blown off to sea, and that their father was washed overboard and drowned. The two poor boys suffered great privations. They are now staying in Souris.

ANOTHER ACCOUNT.

Further particulars concerning the fishing boat that came ashore at the Inlet west of Campbell's Cove Breakwater, yesterday afternoon, at 2 o'clock, have reached us. In the boat were two young boys aged twelve and fourteen years, nearly frozen with the cold, and famished with hunger. The boys were French, and there being nobody in the vicinity able to talk the language but indifferently well, some difficulty was experienced in getting a minute account of their mishap. But as far as can be learned they, in company with their father, were fishing off Percy, and a squall springing up carried them out to sea. This would be on Tuesday last. The gale continuing, it was as much as the man could do to manage the boat. Sometime through the night, sad to say, the man was lost overboard, and in the morning the two young boys only waked to find that they were alone, at the mercy of the sea. The eldest of the boys took charge of the boat which, being driven before the wind, was carried along towards the Eastern end of the Island, and was cast high and dry upon the shore at the inlet as before stated. The boys are yet in that section of the Island, and awake much sympathy by their sad condition and serious loss. Everything will doubtless be done by the good people there to relieve present wants.

THE Admiration OF THE WORLD. Mrs. S. A. Allen's WORLD'S Hair Restorer IS PERFECTION! Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequalled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxuriant quality as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. "One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, by using one bottle of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.
