

Was She a Borgias?

SOME PECULIAR FAMILY HISTORY IN THE CASE OF MRS. MAYBRICK—HOW HER FATHER DIED.

OTTAWA, Aug. 20.—Mr. J. A. Holmes, a prominent merchant of Mobile, Ala., is at present visiting relatives in the city. He relates some interesting particulars pertaining to the antecedents of Mrs. Maybrick, now in Liverpool under sentence of death for poisoning her husband. Mrs. Maybrick's mother, Mrs. Chandler, in her day was accounted the handsomest woman in Alabama. Her husband, D. G. Chandler, was a prominent merchant in Mobile, and at the time of his death the wildest rumors were current in the State as to the cause. Mrs. Chandler was the sole nurse to her husband, and whenever medicine was administered to him she sent the servants out of the bedroom. After Mr. Chandler's death a negro servant asked for an autopsy, the suspicion being that Mr. Chandler had been poisoned, but through the influence of friends it was hushed up. Mrs. Chandler shortly afterwards, at Charleston, S. C., married Capt. DuBarry, a member of the Confederate Government. DuBarry was ordered to proceed to Europe in the interests of the confederacy, and died while on the voyage. Mrs. DuBarry then contracted an alliance with Baron Von Grose, a German, but their marital relationship was not a happy one and a separation followed. Meantime, her daughter, Miss Chandler, whose name was Mrs. Maybrick in everybody's lips, had met Mr. Maybrick, and in 1880 they were married, Mrs. being then but seventeen years of age. Mr. Holmes is firmly of opinion that she administered the arsenic to her husband, but knowing the family antecedents he believes that Mrs. Maybrick is the victim of hereditary monomania.

Do You Drink Ice Water?

That cool refreshing drinks in warm weather are delicious is undeniable. That drinking ice water in copious draughts when a person is overheated is injurious, not to say dangerous, is also undeniable. But that the free drinking of water in some form in hot weather must be avoided, is deniable, and is one of the greatest popular errors extant. When a person is perspiring freely from every pore, a vast amount of water is drawn from the body, which must be re-supplied, or great injury is being done to the physical health, and the foundation of some of the worst forms of kidney disease is being a slowly, but surely laid. Why! someone will exclaim, that isn't what causes kidney troubles, drinking water freely which contains so much lime. Wrong again! So long as the water drunk is freely carried through the system, and converted in its passage to the naturally acid reaction of the urine and perspiration, no danger can occur by deposits of urea or lime in the kidneys and bladder, because they remain perfectly in solution, and are carried out of the body instead of remaining in it. Ideally, any water washed out of the body by the copious draughts of water (that most perfect of all known solvents), same as a series of pipes are "flushed" with water to clean them. A clean body is never diseased. Do not drink ice cold water, but pure cool water; a little lemon juice will improve the effectiveness. Plain soda water with a little acid is also excellent. If from drinking too much ice water you have stomach cramps, or are "water-logged," as it is called, or are attacked with Cholera Morbus, Summer Complaint, Diarrhoea, or Dysentery, do not resort to alcoholic stimulating drinks, which irritate rather than soothe and allay the inflammation which has caused the trouble; but adopt the practice of taking daily just before retiring, during July and August, one teaspoonful of Johnson's Anodyne Liniment in a little sweetened water, which will prevent all such attacks and ill effects from ice water. In fact, a little pamphlet, sent free to anyone, by I. S. Johnson & Co., Boston, Mass., contains a vast amount of information about treating those summer troubles.—dy6i wyl.

Decreasing the Death Rate.

The mortality among consumptives has been materially decreased of late years by the use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda. Phthisis, Bronchitis, Abscess of the Lungs, Pneumonia and Throat Affections are completely subjugated by a timely use of this excellent pulmonary. Palatable as milk. Sold by all druggists at 50c. and \$1.00.

We are agreeably surprised to see such fine celery, cabbage, cauliflower, green and butter beans, beets, carrots, onions, lettuce, etc. at Gay's stalls, Market House. He has certainly taken time by the forelock this season. We would advise those who have not already done so to change their diet and make one meal each day at least of vegetables, not forgetting Gay's Extra Early Celery, which is unquestionably the best nerve quietor known. This is not a quack medicine advertisement, but simply a reminder that summer is at hand, and that the human system requires something more than meat, bread and such heat-producing food, but just the opposite. We would say to hotel proprietors and others to order a market day ahead and thereby secure the best, and at a discount on retail prices. The advantage of this, is, orders are filled at home and the best are not culled, as is sometimes the case purchasing from the market. Order by mail or call at the Market at Gay's Stalls, No. 23, 24, 25 and 26—a daily mail to Pownal.—J. J. GAY & SON, Pownal. jy29 d2wim jh

WHAT WOULD YOU?

Do you feel dull, languid, low-spirited, lifeless, and indifferently miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "griping," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, floating specks before the eyes, nervous prostration or exhaustion, irritability of temper, hot flashes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity? If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions for a reasonable length of time. If not correct, complete recovery may be effected by the use of Dr. Pierce's Golden Medical Discovery, which cures Bilious Dyspepsia, Rheumatism, Kidney Disease, or other grave maladies as quickly as it sets in, and, sooner or later, induces a fatal termination.

Dr. Pierce's Golden Medical Discovery

cures all humors, from a common blotch, or eruption, to the worst Scrofula, Salt-rheum, "Fever-sores," Sores or Ulcers, Skin Diseases, all eruptions caused by bad blood are conquered by this powerful, purifying and invigorating medicine. Great Eruptions rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetters, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Gout, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Bilious Dyspepsia, or other ailments, or a Treatise on Scrofulous Affections.

CONSUMPTION,

which is Scrofula of the Lungs, is arrested and cured by this remedy. It acts in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful curative, banishing of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy, usually secured by Druggists at \$1.00, or Six Bottles for \$5.00. Send ten cents in stamps for Dr. Pierce's book on Consumption, at Address.
