LIVER COMPLAINT,

DYSPEPSIA, JAUNDICE, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS, AND ALL DISEASES ARISING FROM A DISORDERED LIVER OR STOMACH;

Such as Constipation, inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Horrid and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin & Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of evil, and Great Depression of Spirits, can be effectually cured by

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by DR. C. M. JACKSON, *No.* 120 *Arch street, Philadelphia.*

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification and purification of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

Read and be Convinced.

"*The Philadelphia Saturday Gazette,*" *says of Dr. Hoofland's German Bitters*—

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we wish to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten, after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the heavy approval of the faculty itself."

"*Scott's Weekly,*" *said, Aug.* 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most eminent members of the faculty as an article of much efficacy in cases of female weakness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak system."

MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News said, October 31*st:*—

"Dr. Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon other organs of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous organs are the great majority of real and imaginary diseases emanate. Have them in a healthy condition and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce evidences of merit."

For sale wholesale and retail at

THE GEYMAN MEDICINE STORE,
No. 120 Arch street, a few doors below Sixth. Philadelphia, and by respectable dealers generally throughout the country.

In this manner worshiping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the 'City of Spindles,' we were presented by a professional friend, to the celebrated Chemist, Dr. J. C. AYER, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Knowing the unprecedent popularity of his medicines, and the immense sale of them, we had expected to find him a millionare, and rolling in wealth. But no, we found him in his laboratory, busy with his labourers, among his crucibles, alembics, and retorts—giving his best personal care to the compounds, on the virtues of which, thousands long for health. We learned, that notwithstanding his vast knowledge, and his prompt returns in cash, the Doctor is not rich. The reason assigned is, that the material is costly, and he persists in making his preparations as expensively, that thy nett profit is small.—*American Farmer, Phil.*

THE NEW YORK TRIBUNE

WEEKLY—ENLARGED.

ON the 11th of last April *THE DAILY TRIBUNE*, having completed its twelfth year, was enlarged more than one fourth, or to the size of *The London Times* making it considerably larger than any other cheap Daily published in this country or in the world. No change in price was made in consequence of it. The additional space in the paper thus afforded to Mail Subscribers at $8 per annum and sold to Carriers and to Agents ordering it by Express or Mail for distant sale at $1 50 for one hundred copies, or $15 per thousand copies, payable in advance. At these prices our aggregate receipts for one entire Daily edition do not exceed the sums we pay for Paper and Printing, leaving all other items to be defrayed from our receipts for Advertising. In other words, we return to each purchaser of our paper from us his money's worth in the naked sheet we send him, looking for the spread of our own Ideas and the heavy expenses of Telegraphing, Correspondence, Reporting, Composition, Printing, Mailing, Book-keeping, Rent, &c., to our Advertising alone. We do not think it now possible to cheapen newspapers beyond this point; if it ever shall be hereafter, we intend to be even with the foremost in demonstrating the fact.

Our *SEMI-WEEKLY, EUROPEAN* and *CALIFORNIA* editions were enlarged simultaneously and nearly in the Daily, and also without any increase of price. We respectfully solicit a comparison of our Semi-Weekly at $3 per annum, [two copies for $5, and five copies for $10, and ten copies for $20,] with any $4 or $5 Semi-Weekly, and will cheerfully send copies for this purpose upon direct post-paid application.

THE NEW-YORK WEEKLY TRIBUNE entered on its thirteenth year on the 3d of September, it was enlarged to the size of the Semi-Weekly and Daily, adding more than one-fourth to its capacity—also without increase of price. This Enlargement adds at least $20,000 per annum to our expenses, in addition to the previous cost of our Daily and Semi-Weekly, already efficed. All our editions from the 1st of September appeared in entirely new and beautiful type, prepared expressly for this paper. Our Semi-Weekly and Weekly readers are not surpassed by any in the world. Even though our Weekly Edition should be rapidly run up to 100,000 copies, we are prepared to print and mail every copy on the day (Thursday) that the form is put to press, without interrupting or retarding the regular issue of our three Daily editions, amounting to Twenty-odd Thousand Copies in all. We stand ready to adopt any improvements, however expensive, which will enable us to disseminate intelligence more frankly and effectively, and shall especially hail, as we labor to effect a radical improvement in the celerity and reliability of the Mails.

THE TRIBUNE has not now its character to make or to proclaim. It has not been and never can be a mere party organ. It has supported the Whig party because the distinctive principles of that party appeared to it at the recent ends which it has labored to subserve; it never advocated a measure because it was proposed or sustained by the Whig party. It holds itself at all times and free to condemn unsound principles, unwise measures or corrupt acts should the two former be propounded or the latter perpetrated by Whigs' as though they had emanated from the hostile camp. So far as it has or can, Liberty, Education Temperance, Internal Improvement and Industrial Development may be subserved by acting with the Whig party, it must continue to be, as it has been, Whig.

Though never acting with any Abolition or other one-idea party, *THE TRIBUNE* is and must be the relentless foe of Human Slavery, as of whatever else tends to degrade Labor and obstruct the intellectual and social development of any portion of mankind. Were it alone in demanding that a vote in New-York could abolish Slavery in Carolina, it might attatch itself to some one of the expressly Anti-Slavery parties lacking that light, it declines to abandon the substance for the shadow of political good. But while it does not see its way clear of any effective Political action against Slavery in the States which now cherish it, it regards the defeat of whatever effort to extend the giant wrong under the flag of our Union, or to obstruct by its power the progress of Abolition in the Free States, among the most urgent and sacred of public duties, not to be subordinated to any party consideration whatever. And, while it does not propose to make Anti-Slavery the basis of Political action rather than a defensive, it neglects no opportunity, remit no effort, so to diffuse Light and Truth as to render the continuance of Slavery impossible in the hearts enthralled by the sin of Christianity and boasting itself the great exemplar of Political Justice and law-guarded Freedom.

For Temperance in all things, but especially the disuse of Intoxicating Beverages and the legal suppression of the Liquor Traffic, we shall struggle, as we have struggled, unflinchingly and untiringly. We regard the Rum Power as essentially the most beneficent statute of our day, and confidently hope to see it soon prevail universally.

The Congressional Reports and Washington Correspondence will, as heretofore, be both reliable and satisfactory.

The Markets for Grain, Cattle, Cotton and other products of the Earth, will receive proper attention. Of the fact that our Associate, *BAYARD TAYLOR*, is now on the other side of the globe, sending us adv ces from the seat of war in China, and experiencing even in those distant realms the physical, moral and social characteristics of jealousy-guarded Japan, the public is already aware. He will probably return by way of California and Panama, in both of which we have several co-respondents. Briefly—we shall spare no expense to keep our readers well advised on every subject of interest, and doubt not that the extent of the increase of patronage hitherto accorded to us will continue to repay all our exertions.

Any friend who believes he will do good by increasing the circulation of *THE TRIBUNE* is authorised to solicit and receive subscriptions; and, on due proof that money has been mailed and postpaid to our address, we take the responsibility of its safe transmission. Specimen Copies will gladly be sent without charge to those requiring them, and we trust many friends will be moved to ask their neighbors and acquaintances to join in a request for a Club to commence with our Enlarged Sheet and New-Type on the first of September, or at any time thereafter.

A limited number of Advts. in *THE WEEKLY TRIBUNE* will be appropriated to advertising.

The extremely low price at which the WEEKLY *TRIBUNE* is now furnished to Club subscribers, absolutely precludes our agents from having any commissions, either in money or by an extra paper.

Subscriptions may commence at any time. Payment in advance is required in all cases, and the paper is invariably discontinued at the expiration of the advance payment.

Money may be remitted for subscriptions in letters at our risk, but the postmaster at the place where the letter is mailed should be made acquainted with its contents and keep a description of the bill.

Bills of every specie-paying bank in the United States or Canadas, received at par for subscriptions.

Subscriptions received at G. T. Haszard's Book Store.
