LOCAL TRADE BOARD ADDRESSED BY CHAMBER OF COMMERCE PRESIDENT

Mr. Keith MacKinnon, was elected president of the Charlottetown Board of Trade at the annual dinner meeting held in the Charlottetown Hotel last evening with upwards of a hundred in attendance. Following the presentation of the report of the retiring president, Mr. E. D. Reid, who occupied the chair of the report of the secretary treasurer, Mr. Walthen Gaudet was also presented and approved. Mr. W. J. Borrie, president of the Canadian Chamber of Commerce, and a resident of Vancouver, was guest speaker and on being introduced by J. Gordon MacDonald, P. E. Island vice president of the Canadian Chamber of Commerce expressed his great pleasure at being on the island for the first time, which he found a delightful experience.

Mr. Keith MacKinnon

No Recession "Canada is catching its breath, not gasping for it," Mr. Borrie said in reviewing conditions as he finds them on analyzing reports received at Chamber of Commerce headquarters from all over the country. "It is true," he said, "that there are spots where business recession is apparent, but we must see the overall picture to appreciate our stability." Mr. Borrie since elected president has travelled sixty thousand miles and visited Mexico, Japan, Peru, Alaska and the U. S. A., invariably finding a friendly attitude towards Canada and the desire to do business.

Adjudicators Have Warm Praise For Numbers On Musical Festival Program

"Sing with conviction, so that your words will mean something to the listeners," said adjudicator Earle Terry at a chorale clinic which he conducted yesterday evening at the Musical Festival session held at the Prince of Wales auditorium. In addition to many musical talents, Mr. Terry is founder and director of the CBC Chorale Ensemble. "When you sing the word 'forever,' make it sound as if you mean 'for all times,'" he explained. "Make the best of your voices to reach out to the audience and learn to sing in terms of flowing and meaningful phrases. Then build up the song to a real climax, because we all know that the composer had some plan in mind for his composition."

Report Princess Has New Escort

LONDON, (AP)—Princess Margaret was around town Monday night with a new escort—her man post Gavin Maxwell. They saw the Robert Morley play, "Hippo Dancing," at the Lyric theatre and then took supper at an Italian restaurant. Maxwell, 39, is a cousin of the Duke of Northumberland. Between poems he goes shark-fishing off the coast of Scotland. He wrote a best-seller about it called "Harpoon At A Venture."

News In Brief

OTTAWA, (CP)—Labor Minister Gregg Tuesday declined to say what steps the government may take to bring together the railways and their non-operating employees, deadlocked on contract talks. HALIFAX, (CP)—Lands Minister A. W. MacKenzie announced Tuesday night that all woodlands in the province will be closed because of the growing menace of forest fires. WASHINGTON, (AP)—Cpl. Edward S. Dickson was convicted Tuesday and sentenced to 10 years' hard labor on charges of informing on his comrades in a Korean prisoner-of-war camp and currying favor with his Red Chinese captors.

Drew backs PQ in Tax Deal

OTTAWA, (CP) — Opposition Leader Drew said Tuesday Quebec province's new 15-per-cent personal income tax should be fully deductible from federal tax payments. "Such a move," he said in the Commons budget debate, would solve the problem of double taxation in Quebec for the present year. An immediate conference of all provinces should be called to settle the broader problem of reallocation of tax fields between the federal and provincial governments. Mr. Drew's speech was the first in the Commons he specifically has supported Quebec's bid

WASHINGTON, (AP)—Senator Ralph Flanders (Rep. Vt.) reported Tuesday that President Eisenhower plans further diplomatic moves in the Indo-China crisis and that these negotiations will determine whether any military action is taken. The president, Flanders told reporters, does not favor American military operations in Indo-China unless the United States "has the support of the people of that region."

Pearson Backs U. S. Policy In Geneva Speech

GENEVA, (CP)—Canada's Lester B. Pearson Tuesday coupled a defence of United States foreign policy with a warning that failure of Indo-China peace talks might force the West to consider further collective security measures. In his country's first contribution to the Far Eastern debate at the Geneva conference, the external affairs minister devoted most of his speech to Korean issues. But he also referred to the interest expressed by Asian countries, which have just met at Colombo, in ensuring peace in Indo-China, and added: "If these peaceful purposes are not achieved by a just, honorable and negotiated settlement, the consequences will be bad, and probably far-reaching. Failure here may well necessitate further collective consideration by those who, as a result of such failure, will feel increasingly threatened, of further ways and means to meet that threat. This, in its turn, may harden and make more dangerous the great and tragic division in the world."

N. B. Potato Growers Seeking Federal Aid

OTTAWA, (CP) — A representative from New Brunswick's potato growing district Tuesday night asked for federal assistance of aid for potato farmers unable to sell last year's crop. Gage W. Montgomery (PC—Victoria-Carleton) said in the Commons budget debate that a new potato marketing board has not benefited all farmers equally. Many farmers were left holding large stocks of potatoes with no assurance they would be sold before the new season opens. "These farmers are getting panicky," he said. BANK LOANS DOUBLED Mr. Montgomery, a former school board official, said there is a danger that farmers will be unable to meet their municipal taxes. Unless their potatoes were sold by Aug. 1, many schools in the area would not open in the fall. Bank loans in Woodstock, N. B., were twice as large as ever before. The potato marketing board had been set up last year when the federal government guaranteed a floor price for the crop. It was a good system if properly handled. But under the previous system, the crop always had been sold. The federal government had a responsibility to assure farmers with unsold crops that their position would be as good as those who were able to sell their potatoes.

Thousands of Maltese Scramble Over Bomb Ruins For Glimpse of Queen

VALLETTA (Reuters) — Cheering Maltese scrambled barefoot over rubble and bomb ruins Tuesday to catch a glimpse of Queen Elizabeth. Defying police orders, they surged on to the royal route as the Queen drove past the town of Zebug on her way to open a new women teacher's training college. Earlier, Elizabeth and the Duke of Edinburgh took the salute at a parade of 1,500 service men and women—many of whom had taken part in the wartime bomb siege which won the island the George Cross, Britain's highest civilian award for gallantry. Five-year-old Prince Charles and his sister Anne, 3, watched the parade from a nearby hotel balcony in suburban Floriana. The children, dressed in matching honey-colored clothes, waved and laughed as their parents passed in an open car and the brass bands blared. But they didn't get really excited until a small, shaggy dog broke

Rebels Make New Gains At Dien Bien Phu

HANOI, Indo-China (AP) — Screaming Vietnam rebel troops captured another important stronghold Tuesday in an attack on shrinking Dien Bien Phu. Western defences, then beat off a determined French effort to retake the position. It was one of the grimmer hours of nearly two months of incessant attacks on the French Union fortress by the besieging Red rebels. Since Saturday night the rebels in human wave attacks have captured four strongpoints and part of a fifth. Tuesday's capture brought the besiegers ever nearer the heart of the northwest Indo-China fortress whose barbed wire and trench system, interlocked and laced with mines, has been steadily cut in area.

Killed When Car jumps Off Jack

ATHOLVILLE, N. B., (CP) — Frank W. Hachey, 53, of Atholville, was killed Monday night when a car slipped off a bumper jack and rolled backwards down a sloping driveway, dragging him 50 feet. Handicapped by loss of a leg above the knee several years ago, Hachey was unable to jump away in time. SAINT JOHN, N. B., (CP)—Under a bright noon sun, another minesweeper glided down the ways Tuesday at the Saint John Dry Dock Co. Ltd. Lady Dunn, wife of Sir James Dunn, christened the 390-ton craft HMCS Miramichi.

COMMODORE ADAMS STRESSES NEED FOR NEW NAVAL QUARTERS IN CITY

The need of modern quarters for Naval training purposes was stressed last night by Commodore K. F. Adams, Commanding Officer, Naval Divisions, Hamilton, Ontario who conducted the annual divisional inspection of the H.M.C.S. Queen Charlotte. Commodore Adams stated that the crew of the Queen Charlotte was working under difficult conditions due to the age of the present building and that it would be most advantageous if they were provided with new, modern quarters. "Until then we shall do the best with what we have," he stated. He is accompanied on his inspection tour by his secretary, Lt. Omdr. W. F. Dobson and his Flag Lieutenant, Lt. C. M. Comba. Commodore Adams stated there was a definite lack especially in the Maritime Provinces of men who wish to participate in Reserve training. He said that the H.M.C.S. Queen Charlotte was capable of handling many more men than her present complement. "It is a problem," he stated, "to bring it home to the young men that they have definite responsibilities with regard to reserve training."

Sudden Death Yesterday Of Mr. James E. Harris

The death occurred suddenly in the Prince Edward Island Hospital yesterday morning of Mr. James E. Harris, well-known architect, in his 68th year. The late Mr. Harris was educated at St. Peter's Boys' School and West Kent School in Charlottetown. He later attended McGill University in Montreal where he received his degree in Architecture. Following his graduation from McGill, he was associated with his uncle, the late W. C. Harris, in architectural work in Halifax, N. S. A few years later, he returned to Charlottetown where he took up permanent residence and instituted a long, successful career in his profession. He has designed many fine churches in this Province, and in (Continued on Page 2 col. 3)
