DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Imperial Life Reports Accelerated Growth

Total insurance in force in the Imperial Life Assurance Company of Canada attained $750 million in November, it has been announced by the Company. The three-quarter-billion mark was reached during the Canada-wide policyholders' service campaign which had been conducted by the Imperial Life sales force during the past two months.

Illustrative of the generally accelerating growth of life insurance in force in Canada is the record of this 56-years-old Canadian company. It took 23 years for the Imperial Life to reach its first $100 million in force, seven more years to reach its second $100 million. In recent years the Company has been adding insurance in force at the rate of approximately $100 million every two years.
