**In Illinois' Early Days.**  
Teaming to Chicago is a favorite topic of the early settlers, and many pleasing anecdotes are told of those long and weary, though oftentimes hilarious, trips. It always required a week, and sometimes longer, to make the journey. Twenty or thirty hungry teamsters stopping at a rude country tavern overnight sometimes made it interesting for the landlord. Fifty cents for supper, breakfast and lodging, with all the whisky one could drink and free hay for the horses, was the uniform price for entertainment in the early days, and the average teamster usually intended to get the worth of his money before he settled his hotel bill.

**KEUGER'S MALADY.**

**Bright's Disease, the Formerly Incurable Malady that has Fastened Itself Upon the Boer President.**

Cape Town, Dec. 18.—Bright's Disease, the disease which a trustworthy report states has attacked President Kruger, of the South African Republic, is considered incurable here. It is an affliction of the Kidneys and doctors state that it is invariably fatal. The disease was first diagnosed as a distinct disease by Dr. Bright, from whom it takes its name.

It is understood that a remedy has been discovered for Bright's Disease in America in recent years called Dodd's Kidney Pills, and reports reach Africa to the effect that cures are being made in England and Australia by the same medicine.

It is unlikely that the Dutch of the Transvaal are acquainted with Dodd's Kidney Pills, however, they being very slow to take up with things that are new.

The Phoenicians were not the inventor of the alphabet. The honor belongs to the Egyptians.

**A Pleasant Surprise.**

For those who have thought that catarrh is incurable, and to whom the constant use of snuffs and ointments has been almost unbearable, is to learn of catarrh-ozone, the new medicated air treatment for Catarrh, Bronchitis and Asthma. Catarrh-ozone is a guaranteed cure for these diseases and never fails to cure them. It cures by inhalation of medicated air and always reaches the right spot. This is no theory, but the results of actual experience, and thousands of testimonials back up all we say for our medicine. Price \$1.00 at all druggists, or direct by mail on receipt of price. Send 10 cents in stamps for sample outfit to N. C. POLSON & CO., Kingston, Ont.

To the world at large it matters very little what you do or what you don't.

**BOVRIL**

Is Infinitely More Nourishing than Extract of Meat or Home-made Beef Tea.

When meat is boiled the albumen and Fibrine, which are the nourishing constituents of meat, are congealed into the indigestible residue.

By our special treatment of FRESH LEAN BEEF we restore to Beef Tea the nutriment which is lost in the boiling process by which EXTRACT OF MEAT and HOME-MADE BEEF TEA are prepared.

**The Son's Answer.**

After his son's great success with the "Dame aux Camellias," Alexandre Dumas wrote to him as though a stranger, congratulating him on the book, and expressing a desire to make the author's acquaintance. "I myself am a literary man," said he, in conclusion, "and you may have heard my name as the author of 'Monte-Christo.'"

Dumas files was equal to the occasion. He wrote immediately in reply, expressing the great pleasure he would have in making his correspondent's acquaintance, principally on account of the high terms in which he had always heard his father speak of the author of "Monte-Christo."—Rival.

**A Jury of Women**

Who have tested the merits of Dr. A. W. Chase's Kidney-Liver Pills return the verdict that for backache and kidney disorders there is no preparation in any way equal to this great discovery of Dr. A. W. Chase, America's greatest physician. This great kidney cure is sold by all dealers at 25 cents a box, and has proved most effectual as a remedy for the many ills to which woman is subject.

A good name is rather to be chosen than great riches, and loving favor rather than silver and gold—Soloman.

**Minard's Liniment for sale everywhere.**

Senator Depew's latest story is that of a rather bashful friend who stuttered badly. At a railway depot a young woman embraced and kissed him, then suddenly found that she had made a mistake. "Aren't you Mr. Brown?" she asked. "N-no-no madam," was the answer. "I'm not, but I w-w-wish to thunder I w-w-was."

Show that 25 per cent. of men and women suffer the tortures of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of these men and women could end their sufferings at once by using it. Scores of thousands have been cured by this treatment. Everybody can be cured in the same way.
