LOCAL AND OTHER ITEMS.

Orchard Robberies.

As a consequence of complaints lodged before J. T. Mellish, Esq., J. P., a number of youths have been summoned to answer charges of robbing orchards in the Charlottetown Royalty.

Ladies' Aid Society.

The annual meeting of the Ladies' Aid Society will be held at St. Paul's Schoolroom on Thursday afternoon at four o'clock. Important business. A full attendance requested.

Well Worth Hearing.

The Rev. Dr. Paton, who lectures in Zion church this evening, has an interesting and thrilling story to tell. His manner of treating the subject is very pleasing, and his discourse decidedly interesting and instructive. Everyone who desires to pass a profitable evening should make a point of attending.

Death of a Clergyman.

Rev. J. B. Narroway, one of the best-known and ablest Methodist ministers in the Maritime Provinces, died at his residence, St. John, N. B., on Saturday evening. Rev. Mr. Narroway was seventy-four years of age, and a native of England. He entered the ministry in this Province in 1841, and was for a time stationed in Charlottetown.

Home for Interment.

The body of the late W. E. Hyde, of Halifax, arrived here last evening in the steamer St. Lawrence. Messrs. Hugh McMillan and J. K. Ross, brothers-in-law of the deceased, and his three sisters, accompanied the body, which was removed to the homestead at Cornwall, whence the funeral takes place this afternoon. The Halifax papers speak very highly of Mr. Hyde, and his many good qualities.

The Swedish Quartette.

Referring to the Swedish Quartette, which appears at the Lyceum in this city on Thursday evening, 21st inst., the Little Rock, Ark., Gazette says:

"A large and cultivated audience listened to a rare musical and literary program by the Swedish Concert Company. The work of the quartet was very fine, their voices harmonizing beautifully. The solo work of Mr. Elmslie, basso, was particularly good."

School Board Meeting.

At the special meeting of the City School Board held last evening, it was decided to open two new departments in the city schools, one in Upper Prince Street School and the other in West Kent Street School. Miss Gertie Currie was appointed teacher of the new department in the first mentioned school, but the appointment for West Kent School has not been definitely decided upon yet. The city teachers were granted leave of absence for three days to attend the teachers convention.

Hard Times for New Brunswickers.

A St. John despatch says: The steamer State of Maine arrived from Boston this afternoon with 119 passengers, a large number of whom were returning exodians. People in St. John are constantly receiving applications from relatives who have gone to the States for money enough to bring them home. One man, who threw up a good position in a King street store two years ago wrote to his brother from New York this week, asking him for money to buy food for his wife and children.

Island Railway Men Initiated.

Messrs. P. McCarron, Yardmaster; Frank Praught, Baggagemaster; Daniel Koughan, Brakeman, and George Tanton, Baggagemaster, were initiated into the Order of Trainmen at Moncton a few days ago; and Messrs. Richard Dougan and J. Yeo were initiated into the Order of Locomotive Engineers at the same place and on the same day. They all returned home last evening, with the exception of Mr. Tanton, who remained over visiting friends. All were well pleased with their visit, and with the manner in which they were entertained by the railway men of Moncton.

The Sealers Meet.

There was a meeting of sealers at Victoria, B. C., last week, at which the situation was discussed and the uncertainties in view of the almost unrestricted catch under the auspices of the United States Government discussed. They said that as the British authorities expressed satisfaction with the regulations it should indemnify them. A committee was named to draft a memorial setting forth where they tell ruinously to British Columbia interests and asking the British Government to buy their schooners and outfits at a reasonable compensation. It is possible that if there is any chance of modifying the regulations the memorial will not be forwarded.

The Scott Act Party Organized.

A large number of citizens assembled at the Y. M. C. A. last night to consider the advisability of again adopting the Scott Act in this city. A. McKinnon, Esq., was elected chairman. A number of gentlemen made short speeches emphasizing the necessity of immediate action in the matter. On motion, the meeting unanimously declared that the time had now arrived to put the question to the test of the ballot. A representative executive committee, which included the president of the W. C. T. U., was then appointed, with full power to take all necessary steps. Finally, it was moved that a subscription list be opened to collect funds for carrying on the work. This was done, and a large amount was subscribed on the spot. The meeting then adjourned.

Four Fold Knees.

The right kind of Hosiery has four-fold knees. The name is "ECLIPSE," and we have every size in them.

We never had a child's stocking that "took" like them. Hundreds of pairs have been sold, and everyone is delighted with them.

A DANGEROUS TIME!

This is a dangerous time of the year. Many persons do not begin to wear warm undervests until they have "caught a cold." When visiting our Hosiery Department to see the "Eclipse," ask to see also our new Hygiene Vests for Ladies. Our variety is so large we have something for you!

There are many, many things to tell you of to-day, but we will only add a word about our BLACK FIGURED DRESS GOODS.

They are very pretty!
They are very warm!
They are very cheap!

BEER BROS.

The Ride.

There will be a friendly shooting match at Kensington Range to-morrow (Wednesday) afternoon, at two o'clock, between a team of ten non-commissioned officers and men drawn from No. 1 Battery, G. A., and a similar team drawn from No. 2 Battery.

Information Wanted.

A well-known citizen desires to ask, through THE EXAMINER, "if it is true that the School Board have appointed a man to the position of janitor in West Kent Street School who has never 'fired,' and who knows nothing about the engineering work in connection with his office? Also if it is true that the boiler is eighteen years old and was condemned last year to carry no more than thirty pounds of steam?"

In Short Metre.

Court Avondale meets this evening. A full attendance of members is requested.

The schr. Clifton, of St. John, N. B., arrived here from New York yesterday, with a cargo consisting of 1425 casks of kerosene oil for Carvell Bros.

One assault case made up the docket at the police court this forenoon, which was adjourned pending the arrest of the defendant, who failed to put in an appearance.

Gave the Snap Away.

An amusing incident happened some time ago in one of the Paris courts of justice. A vain, haughty woman was called as a witness, when the magistrate asked her age. "Twenty-five last August," promptly replied the lady. The next witness was a young man who at once acknowledged that he was twenty-seven. "Are you related to the last witness?" queried the magistrate. "Yes, I am her son," he replied. "Ah," mused the magistrate, "she must have married very young."

Valuable Cow Shot.

The police should leave no stone unturned to find out who it was that shot the valuable cow belonging to Mr. C. Paul a few nights ago. Mr. Paul, when he went to the pasture for his cow, found her so badly injured that she had to be killed. The cow was a very valuable one. It is too bad if the person or persons who injured her are to be allowed to go unpunished. It is said that some boys carrying a gun were observed passing through the pasture field on the day of the shooting, and it is thought that they may know something about the affair.

High Prices for Postage Stamps.

According to an exchange the highest price on record, £680, has just been paid for two stamps—namely, the penny red and the twopenny blue of Mauritius, of 1847, with the words "Post Office" on the left side. There are only two other specimens of these stamps known in England, both of which are in the Tapling collection in the British Museum. In the world there are some fourteen known copies in all, but they are in collections of the highest repute, such as those of Baron Rothschild, Le Comte de Ferrary Legrano, etc., and are never likely to come into the market.

Parkland's Grand Work at Saugus.

The Boston Sunday Herald, referring to the colt race at Franklin Park on Saturday, says: "The colt race was the magnet that drew most of the crowd. Three of the colts, Plato, Alcyno and Glenmere, are owned in this vicinity, each with a personal following, whose claims in quiet confidence were confident and re-assuring. Stories of fast trials were rife, and each man, to judge from his tips, had a secret but abiding hope for the money. There was one colt, Parkland, from Parkside Farm, Summerside, P. E. I., which had no herald beyond two summaries in provincial papers, but they were warrant enough to make him a hot favorite with the practical public. He won out of hand in three straight heats, making a record of 2.34¼ in the second heat, and distancing two of his rivals. The performance makes him the best two-year-old ever bred in the Dominion of Canada, and one of the fastest colts of his age ever seen around here." Mr. Brennan's friends in this Province will, we feel sure, join with us in wishing his horses continued success. They have certainly made an exceptionally good showing this season.
