VALUABLE DISCOVERY.—A discovery of gold bearing quartz has recently been made in the mountains some miles from Moncton. Several samples have been assayed by W. R. Goddard of Sussex, some giving a large percentage of gold. The mine was discovered by a former resident of the mountains, who spent some years in mining in Nevada.

SHERWOOD CEMETERY.—The annual meeting of Sherwood Cemetery Company was held in McLod's Hall on Wednesday afternoon, at 3 o'clock. The Directors received a hearty vote of thanks for the interest taken by them in the management of the Cemetery, and they were unanimously re-elected.

CHRISTIAN REMEMBERED.—A few days ago Rev. William Lawson, of Alberton and Miminagash, who is about leaving for other fields of labor, was presented by his friends in Miminagash with an affectionate address accompanied by a nice set of harness. The Rev. gentleman acknowledged his address and presented it in suitable terms.

A VALUABLE PRESENT.—The congregation of the little Presbyterian church at Bridgewater received a genuine and pleasant surprise a few days ago. One of its members, William E. Anderson, a New York gentleman, but who has for the last ten years made his home at Bridgewater, presented it with a brick parsonage, and appurtenances, consisting of a large garden, several lots in addition, with a stable thereon and another building suitable for a Sunday school, and for church meetings.

LECTURE.—A Fairview correspondent writes: Rev. Mr. Sutherland, of Charlottetown, gave an interesting lecture in the New Dominion Presbyterian Church last Monday evening. There was a good audience present considering the bad state of the roads. Messrs. James McLeas, Dagald Currie and Dagald Bell made short addresses, and after a vote of thanks was tendered the learned lecturer the audience dispersed, all fully satisfied with what they had heard.

A NARROW ESCAPE.—Yesterday while Mr. James Bush, who in conjunction with Mr. William Hartz, has been doing some work in connection with Mr. R. B. Nerton's old saw mill building was removing a large stone weighing some 300 lbs., it slipped and rolled off the scaffold together with Mr. Bush himself. Owing to his adroitness he escaped what would not doubt have ended very disastrously for him. As it was, the stone crashed through the floor, breaking one of the joists and doing other damage. It is pleasing to learn that Mr. Bush escaped with only a scratch or two.

APPEAL DECIDED.—The Appeal of the Charlottetown Steam Navigation Company against the Summerside assessment, was on Monday last decided in favor of the town. The Company's appeal was based on the claim that it did not do business in the town, but on the high seas. But the Court decided against the Company, on the ground that its contracts were made here, that it had an office and agents here, etc. This was the last appeal in dispute, and decides the right and power of the town to assess corporations having their headquarters elsewhere but doing business here.—Journal.

Nineteen Boxes.

BRANTFORD, March 30.—The Examiner last week published an article on the case of Archie Rymal, of this city, which has caused considerable excitement in Brantford and district. It appears Mr. Rymal has had more than his share of suffering during the past few years, so far as he has run down from kidney disease that he had lost the power of his limbs and back. He could only get around with the aid of two crutches, or when assisted by kind hands. His death was daily expected. On the advice of his wife he tried Dodd's Kidney Pills, and took in all nineteen boxes. His improvement was marked from the second box. He is now completely cured, and a living testimony of the curative powers of that wonderful remedy.

Should the Bill Pass.—The thing—the practical thing—to do is to pass on the Bill to a second reading. Then let all good and thoughtful men join with good will to amend it. Great Columbus!

HAVE YOU SEEN PROWSE BROS' TREMENDOUS SHOW OF Children's Clothing and Hats?

If so, what do you think of it? What do I think? Well I just think if the public would study their own interests they would always buy from Prowse Bros. Their Stock is the Largest on P. E. Island, and their Prices cannot be touched by any competitor.

But, say, do they manufacture their own wool?

Why, no. The wool in their Clothing grows on sheeps' backs. But I see by some of their competitors' advertisements that they claim to have a larger stock of Clothing than Prowse Bros.

It's not true, then, for Prowse Bros., without a doubt, can show more Clothing and Hats than any two firms on P. E. Island.

Well, we will all trade there. But, say, did you hear they were going into the Carpet business?

Yes, they have their magnificent large room nearly full of Brussels and Tapestry Carpets, etc., already, and lots more to follow.

Now, don't you think Prowse Bros. should be encouraged? Why, my dear fellow, you can hardly get in the store for the rush.

Well, I would wait a week to buy what I need from them, and I mean to advise all my friends to go to the Wonderful Cheap Men for Clothing, Hats, Carpets, etc. Their clerks are all so obliging, and don't think anything a trouble. We will sound their praises from North to South and from East to West, all over the country.

WHAT'S THE HURRY, GOVERNOR?

WELL, what spare time I have at my disposal I propose to spend at the STAR TAILORING ESTABLISHMENT, as I want to get several Suits and Overcoats etc. before I leave for the Continent.

As you know, Americans travelling abroad always dress nice, and of course I want to uphold the style and dignity of the "Home of the Brave and the Land of the Free"; so this opportunity I must take advantage of to advertize the Star of the Hub of Canada.

The man is known by the company he keeps, so Poole of London, Bell of New York, and McKenzie of the Star Tailoring Establishment of the Dominion of Canada are always associated with what is elegant and strictly correct in dress.

Our aspiration has always been to present a faultlessly fitting garment—what is termed, a "correct thing" by our customers. Our success in attaining to that aspiration is attested to by our numerous customers from the Atlantic to the Pacific. To enlarge upon the quality of our goods is not necessary, as the same has become a common household word. Workmanship, etc., is in keeping with the reputation we have achieved. If you want for testimonials, ask anyone you meet. Prices at rock bottom.
