Legions Interested

CHARLOTTETOWN BRANCH of the Royal Canadian Legion is definitely interested in sponsoring an entry in the proposed Prince Edward Island Centennial Senior Baseball League, Chairman, chairman of the City Legion sports committee, said yesterday.

"We think this would be the season to start an Island League," said Charlie "Fry" Ryan, who is the only local who has been holding his own has been the Kings County League, and now this looks like our chance to build up baseball across the entire island."

The executive of the Kings County League proposed earlier this week a three team provincial league comprised of Summerside, Charlottetown and Kings County to play probably two games each week.

Nothing definite as far as we know has come out of Summerside regarding the new league, but we understand Town League president Wilfred MacNeill will call an executive meeting to consider the formation of a team.

The Summerside team would be "The Old Timers", (only old in mind) would make a good name for a senior ball team strengthened by some of the players from the Town League.

Ryan says if the Charlottetown Legion decides to enter a league they will be after the boys who are really interested in playing ball. "We don't want any of these guys who just hall their hearts into the game," said Charlie. "We'll want 100 per cent from everyone."

If the league operates, we understand there is a good possibility that night games under the lights will be played at Charlottetown's Memorial field. This would solve part of the big problem of transportation and bring out a lot of fans who would come to see the games.

This being Centennial Year, it might be a good idea that the persons interested in the league should call a meeting with Centennial officials to make sure the league would be in full co-operation with their plans. Perhaps they would be interested in putting a little money in a revolving fund pool.

Percy Taylor, Windsor; Wgt. Mike Sisco, Summerside; Capt. C. A. McChie, Charlottetown; Sgt. C. A. MacLennan, Alexandria; Tpr. Bob Barwise, Charlottetown; and Sgt. H. T. (Tommy) Vesey, York.

Off The Cuff

NGERIAN bantamweight boxer KOLAWOLE MUSTAPHA, 21 collapsed while taking a walk in hospital in Barcelona, Spain, Thursday. He fought in May when he outpointed Martin Hernandez of Spain. The Nigerian was hospitalized for three days again.

CHARLIE RYAN is negotiating with Boston Red Sox to have a baseball scholastic camp held in Charlottetown next month. Red Sox' DICK SELLER has been assigned to Canada and would likely be the man to conduct the camp.

The United Arab Emirates Olympic committee has barred AHMED TOUINI, president of the Egyptian Olympic Federation, said an Arab League committee meeting in Lausanne, said in an newspaper interview. "All Arab nations shall abide by an Arab League resolution not to participate in the Tokyo Olympics, because Indonesia is allowed to take part. This concerted action on the part of the Arabs is done in gratitude for the noble stand taken by Indonesia in the recent Asian Games in 1963."

Indonesia was suspended last year by the Olympic committee for barring Irian Jaya from the American Hockey League recently picked him up from New York.

Johnny Callison's two-run homer gave National League leading Philadelphia Phillies a 2-1 victory over New York Pinettes in the first game of a double-header Friday. It was the Mets' seventh straight defeat.

In the American League, Baltimore Orioles, aided by Ed Bressou's two-run homer, defeated Boston 2-1 in the first game of a double-header Saturday.

The National League game between Chicago and Pittsburgh was postponed because of rain.

In New York, Callison, who also singled and tripled off Larry Bearnarth, connected for his homer in the sixth inning, following John Briggs' single.

The Mets' Carl Willey pitched two-hit ball through five innings in the ninth when he struck out Bobby Wynn's short fly and continued to throw second, doubling Robin Amaro, who had kept running.

Deepsea Fishing in Nova Scotia

By DON ANGUS
HALIFAX (CP)—Men of the sea along the Nova Scotia coast are turning their sturdy craft into deepsea fishing charters for tourists seeking the thrill of catching a battling salt-water fish.

Deepsea fishing can be "a lot of fun for people who are not hooked in - the wool flycatcher," says Michael Knight, deputy minister of trade and industry, whose department initiated the program.

With inland salmon fishing on the decline, experienced skippers are giving tourists a chance to catch fish for sport. And the landing of a good-sized pollack or cod can be every bit as exciting as pulling a salmon trout from a stream, they say.

International sports fishermen had long sought Wedgeport, N.S., as the centre of a tuna fishing in North America but as fishing minister of trade and industry, whose department initiated the program.
