The first will be a grand concert, on Dec. 3rd. This is now in the hands of Mr. Earle who is preparing a highly interesting programme. The new Hall will be opened on that evening.

DEATH OF AN ODDFELLOW.—The flag on the Oddfellows' Hall is at half-mast to-day for Ernest Crawford, of whose death Mr. Benj. Bennett has been advised from Halifax. Mr. Crawford left this Province about twelve years ago, and for several years past he has been in the employ of Geo. Rockwell & Son, Boston. The Oddfellows have wired Halifax for particulars of the death.

HAD HIS REVENGE.—A novel revenge for his discharge was recently taken by an elevator boy in a big furniture store in Portland, Me. When everyone else had left the store he changed the price tags on all the furniture in the place, marking some things down in a startling way, putting high prices on common stock, and hopelessly mixing up things generally.

THE OLIVETTE.—The Olivette, which has lately been thoroughly overhauled at Halifax and put in first-class order for the winter service, was expected to leave that port this morning for Tampa, Fla., between which place and Havana she will ply until next summer. Captain Rouse, late third officer of the American liner Paris, will be chief officer of the Olivette, taking the place of Mr. Atkins, who will remain north for the winter.

Some "Ifs." IF we charged more for our goods than others, IF the quality of our goods was not up to standard, IF we did not offer some inducements to get and keep our customers, IF we did not use our customers well when they come to trade with us, Do you think our business would grow with leaps and bounds as it has? Just give this a few minutes' consideration and draw your own conclusions.

British Columbia's Salmon Pack. WINNIPEG, Oct. 27.—The total salmon pack of British Columbia was \$12,197 cases of 43 one-pound tins, an increase of 17,429 over 1994—a splendid result, as this was thought to be an off year. It is generally conceded in the province that the government's hatchery is largely responsible for this improvement in the fishery.

Kassala Invested by Mahdists. Rome, Oct. 26.—A despatch from Massowan, capital of Erythra, says 6,000 Mahdists have invested Kassala, which was recently captured from them by the Italian forces. The despatch adds that General Baratieri, commander of the Italian forces, has received a telegram from the government inviting him to ask for necessary reinforcements.

Canadian Horses in England. Toronto, Oct. 26.—The Evening Telegram's special cable from London says: Seven out of the twenty-five Canadian horses offered for sale at Aldridge Repository yesterday averaged 29 guineas each. Owing to the immense number of Canadian horses lately imported and placed upon the market, the demand was weak, and the prices consequently poor.

Berlin, Oct. 26.—A banquet was given to-night to commemorate the 25th anniversary of the capitulation of Metz, at which Emperor William made a speech. Prince Frederick, he said, had been permitted to see the fruits of the seed he had sown. His embracing spirit stood in close touch with the army. For what the cavalry could achieve to-day, thanks were due to his influence.

CONSTANTINOPLE, Oct. 27.—The governor of Bitlis has telegraphed to the Porte that armed Armenians attacked the mosques there, the Mussulman's assembled for Friday prayer. The latter were unarmed, and were obliged to defend themselves with stones and sticks. The troops and gendarmes were ordered to restore order. Many were killed and wounded on both sides.

A Disastrous Hurricane at Bermuda. HALIFAX, Oct. 26.—A cable from Hamilton, Bermuda, says: "We had a touch of a hurricane here yesterday morning, and considerable damage has been done. Houses were unroofed, verandas blown down, trees uprooted and foliage considerably damaged. Early groups will suffer. Telephone posts and wires are down in every direction, and the telegraph service is totally upset. At 8.45 a. m. the barometer registered 29.10. There have been one or two serious accidents."

The Situation is Grave Indeed. LONDON, Oct. 26.—The Standard says it finds it difficult to believe that the alleged treaty between China and Russia has been negotiated. Probably something of the kind is meditated and the statement floated as a balloon. Anyhow the suggested arrangement could not be allowed to stand, nor would there be any delay or hesitation in acquainting those concerned of the utter futility of the project. The Chronicle dilates upon the gravity of the situation. England, it says, can regard the question calmly, yet firmly, and await final news.

The Bedouins May Escape. JERDOD, Oct. 27.—The envoys who were sent to constrain the Bedouins who in May last killed the British first consul here, and wounded the British consul, the Russian consul and the French consular secretary while they were walking in the suburbs of the town, have returned with some shekhs from the interior. The shekhs declare the tribe to which the assassins of the consular officers belong will only yield them to a superior force. The general opinion is the attack will remain unavenged.

The War Cloud in the Far East. LONDON, Oct. 28.—The Graphic states that it has high official authority for saying that the report received by the Times from its correspondent in Hong Kong, to the effect that China accords Russia the privilege of anchoring her fleet at Port Arthur and of building railroads connecting Vladivostok and Port Arthur, bears

DISGUSTED! This Week

We believe that the people are now thoroughly disgusted with a certain style of advertising adopted by some of our merchants.

THEREFORE

we would suggest, for the good of the public, that any ad. offering goods worth 80c. for 50c., 40c. for 30c., 20c. for 16c., and so on, should be read with considerable thought, and if the reason for making such surprising reductions are not given, you are more liable to be fooled than get the bargain you expect.

As a merchant advertising to sell an article so much less than it is worth has some reason for doing so—either the goods are out of style, or old or shop-worn, or they will not sell at the first price quoted—and in that case it is the merchant who is getting the snap in selling them, not the public in buying them, as they may turn out to be very dear at the last price quoted. Such goods are often dear at any price.

NOW ALL WE ASK

is for you to come in and see our styles, examine the qualities, and get our prices on Men's, Boys' and Children's Overcoats, Reefers and Suits, believing that we are in a position to do better for you than any house in the trade.

Boys' Overcoats from \$2.00 up. Boys' Reefers from 90 cents up. Men's Overcoats from \$2.75 up. Men's Ulsters from \$5.00 up.
