ROBBERY OF A P. E. ISLAND MAN IN NEW-FOUNDLAND.—A subscriber at St. John's, Nfld, writes; "A man hailing from Summerside, P. E. I., while going from St. Andrews Church to the Clarence Hotel, was knocked down and robbed of \$370 in cash, by two unknown parties.—Moncton Times.

The project of an International Park at Niagara Falls, which was first proposed by Earl Dufferin, seems to be progressing satisfactorily. If it becomes a success, future generations of tourists will have reason to bless Earl Dufferin's memory for his wise and timely action in the matter.

ANOTHER beautiful assortment of velvet photograph frames and Xmas Cards expected next week at the Agricultural Store.—ROBERT MAY.—Nov 27, 2i

THE Agent General in London, for South Australia, has received a telegram stating that reaping has commenced in the northern district. It is estimated that there will be 375,000 tons of wheat for exportation.

UNCLAIMED GOODS, P. E. I. R. R.—William Dodd will sell at Auction at the P. E. I. R. R. Depot buildings, to-morrow, Friday, 28th inst., at 11 o'clock, sharp, a large quantity of unclaimed goods—an almost endless variety of articles. A good chance to secure prizes.

HEAVY FIRE AT RIMOUSKI.—At 8 o'clock, p. m., on Saturday, a fire took place at the Railway depot at Rimouski, destroying the station house, tank house, one snow plough and outbuildings. The Station Master lost the most part of his furniture. The loss is said to be estimated at from \$10,000 to \$12,000.

CHAPPELLE'S Prince Edward Island Almanac is a neat specimen of typography, and its contents are excellently arranged. Nothing regarding the "green isle of the Gulf" seems to have been omitted. It is published by Mr. Theo. L. Chappelle, of Charlottetown.—St. John Telegraph.

THE Sun says.—"With nearly thirteen hundred new buildings going up, her streets clogged with traffic, her merchants up to their eyes in business, her hotels full of buyers and her piers lined with ships, New York does not feel as unhappy about her alleged decadence as some of her seaboard neighbors seem to think it would be appropriate for her to feel."

BORN ON THE RAIL.—One of the emigrant passengers on the special train from Halifax, last week, when at Arthabaskaville, Quebec, was removed from the train to an hotel, and an hour afterwards delivered of a bouncing baby boy. The hotel is located within a few yards of the track, so that the youngster may fairly claim to have been "born on the rail."

CABLEGRAMS to the Mail state the intention of the Government to forbid the importation of fire-arms into Ireland. Beaconsfield has signified his intention of supplying large quantities of coal to the suffering tenants. The Government has commenced important drainage works near Shannon River, which will assist in allaying the agitation. The expenditure will involve one hundred thousand pounds.

THE HIGHEST INHABITED HOUSES IN THE WORLD.—In the United States a miner's house on Mount Lincoln, Colorado, is 14,157 feet high. In Peru, a railway village called Galera is 15,645 feet high. Near this place is the celebrated railway tunnel of La Cima, which is being bored through the peak of the mountain. The tunnel is 3,847 feet long, and is located 600 feet above the line of perpetual snow.

THE first case of corporal punishment that has occurred under the laws of North Carolina since 1866 took place a few days ago. A boy was convicted of assault upon a girl, and because of his tender years the Judge informed his father that he would not pronounce sentence if he would wallop his scion in the presence of the Sheriff. This was done with considerable vigor, and the boy doubtless will prefer in future to go to "a dungeon cell," to tasting again the paternal birch.

SAD news of the death of Mr. Richard Locke, comes from Winsloe Road. The facts of the melancholy occurrence, so far as we can learn, are: While Mr. Locke was engaged at threshing yesterday evening, the belt, by some mishap, flew off the fly wheel of the mill. A son of Mr. Locke's seized a plank and placed it under the platform to stop the mill. On doing this a splinter flew from the plank, struck the young man on the hand and cut off one of his fingers. Mr. Locke then took a fence pole and ran it through the fly wheel into the body of the mill. This caused the wheel to break and fly into fragments through the air. A heavy part of it struck him on the head and killed him almost instantly. Mr. Locke was sixty years of age. He was much respected, and the news of his death has cast a gloom over Milton.

ON Wednesday evening "Northern Light" Division, S. of T., at New Glasgow Road, presented a very pleasant scene on the occasion of the first official visit of G. W. Patriarch Beer. In the course of an able and exhaustive address the G. W. Patriarch enjoined upon all present constancy and fidelity to the pledge, and a strict adherence to the Constitution and Laws of the Order. Addresses followed from Bro. Seaman, Buchanan and others, thanking the G. W. Patriarch for his most reasonable visit, and wishing him every success in his labors during the term of his administration.
