

FOUR OF the nine members of the Mt. Stewart Fire Department who helped put the Red Cross blood donor clinics for the Charlottetown area "over the top" display their "gift of life" after completing their donations last night. FROM THE LEFT are: Fireman Clifford Doucette, fire chief, Eldon Glover, Capt. Emmett McKenna, and Fireman Alonzo Birt. There was 100 per cent response from the Mt. Stewart Fire Department which is composed of 17 members, 8 of whom were not eligible as donors.

Red Cross Donor Clinics Are Completed At Centre

This week's four-day series of Red Cross blood donor clinics for the Charlottetown area, held at the Confederation Centre, were most successfully completed last night with a total registration of 1276 donors on the 1140 quota — or a 111.8 per cent response. There were 143 in attendance at the afternoon session and 185 at the evening session, all of whom were put through in record time.

The only competitions in which the winners could be finalized last night were those at Prince of Wales College and St. Dunstan's University. The boys came out "on top" this time, at P.W.C. with 53 of them registering as against 46 girls. There were 16 additional students from St. Dunstan's who gave their donations at the Confederation Centre. This brought the University's total attendance to 182 on the objective of 180, and confirmed the Juniors as the winners of the inter-class trophy.

MOST GRATIFIED

A. Fremont Archer, chairman of the Red Cross blood donor committee for Charlottetown, stated last night that he was most gratified with the response, though disappointed that Charlottetown did not succeed in surpassing the record of 132 per cent established by Souris during the past summer. Souris is still "in the lead" for the Manning Trophy which they have won for the past two years. However, there is still another series of clinics to be carried out at Summerside, the R.C.A.F. Station, Borden and Kensington in November, so the final results of the province-wide competition will not be known until then. Mr. Archer extended thanks to all the donors, workers and supporters who were responsible for the splendid results achieved.

By and large, the pay increase percentages are at least double those of the last boost, announced early last year but retroactive to Oct. 1, 1964. The present increase is not retroactive.

Servicemen were briefed at 400 locations on the pay increase at about the same time Mr. Hellyer was holding his press conference.

Mr. Hellyer said the new pay scale compares favorably with that of industry so far as yardsticks can be established.

ALBANIA

The Albanian foreign minister's words implied expectations of a long war in Viet Nam. "The victories of the peoples will only be obtained through uninterrupted struggles and sacrifices," he said. "They will have their ups and downs."

He indicated Peking is willing to be in the United Nations, so long as it has the seat now occupied by the Nationalist Chinese. "The Chiang Kai-shek clique on Formosa has usurped the seat that rightfully belongs to the People's Republic of China."

He said China is the main obstacle to "Washington's plans to dominate the world, and this is the reason for the profound hostility of the United States towards it and for the redoubled U.S. efforts to enclose it."

WOULD ADMIT CHINA

Haekkerup made one of the strongest calls voiced by a West European diplomat at the current session for Communist China's admission.

ELECTION CASES ADJOURNED

Heavy Docket Is Heard In Georgetown Court

GEORGETOWN — A heavy docket was heard by Provincial Magistrate James B. Johnston, Q.C. at Georgetown yesterday. Representing the crown in all cases was King County Crown Prosecutor, G. Gordon Tweedy.

The cases of Laurie MacLure, Roland Butler and Cyril Butler all of Charlottetown, Julius Neilson of Halifax, Nova Scotia and William H. Burns of Summerside appeared before the court on charges of voting while unqualified in the last Provincial election. All cases were further adjourned to October 25 due to the fact that Supreme Court has before it a petition under the Contravened Election Act complaining of the undue election of George Ferguson and four of the five persons charged in Magistrate's Court voted in the electoral district in which Mr. Ferguson ran. The other case was originally a Prince County case which is being heard by Provincial Magistrate Johnston due to the fact that Provincial Magistrate W. Chester S. MacDonald disqualified himself from sitting on this particular case.

John Burke of Montague charged with assaulting Ralph MacLean of Peter's Road pleaded not guilty and the case was adjourned to October 13 to allow the accused to obtain counsel.

David Francis Horton of Iris charged with break entry and theft was adjourned to October 25 for trial.

CHANGES PLEA

Alphonus Henricus Johannes Schellekens of New Perth, charged to replace certain roof joists and boards.

Five ply of tar and gravel will be applied to the new roof section and a motorized fan ventilator will be installed in one of the wash-rooms, and five goose-neck type ventilators will also be installed in corridors.

The Unbeatable Bluenose

During the 20's and 30's the big clipper from Lunenburg, N.S., was acclaimed queen of the North Atlantic fishing fleet. Bluenose went on to become the most famous sailing ship of this century and so beloved by Canadians that her image is still kept bright on all Canadian dimes.

In the October issue of Reader's Digest Canadian writer David MacDonald tells the fascinating story of the ship that became the darling of Canada. Read how the Bluenose beat the best the British and Americans could offer—but ended her glorious career as a lowly cargo carrier in the Caribbean. Her passing, in 1946, was reported as a "national sorrow" and "the ignominy of her death, a national shame." October Reader's Digest is now on sale.
