5 Councillors Take Oath To Start New Civic Year

Medicine and business, housewives and lawyers, sat down together yesterday afternoon to start a new year of civic government after Mayor A. Walthen Gaudet swore in five councillors.

With a background of the replica of Confederation Chamber to remind them of the solemnity of the occasion, two strangers to City Council Chamber took the oath as three others who had served in swearing allegiance.

It was the first such experience for Councillors Frank Zakem and Dr. Douglas Macdonald, whose father and mother, Lieutenant-Governor W. J. Macdonald and Mrs. Macdonald, presided at the ceremony with their presence.

Following the brief swearing-in ceremonies, performed first for Mr. Zakem as the only one entering Council on rental qualification, all councillors took the oath in unison. The others were Mrs. Dorothy Corrigan, Arthur Gormley and Elmer Macrae.

COMMITTEES NAMED
After the brief formal procedure a short emergency session was held to confirm appointments to the various committees.

Few changes were noted as Mayor Gaudet remarked seniority generally prevailed and in most instances the councillors preferred to hold the chair.

Makaritis Turns Down International Force

CP from AP-Reuters
NICOSIA — U.S. Undersecretary of State George W. Ball's effort to sell President Makaritis of Cyprus a British-U.S. peace plan collapsed Friday.

Diplomats said Makaritis will present the Cyprus crisis to the United Nations Security Council.

The bearded chief of state-who has said that "when I have certain ideas I will not compromise"—rejected the proposal for landing of an international peace-keeping army outside UN control.

Ball said the search will continue for a solution to bring peace and order out of the communal fighting between Greek and Turkish-Cypriots.

Three Turkish-Cypriots were reported shot dead Friday. The Ball flew off in a U.S. Air Force jet plane to brief government officials of Turkey and Greece, necessary allies of the North Atlantic Treaty Organization, on the outcome of three days of discussions which he and a special British envoy Cyril Tucker conducted in Nicosia.

PURKED WAITS
Both U.S. and British diplomats strongly urged Turkey against independent intervention.

Turkish Premier Ismet Inonu nervous neighbors who had

four women employees and a lone horseman who walked in during the robbery to collect his pay.

All were tied. Sandy Gregory freed himself immediately after the assailants fled to a getaway car. He called an ambulance and the hospital notified police.

Authorities withheld the names of the employees and the hospital notified police. The bandits were still "potential killers." As a result, reporters did not get eye-witness accounts. A description of the car was broadcast by police forces but not made public.

Police did release descriptions of the wanted men. One is 30 to 35 years old, is five feet six inches to six feet with a sandy complexion and hair and slight to medium build. He wore a lawn or beige burberry-type coat, grey felt hat and sharp cut half-walton boots.

FORD MARKS MEETING HERE

Director of the P.E.I. Beef Producers' Association will contest the ruling of the federal ARDA people rejecting the proposal of the livestock marketing yards, and the argument will revolve for the most part on the reason given by the ARDA, which is that the right does not fall within a designated area. "This is a minimal amount," Mr. Scott said during a press conference to announce the scholarship program.

He said this was Ford's contribution to the 100th anniversary.

Roberts Shows Misgivings Over Canada Pension Plan

TORONTO (CP) — Premier Roberts expressed grave misgivings with the revised Canada Pension Plan Friday and called for a public inquiry into its provisions.

Mr. Roberts tabled in the Ontario Legislature a copy of a letter to Prime Minister Pearson in which he made it known that he was not in favour of the plan as completely unacceptable.

"While changes have been made in the original plan," Mr. Roberts said, "they are in line in accord with the representations that we have made."

One of Mr. Roberts' main complaints was that the Canada Pension Plan could not be integrated with existing private pension plans.

The federal government apparently is not prepared to accept the integration which could be accomplished, yet had made no suggestions as to how this could be worked out.
