On the Use of Campbell's Wine of Beech-Tree Creosote, in Diseases of the Lungs and Throat.

IN the South of France, where all persons threatened by Phthisis go to be treated; where Doctors Bouchard and Gimbert, the two specialists so highly recommended by public opinion, have experimented with all the proposed medicines against Pulmonary Tuberculosis, it is the one prepared to-day, and that which for ten years past have finally adopted, after many comparative experiences, based upon the anti-septic method, having specially in view the destruction of the Bacilli.

After a few days of the remedy, the expectation diminishes, and very soon one is pleased to witness the gradual disappearance of the Bacilli, the breaking off of the fever and the rapid recovery of appetite and strength.

When instead of confirmed Phthisis, Catarrh or Chronic Bronchitis has to be dealt with, the different forms of which may sometimes give rise to an uncertain diagnosis, they have always been cured. Those excellent results need not astonish us, if we consider the lucky natural associations of complete antiseptic and Balmic principles in the compound we now describe.

When our Wine shall have restored health, it will be well not to discontinue its use at once, and at all events to use it again about a fortnight before winter sets in, and at every change of season followed by damp weather.

DIRECTIONS.—A small dessert spoonful three times a day, after each meal, gradually increased to a large dessert spoonful.

N. B.—The use of Cod Liver Oil, as a powerful resistant to the remedial properties of the Wine, is recommended. Campbell's "Skret" Oil being the best, it should be taken.

UNPARALLELED!

WHAT? McLeod & McKenzie, Star Merchant Tailors.

MODESTY forbids us (to use a slang phrase) to blow our own horn, and as it is contrary to our opinion (according to the old proverb) when in Rome to do as Rome does, we shall endeavor, as heretofore, to present facts so undeniable as to be beyond the reach of dispute. True, people have gained for themselves a name (not an enviable one) which, to all appearances, served the purpose they had in view. But wisdom dictates, before posing as leaders in the great race for supremacy, that we should look well to the foundation upon which those assertions are based. To throw the mantle of charity over such people is our motto; and instead of revealing to the public gaze, through your columns, the errors into which they have fallen, we will endeavor to lead them gently into the light. That you will acquiesce in what we say, is a foregone conclusion, namely, as Fathers of the trade in this Province we treat the several branches of the trade in this city with the same consideration as a loving parent would his innocent offspring; and to this end we invite such traders to aim high and co-operate in elevating this, the first profession, to the high status to which it is entitled. In the meantime, call and see our handsome goods, in NAPS, MELTONS, SCOTCH TWEEDS, WORSTEDS, etc., made up in the latest styles and cheap.

AT LAST!

A Wonderful Vegetable Discovery That Removes the Terrible Results of Overwork.

A True Invigorator.

Weakness and prostration of the nervous system surely follow that overwork and worry which brings sorrow and suffering to so many Canadian homes. The terrible results of nervous weakness, are seen on every land. Pains in the back, poor and unrefreshing sleep, lack of appetite, dyspepsia, and lost energy and strength, are the first symptoms of more serious and danger.

A. Sabiston, the well known lithographer of Montreal, writes: "In the summer of 1888 I had to work very hard, and was troubled considerably with insomnia (sleeplessness). I resolved to try your Paine's Celery Compound, and after taking the contents of two bottles, felt like a new man. A good night's rest gave me strength for the duties of the day, and instead of starting out to business in the morning feeling as if I had completed a day's work instead of being about to commence one and strong. My wife and various friends, to whom I recommended the medicine, have been benefited greatly, and in fact 'Paine's Celery Compound is a household word in our family.'"

It can be given in a cup of coffee or tea without the knowledge of the person taking it; it is absolutely harmless, and will do a permanent cure, speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases and in every instance a permanent cure has followed. A never failing. The system once impregnated with the specific, it becomes a safe responsibility for the lower agencies to work. As a laxative, alternative, or purgative, these little Pills give the most perfect satisfaction.

\$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Catarrh of the bladder which they cannot cure.

SYMPTOMS OF CATARRH.—Pain, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, locking or coughing to clear the throat, expectation of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal or hoarse quality. In some cases, the patient complains of a sense of heat and burning in the bladder, and a constant desire to urinate, which is attended with pain and inconvenience. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above-named symptoms, are likely to be present in any one case. This disease is so common, more deceptive and dangerous, or less understood, than any other. By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "cold in the head," Coryza, and Catarrhal Headache. Sold by druggists everywhere; 50 cents.

"Untold Ago," from Catarrh.

Prof. W. HAUSER, the famous mesmerist of Utica, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. HENNING, 281, 1892 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months, I could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only safe remedy for catarrh now manufactured, and one who is only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

Ed. ROBERTS, Bureau P. O., Columbia Co., Pa., says: "My daughter had catarrh which she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for my daughter. In the morning she had a severe attack, and she told me that it helped her. A third bottle cured a permanent cure. She is now sixteen years old and has never had it since."
