CITY COUNCIL MEETING

Public Library and Other Matters Under Consideration.

The regular monthly meeting of the City Council was held last evening. There was a full attendance of members.

After routine business a delegation respecting the proposed public library was introduced. The delegation consisted of Mr. Justice Fitzgerald, Dr. Anderson, ex-Councillor Byrne, Rev. G. M. Campbell, Rev. T. F. Follerton, Col. Moore and Mr. Percy Pope. Judge Fitzgerald submitted a statement regarding the movement showing that \$1600 had been practically subscribed towards the library, (which was to be free) and asking that the Council vote \$250 towards the payment of a librarian.

Judge Fitzgerald spoke strongly in favor of the proposed library, as also did Mr. Byrne, Rev. Mr. Campbell and Mr. Percy Pope.

Councillor Crabbe gave notice that at the next meeting of the Board he would move that the sum of \$250 be granted towards the librarian's salary, as requested.

The resignation of Mr. John N. Campbell as police officer was accepted, and on motion of Councillor Horne Harry Matheson was appointed in his place.

Councillor Nicholson moved that Peter Bradley be appointed bailiff to the City Court at a salary of \$450. But the motion did not carry.

A proposition from THE EXAMINER Publishing Company, offering to supply the Council with 1000 copies of the July number of the Prince Edward Island Magazine for \$50, was laid on the table. It was pointed out that this number would contain much special matter bearing upon the Island as a summer resort.

On motion of Councillor Nicholson Dr. S. R. Jenkins was appointed a member of the City School Board in succession to Mr. J. B. Macdonald, whose term has expired.

A letter was read from Mr. L. P. Tanton complaining of the location of a telephone post which has been put down in front of his residence. The post, Mr. Tanton pointed out, has already damaged one of his ornamental trees, and he desires its removal.

Upon motion of Councillor Hooper it was decided that the erection of said post within ten feet of any shade tree in front of Mr. Tanton's residence should be prohibited. It was also decided that for the future all posts should be placed as far from ornamental trees as possible.

On motion of Councillor Crabbe it was decided to place three aneroid street lamps on Hillsborough Park, the cost of which would be \$50 for the year. The arc light now in the park is to be removed to Sellers' corner, and new electric lamps, at a cost of \$50 each, are to be placed at or near Boyle's bridge, near St. Peter's Church and on Water Street near the wharf.

On motion of Councillor McCarron the contract for supplying coal to the city was awarded to Mr. Augustus Down; and the tender of John McLeod & Co., for supplying the policemen with suits, was accepted, the suits to cost \$21 each.

Councillor Taylor gave notice of some amendments to the Curfew by-law at the next meeting. Adjourned.

Local and Other Items.

POLICE COURT.—Joseph Walsh was this morning fined \$2 or 10 days for drunkenness.

THE CAMPANA.—The steamer called here yesterday afternoon and left about nine at night. She had a general cargo both ways.

THE BOSTON BOAT.—The steamer Halifax will be due from Boston on Thursday evening. She will leave on return on Friday at one o'clock.

THE BONAVISTA.—This steamer will be due here this evening from Montreal. Tomorrow morning she sails for St. John's Newfoundland, via North Sydney.

SUPREME COURT.—The Supreme Court opens at Summerside to-day, Mr. Justice Fitzgerald on the bench. There are three criminal cases to be tried. The civic docket is light.

INDIAN RIVER TEA.—The congregation of St. Mary's Church, Indian River, propose holding a grand tea party on Tuesday, July 11th, the money realized at which will go towards the fund for the rebuilding of their church. Make arrangements to attend as the tea promises to be a grand success.

SALVATION ARMY.—Lieut. Colonel Margetts, the Territorial Secretary of the Salvation Army in Canada, arrived here on Monday and conducted a very interesting meeting in the barracks last evening. He will again be to the front tonight, when he will not only speak and sing but will dedicate the infant child of Ensign and Mrs. Miller. The public are cordially invited.

MONTAGUE ELECTRIC COMPANY.—The Montague Electric Company has elected the following directors: Geo. Wightman, D. A. McKinnon, Geo. Thompson, D. McKenzie and Patrick Kelly, Esq's. Mr. Wightman was elected President, N. J. McDonald, Manager, and John A. Stewart Secretary-Treasurer. It was decided to commence operations at once. The company expect to have the village lighted by August 1st.

A VERY SUDDEN DEATH.—The Summerside correspondent of the Guardian says: Mr. Tennis Gallant, a respectable resident of Summerside, died very suddenly yesterday afternoon. He was working with a number of others on a section of the P. E. Island Railway a little west of Summerside when he fell—apparently in a fainting fit. He was carried home and almost died instantly. He was about 50 years of age and leaves a wife and family.

CHRISTIAN ENDEAVOUR.—The first Dominion Christian Endeavour convention will be held in Montreal, beginning on the 5th October and closing on the 9th. The convention will be held in St. James' Church. The programme is now being outlined, and among the prominent speakers already secured are the Rev. Dr. Wilbur Chapman, of Philadelphia, and J. Willis Baer, of Boston, Secretary of the United Society. Both gentlemen are eloquent speakers. A social reception to delegates in Erskine Church, the beautiful Presbyterian edifice on Sherbrooke St., is proposed for the first night of the convention, and a grand Junior Endeavour rally with a specially attractive programme is being arranged for Saturday afternoon. Saturday morning, it is expected that provincial rallies will be held. A single fare rate for the round trip has been secured on all railways.

DISASTROUS FIRE.—On Saturday, June 3rd, a disastrous fire swept across the property of Mr. Henry Connolly, Brookvale. The wind being high the fire rapidly swept along the cross-fences of the farm, leaving nothing behind but the charred remains of the poles. Had it not been for the timely arrival of Mr. Connolly, the buildings on one of the farms would have been burned. He estimates his loss in fences at over two hundred dollars. The fire originated in a neighbor's woods adjoining Mr. Connolly's farm; but up to date very little has been found out as to who the guilty parties are. It is too bad that such miscreants are allowed to perpetrate such deeds on the public without being brought to justice. Even uninhabited houses do not escape the outrages of these candidates for Dorchester. The people of Lot 30 are warned to be on their guard against liars, who only cause disturbance among the neighbors, also fire bugs and house breakers should be given a chance to explain themselves before a court of Justice.—VERITAS.
