

Campanile states provide wide variety

A Country Garden

Forty-three trailer and camping sites spread through the Island give a wide range of choice to the touring camper or trailer addict.

Most of the parks are operated by the provincial government, six by the municipalities and 27 are privately owned.

Most of the parks, tourists will find, are fully equipped with water and electricity and there isn't a park anywhere on the island that doesn't have a beach or fishing hole near at hand.

Fees for provincial parks, tents, trailers \$1.00 per night.

PART OF PROUD HISTORY

Located in the scenic town of Montague the firm of Vere Beck & Son has formed an important part of its history. The largest monument manufacturing plant east of Montreal employs a total of thirteen skilled workers. We invite you while visiting P. E. Island to take a friendly journey to Montague and while there see the actual handicraft and skilled workmanship which goes into every Vere Beck & Son product.

Pictured at right is one of the craftsmen as he forms part of the operation of turning out a finely finished product. Cutting the stone is a work that requires the touch of a fine artisan. We are sure you will enjoy this part of the operation.

At the right is part of the polishing operation. This is required to turn out the high quality finish which makes something special out of the Rock of Ages and Memorial Stones which we specialize in.

The finishing touches are put on a stone as we complete the transition from high quality Vermont marble to a work of art to last through the years as a lasting memorial to your loved ones. Whether just visiting our fair Island or a resident we are sure you will enjoy a visit to our plant.

Best Wishes TO ALL Tourist Operators
