YOU ARE invited to the Gospel meeting in Philharmonic Hall Sunday afternoon. Everybody welcome.

SOME FLIES.—About half a peck of dead flies were gathered up for burial at Johnson's Drugstore this morning.

THE COILA.—The Coila arrived from Baltimore this morning. She brought a cargo of hard coal for C. Lyons & Co.

CITY COUNCIL.—The regular monthly meeting of the City Council will be held on Monday evening at the usual hour.

ST. PETER'S.—The Rev Mr Dixon, of St. Luke's Cathedral, Halifax, is in town, and will preach in St Peter's Cathedral tomorrow evening.

LADIES, clean your kid gloves with Josephine Glove Cleaner. It is not a liquid, leaves no color, and can be used while the glove is on the hand. For sale only at A W Redding's drugstore. tf

H. M. S.—Members of temperance societies on board H M ships in port will find a hearty welcome at the meeting of Sons of Temperance Monday evening in Wright's Hall, corner of Prince and Kent streets.

LOTS OF CHEESE.—Exactly 3,567 boxes of cheese were shipped to Montreal in the Campana yesterday by Mr Dillon. The cheese is for cold storage in Montreal. It is all June and July make, and it goes without saying that the quality is excellent.

GOSPEL MEETING.—Remember the Gospel meeting in Philharmonic Hall Sunday afternoon at 4 o'clock, conducted by the railway men. Strangers always welcome. Lesson — Psalms, 119-9, "Wherewithal shall a young man cleanse his way?"

BURGLARS AT TRURO.—The Sun says: Last night (Tuesday) burglars made an entrance into L. R. Rettie's hardware store on Ingles Street, by removing one of the gratings. They stole 3000 cartridges, six revolvers, a number of razors and knives. A. F. Ross & Co's. grocery store was also broken into and a quantity of fruit and tobacco stolen.

MARRIAGE BELLS.—A very interesting event took place at Cavendish on Friday evening, when Mr. James Arthur, of Rustico, and Miss Maggie Smith, teacher, daughter of Geo. Smith, Esq, New Glasgow, were united in marriage by Rev. Mr. Spurr. The contracting parties are well known, and their many friends tender congratulations and good wishes.

PROGRESSIVE WOODSTOCK.—The town of Woodstock, N. B., a few days ago took a vote on the question of expending ten thousand dollars on sewers, and the result was a majority in favor of the scheme. It was a property and popular vote. The property vote was, for sewers, $328,650 against $325,600; majority for sewers, $3,050. The popular vote was, for sewers, 205; against 79; total vote cast, 284.

ODDFELLOWSHIP.—The Grand Lodge meeting will be held at St. Stephen, N. B., on Wednesday next. The Encampment will meet at the same place on the previous day. The following representatives from the Charlottetown Lodges will leave here on Monday morning: Benj Bremner, Jas. R. McKie, John McNevin, John F. Whear and George Waller. They will be joined at Moncton by Mr. A. J. Houle, who left here this morning.

THAT WILL BE NICE.—The Moncton Times, in noting an excursion to be held on the Northumberland in a few days, says: Capt. Cameron has promised to make it as pleasant as possible for all on board, especially the ladies. It may also be stated that there is a piano on the upper deck and the purser of the boat, Mr Ryan, who is a very pleasant gentleman to meet, will assist all he can at singing and music on the piano.

BLOOD POISONING.—The Halifax Echo says: A nine-year old girl named Smith, daughter of James Smith, of Sambro, N S, had a needle run in her foot a short time ago, and it was in her flesh a couple of days before she managed to pull it out with her teeth. A little later the wound began to pain, and became so violent that she informed her parents. She was brought to the city and Drs. Gow and Purcell called in, but they found a bad case of blood poisoning. An operation was performed, but the poisoning had gone too far and the poor little child died yesterday.

THE ENGLISH LOBSTER MARKET.—The London Grocers' Gazette says: Lobsters are moving off freely at firm prices, with an advance of 6d to 1s per case on ordinary talls. There have been about 4,000 cases entered this week in London and Liverpool per the steamships England, Cambroman and Bostonian. Half pound flats and talls continue to be very scarce, and very high prices are being asked for what little is offering. We understand that there is only about half the pack of lobsters this year that there was last year.

A SENSATIONAL ESCAPE.—Last night a well-known character named Joseph Valley was arrested for drunkenness. This morning, shortly before the arrival of the Magistrate, Sergeant Bradley escorted Valley from the lockup to the police court, and after placing him in the penitents' quarters took a seat beside him. A few minutes later Bradley left Valley alone for a minute or so while he went into the clerk's office in the rear of the courtroom. As soon as Valley got the officer's back turned, he made for one of the windows overlooking the yard, which was open for ventilating purposes, and jumped to the ground, a distance of about twenty feet. When he struck the ground Valley fell and rolled over under a cart that was near by. He soon pulled himself together, however, and made a break for the street, the officer catching a glimpse of his coat-tails as he was passing out through the gate. The last seen of Valley he was moving in the direction of Brighton at a Jo Patchen pace.

NAVAL NOTES.—H. M. S. Crescent will remain in port until Friday next. From Charlottetown she will go to Gaspe and Quebec.

The Magicienn is expected here this afternoon about four o'clock.

His Honor the Lieutenant-Governor and Lieut. Col. Moore were among the visitors to the Crescent this forenoon.

His Worship Mayor Dawson also visited the Crescent to-day.

The Charlottetown Tennis Club have very kindly placed their courts at Victoria Park at the disposal of the officers of the Crescent during the ship's stay in port.

There will be a cricket match at the Park on Thursday afternoon, between a team from the Phoenix Cricket Club and a ship's team.

Captain Powell, of the Crescent, was here about fifteen years ago in the Bellerophon. It is said that he was also here in the Argus some years previous to that time.

There were a good many blue jackets ashore last night, and they made the streets look lively. A number of them visited the merry-go-round and made things lively in that vicinity.

Visitors to the Crescent or Magicienne will find the boats Dart and Canada at the west end of Pownal Wharf.

DR. HARPER'S LECTURE.

The public were invited to a lecture in St. James Hall last evening, and those who responded to the invitation were treated to a whole entertainment. Dr. Harper, whose friends here are delighted to see him once again, was in excellent form; and the stereopticon illustrations of his lecture are among the best, if not the best, ever seen in this city. But besides art, Dr. Harper called to his aid music and literature. The Scottish songs sung so well by Mrs. Roome, Mr. Bell and Mr. McKay, and the capital recitations by Miss Flora McKenzie and Miss Nora Reid, helped materially to heighten the vivid pictures drawn by Dr. Harper of the Rob Roy Country. The lecture is interesting and instructive to every one—particularly to the Scotch. Dr. Harper was a good public speaker when he lived here years ago; and he has greatly improved during the time which has passed since then.

Rev. A. C. Crews, General Secretary of the Epworth League of Canada, will preach in the Second Methodist church to-morrow morning and in the First Methodist church in the evening. He will also give an address Monday evening in the First Methodist church. Mr. Crews is one of the most eloquent of the rising ministry in Canadian Methodism. He attended the C. E. Convention at Boston and his address on that occasion was enthusiastically received. He has recently visited St. John and last Monday he spoke in the Centenary church. The St. John papers are unanimous in reporting his having interested and delighted audiences. His visit here will be a helpful inspiration to all League workers. Be sure and hear him if possible on all three occasions. Rev. Mr. Crews is the guest of Wm. Hearn, Esq.

LETTERS TO THE EDITOR.

PUBLIC OPINION SPEAKS.

MR. EDITOR,—The fact that the Hon. J. J. Curran, Solicitor General of Canada, has been meanly and unmanly attacked in the columns of the leading Grit organ of Nova Scotia, the Halifax Chronicle, is quite sufficient to show that his opponents are afraid to combat his views on leading questions openly and in a manly way. It is, therefore, pleasing to hear that Mr. Curran's Conservative friends purpose to present him with a requisition, asking him to address a Charlottetown audience on the leading party questions affecting all classes and creeds in the Dominion. That Mr. Curran is an orator of no mean order has been fully demonstrated on previous occasions, and we have no doubt that his address in Charlottetown at an early day will be a rare treat. The suggestion of your correspondent "Fairplay" on this point is timely, and endorsed by every fair-minded man in the community. A speech such as Mr. Curran is capable of delivering is just what is wanted by the people at this juncture.

PUBLIC OPINION.

THE CRESCENT. — Parties wishing to visit H M S Crescent can secure passage from the Steam Navigation Wharf at any time. Good boats and convenient landing place. a10 3i

THE WORLD OF SPORT.

The Wheel.

Eastport, Me., according to a local newspaper's unsworn statement, has a male resident 89 years old who rides a bicycle.

William H. Savage, of Harvard, Mass., who is 75 years old, recently took a 393 mile trip on his bicycle, riding to Rockland, Me.

The Rev. J. H. Messenger, of the Hope Baptist Church, Albany, has been forced to resign, owing to his fondness for riding a wheel.

There will be an entrance fee of $1 in each bicycle event at the Labor Day sports; $2 in the hose reel race. The ¼ mile, 220 hurdles, 100 yards and half mile are free, and open to all-comers.

The handsome gold and silver medals won by Cannon and Unsworth in the bicycle races at Summerside recently, are on exhibition in the show window of Reddin Bros.' drug-store. They are well worth calling to see.

Fred W. Young of the Anthenaeum bicycle club, Toronto, having decided to enter the professional ranks has challenged John S Johnson to a series of match races for $100 a side and biggest purse offered, winner to take all.

Speed is not the test of ability in cycling. The rider who has learned to lay out his strength to the best possible advantage, and who treads his way without perturbation through crowded thoroughfares and never meets with an avoidable accident, has a sound claim to being called expert.

The Turf.

The time in the race between Jo Patchen and Robert J, at Buffalo, N Y, on Thursday, was 2.04¼, 2.04¼, 2.05¼, 2.06¼.

Mascot won in the race at Buffalo, N. Y., yesterday. It took five heats to close the argument. The best time was 2.06.

Mr W S McKie, of Charlottetown, has entered Provider in the 2 35 class at the fall meeting of the Calais, Me, Driving Park Association.

Pittsburg Wilkes defeated Almontine in straight heats at Philadelphia on Thursday. It was a match race for $1,500 a side. It is estimated that $15,000 changed hands. Pittsburg Wilkes has a record of 2.16¼, and Almontine of 2.19¼; but the latter has developed recently and was a strong favorite, the odds being $25 to $15.

The Ring.

George Godfrey, known as "Old Chocolate," is not convinced that his days as a boxer are over. Godfrey wants to get a whack at some of the purses now in sight, and doesn't mind whom he tackles, as long as he receives a sufficient inducement. He has been asked to box Jim Hall 20 rounds at Baltimore, and has consented.

The Rifle.

A militia general order has been signed at Ottawa for headquarters drill of city corps and artillery. The officers and men are to be paid only for eight days instead of twelve, a matter of economy. The dates will be fixed at each headquarters.

Yachting.

Newport advices state that the Defender defeated the Jubilee over the 21 mile triangular course off Brenton's Point, by nine minutes, 19 seconds, on Thursday. The Defender seemed able to do whatever she pleased with the Jubilee, although the Boston boat was in excellent trim.

Cricket.

A cricket team from Charlottetown will leave here for Moncton on Friday morning next to play a match with the Moncton Club.

The Chicago Presbytery has declared in favor of the use of unfermented wine in the celebration of the Lord's Supper. The main argument appears to have been that it was not consistent for the church to condemn the use of intoxicants from the pulpit and make use of them at the Communion table. The theory that the wine mentioned in the New Testament was unfermented juice of the grape was not advanced.

It is satisfactory to note that the Garden of Eden has again been located, this time in Africa, near the banks of the Nile. W. Marsham Adams is the author of this latest discovery, and he has published a book in which he convinces himself that he is right in his identification of the long-sought cradle of the human race. As do all previous locations, his agrees exactly with the description in Genesis, but he finds further confirmation of his discovery in the traditions of Egypt.

The great Chicago drainage canal, when completed, will take away from the lake six hundred thousand cubic feet of water per minute, and will seriously interfere with navigation on the St. Lawrence.

THE POPULAR thing for gentlemen this seems to be the "*Tyke*" serge. Almost every tailor finds it in great demand, but before buying see that the Registered Trade Mark "*Tyke*" is stamped every 2¼ yards. None other is genuine.

NEW YORK, Aug. 8.—A special from Jacksonville, Fla., says E. A. Smith, a barber, who came here about two months ago, dropped dead Monday. It has since developed that he had married seven women, and there will probably be a lively fight among them for his property.

POSTAL PAYMENTS.

Regarding the alleged addition of $100,000 to the post-office payments to the Canadian Pacific Railway, it has been explained by the Mail and Empire that Parliament votes two millions odd annually for the mail service. It does not particularize the directions in which this money is to be spent. The postal law, however, says "the Postmaster-General may, with or without previous advertisement, contract with any railway or steamboat for the conveying of the mails; but all contracts involving payments of a larger sum than a thousand dollars shall be submitted to the Governor-in-Council." Now it is evident, in the first place, that Parliament has voted money for the carriage of the mails; and, in the second place, that the order-in-Council was not an over-riding of the Parliamentary control of the supplies, but a compliance with the statute which provides that if, in the expending of the money, a contract necessitating a larger outlay than a thousand dollars shall be entered into, the Governor-in-Council, and not the minister alone, shall ratify the arrangement. As a matter of fact, the Government cannot spend by order-in-Council money that Parliament has not voted. The Auditor-General sees to it that no such unauthorized outlay is made.

The two great mail carriers are the Grand Trunk railway and the Canadian Pacific. For each road a scale of rates is in force. The rate for the main line of the Grand Trunk Railway is $160 per mile per annum, and for the branches $80 per mile. As regards the Canadian Pacific the rate is $105 per mile for the main line, or $55 less than to the Grand Trunk, while for the branches it is $37 per mile, or $13 less than the Grand Trunk. These figures will bear comparison with those paid elsewhere. The United States gives $200 per mile for the carrying of the mails on the Northern Pacific; $460 per mile for the same service on the Southern Pacific; and $680 per mile for a like service on the Union Pacific. It must be remembered that the railways are required to provide mail cars, and that every mile for which the lump sum is paid yearly has to be traversed several times a day. The Canadian Pacific has, it seems, sought an increase in its rates, on the ground that it is paid much less per mile for its service than is the Grand Trunk. Its statement the situation is true. Until the details of the new contract are produced, when alone it will be possible to judge how much of the added payment is for new milage and how much for the original mileage, an opinion as to the desirability of the advance cannot well be formed. But certainly a prima facie case in behalf of an addition has been made out.

HONG KONG, Aug. 8.—A great indignation meeting was held last night to protest against the massacre of Christians by the Chinese. Among the resolutions was one expressing disgust at the apathy and indifference of the British government in failing to recognize the gravity of the situation, and for not taking adequate measures to protect British subjects.

HALIFAX, N S, August 8—It is understood the Merchants Bank of Halifax will call up the balance of its capital, amounting to $400,000, payable in monthly instalments beginning about September.
