FREE CHURCH OF Scotland Services Tuesday, Oct. 4th, 8:00 p.m. Rev. J. H. Bishop, minister.

ENGAGEMENT Mr. and Mrs. Chester Craswell wish to announce the engagement of their daughter Shirley Carolyn to Norman Wilfred, son of Mr. and Mrs. Cyrus Corish, Southport, P.E.I. Marriage to take place the latter part of October.

ENGAGEMENT Mrs. James P. MacLeod of Mount Hope, announces the engagement of her daughter, Christine Margaret, now of Boston, Mass., to Thomas Francis O'Connell, son of Mrs. Raymond Denault of Piquet, Mass., and the late Mr. Francis O'Connell. Marriage to take place the latter part of October.

FUNERAL MONDAY—The funeral of the late Frank C. Jardine was held Monday from his residence, 85 Hillsboro Street, to Trinity United Church where service was conducted by Rev. A. Frank MacLean and Rev. Dr. A. S. Weir. The interment was in the People's Cemetery. The pall bearers were six nephews, Arthur Coffin, Robert Farquharson, Arthur Farquharson, Frank Jardine, Ernest MacEachern, Melvin Jardine.

FUNERAL MONDAY—The funeral of the late Angus N. MacInnis was held yesterday afternoon from his residence on Elm Avenue. Service was conducted by Reverend A. Frank MacLean assisted by Reverend H. L. Mitton with a solo by Mrs. A. H. Roper. Interment was in the People's Cemetery where, following committal service by the Ministers, the Sons of England service was carried out. The pall bearers, nephews of the deceased, were Wilfred Cudmore, Brian Cudmore, Eric Cudmore, Ernest Carr, Ralph MacInnis and Neil MacInnis.

L.O.D.E. MEETING—The regular monthly meeting of the Lucy Maud Montgomery Chapter of the I. O. D. E. was held at the home of Mrs. Ian Rankin with 22 members in attendance. It was decided that the chapter would adopt village Green School. The cake sale held in September was reported a success. Various conveners of committees were heard from, and a rummage sale was planned for the near future. Christmas stockings will be filled for needy children. After the business meeting a very held luncheon was served by Mrs. Alan Andrew and Mrs. Robert Youker.

JUNIOR Y.P.U.—The Junior Group of Trinity Y. U. P. met last evening in the Social Hall of the Church. The meeting opened with a lively program of recreation led by Earl Warren and Allan Anderson. A filmstrip "It's Up To You" explaining the Y. P. U. set-up was shown by David MacDonaid. This was followed by a film entitled "Feeling Left Out". The business period was conducted by Charlie Prizell. Plans were made for the formation of a Y. P. U. choir. A nominating committee comprising Ralph Wright, Wayne MacDonaid, Nellie MacBeth and Ruth Dollar was appointed to bring in a new slate of officers for the new year. The worship service was led by Ethelene Barbour, Nellie MacBeth and Don Barbour. Theme for the service was "Making the Bible Known".

LODGE BIRTHDAY—At the close of the regular meeting of Memorial L.O.B.A. held on September 23rd, a large number of members and friends gathered to celebrate the 37th Anniversary of the lodge. The evening was spent in singing, instrumental music, and humorous readings after which lunch was served by the committee in charge. The beautiful Birthday Cake donated by Mrs. Catherine MacDonaid of Moncton, was the centre of attraction, this was served with ice cream. There are only three charter members living and two of these were present, two sisters, Mrs. Mary MacDougal of Charlottetown and Mrs. Julia Hall of Summerside. Mrs. Mary MacLean, the other charter member and organizer of the lodge, is at present living in Toronto. She was remembered with a portion of the birthday cake.

Rev. Mr. Rees Guest Speaker At Rotary

Rev. Richard Rees of Tunbridge Wells, England, a priest of the Church of England who is devoting his life to the field of evangelism, was guest speaker at the weekly luncheon meeting of the Rotary Club at the Charlottetown Hotel yesterday.

The speaker described the life of a minister as not a gloomy one but one of satisfaction and enlightenment by helping people learn to live. "The individual who allows those two awful eternities of yesterday and tomorrow to close in on him and burden him is lost; so let us live today and put our lives in the hands of God and His son Christ," the speaker said.

John Simmonds was retired from the presidency of the Stork Club and was succeeded in that honourable position by George Fisher.

Four new members were inducted into Rotary by George Walters and President Frank Cuplis. The new members are: Robert Pitt, Rev. Ben E. Rogers, Banking, Rev. T. H. B. Somers, Religion and Clair Hodgson, Railway Express.

Tom DeBlois was chairman of the meeting and Frank Jelks co-chairman. Guests of Rotary were: Rev. J. E. Ibbot, Major T. E. McNutt, Rev. Abner J. Langley, Halifax, B. D. Stevenson, Halifax, Hon. Ragslan, Jack Anderson, W. T. Green all of Charlottetown, W. H. Stewart, Los Angeles, Calif., Rotarians were J. C. Preston, Brantford, Ont., Dan H. MacDonald, Toronto, A. Gauthier, Sherbrooke,

Town Planning Activities Reviewed At Convention

"Our greatest asset is our people", said Mr. Gordon Elman of Sydney, N. S., who told delegates of the Town Planning Convention of steps that the City of Sydney are taking in order to remedy an economic condition caused by a decrease in the demand for coal.

The City and Industrial Development Co. Ltd., is an organization made up of shareholders who were willing to contribute \$126,000 of their own money in an endeavor to promote the industry in an area where only the basic industries of coal and steel existed.

The primary objective of CIDCO explained by Mr. Elman was to relieve unemployment. Some new industries that the company has in mind are the manufacturing of mattresses, the making of furniture along with the expansion of the present industries of coal and steel. In closing, Mr. Elman pointed out the potential of the tourist trade in the Maritimes and urged all present to do everything in their power to see that this industry was promoted to the fullest.

NEWFOUNDLAND
A clear cut picture of Town Planning in the City of Corner Brook, Newfoundland was given by the Mayor of that place, Mr. Allison Bugden, who made comparisons between the areas laid out by the Bowater Paper Company and that settled by the people on land acquired from private landowners.

The former he said was in a state of orderliness while a state of chaos, in so far as sewage and sanitation existed in the fringe areas. He said that it has already cost the City \$40,000 for sewage for these outer areas and it is expected that a similar amount will be needed to bring the place up to normal standards. Mr. Bugden said that one of the greatest

L.Y.C. Meetings Are Resumed

Two spirited discussions were held at the opening sessions of the Ligonian Youth Club held last evening at the community centre with a large attendance. The first subject was "Should all industry on the Island be unionized," the second question being, "All things considered is there more opportunity on the Island than away."

Chairman of the discussion was Lorne Hennessey and the names consisted of Carl Proude, Robert Trainor, Lois Hennessey, Alice Trainor and Paul LeClair.

The music for old time and modern dancing which followed was supplied by Eddie Arsenault. Ample refreshments were served by the club for the coming year: Carl Proude, President; Robert Trainor, Vice President; Alice Trainor, Secretary; Lois Hennessey, Treasurer.

N.B. Favors

of building the trans-Canada highway instead of splitting these with the participating provinces.

FAVORS RENEWAL CLAUSE

"We in New Brunswick have no quarrel with other provinces — no quarrel with the federal authority. We are not coming, hat in hand, to this or any other conference table.

"Yet, we know that we represent an important principle far beyond considerations of area, population and voting strength in its importance.

"It is the principle of justice and equity and no federation of any kind can survive without it." Mr. Flemming said the tax rental agreements under which the provinces rent their income, corporation and succession tax fields to Ottawa, should contain a renewal clause to protect the provinces.

On federal assistance for national resources development, he said:

"The government of New Brunswick feel strongly that vigorous action must be taken to decrease the present disparity between the level of economic development in New Brunswick — indeed in the whole of the Atlantic region — and in the rest of Canada."

ABOLISH POTATO TARIFF

He suggested that Ottawa make low-interest loans to the provinces for approved natural resources development projects, limiting a loan at any one time to \$200 per capita.

Not only should the federal government assume full financial responsibility for construction of the trans-Canada highway, but also should build and maintain highway systems between the provinces and between important points in the United States and Canada.

Mr. Flemming proposed that all tariffs on potatoes moving between Canada and the U.S. be abolished. Until that was accomplished, tariffs on U.S. potatoes shipped into Canada should be as high as duties on Canadian potatoes going to the U.S.

On health insurance, Mr. Flemming said:

"The government of New Brunswick strongly endorses the principle of health insurance. However, provinces with a low per capita income will require commensurately greater assistance from the federal government than the provinces with a high per capita income."

Que. v. Gordon Elman, Sydney N.S., W. C. Burgoyne, St. Catharines, Ont.

LEGION FUNERAL

For our late comrade, John F. Mullins from his late residence, 34 Elm Avenue at 8:40 Tuesday morning to St. Dunstan's Basilica.

problems to be overcome was that of indifference on the part of the residents of the unplanned area but co-operation that eventually remedial measures could be effected.

TRAFFIC

Inattention and lack of training were given as the two principal reasons for most of the smaller accident caused among motorists in the province. This was the information disclosed by Mr. Phillip Barlow, examiner from the Motor Vehicle Branch who also disclosed that for the past eight months, accidents of a minor nature have cost motorists of Prince Edward Island on the average of \$22.70 per month.

Executive Of P. E. I. Music Festival Meets

A meeting of the members of the executive of the P.E.I. Music Festival Association, was held last evening in the Y.M.C.A. with Mrs. Preston Beck, president of the Association in the chair. Routine business was transacted, which included the reading, by Miss Mary Donahue, Assistant Secretary of the minutes of the annual meeting. Reports of various committees were submitted by the committee conveners, and all showed eagerness of interest in the promotion and progress of the work of the Association.

One of town members of the executive present, Mrs. Elhan Stewart, Vice President (Kings County) and Mrs. Archibald Hume, Chairman Membership Committee (King County), both of Montague; and Mr. John Leuty, Vice President (Prince Co.) Summerside.

The date for 1956 Music Festival in Prince Edward Island was announced and will be from May 3rd to May 8th inclusive. The following three adjudicators have agreed to be present: Mr. Conrad Mitchell for whom this is a return engagement; Dr. Leslie Bell, and Mr. Boris Toubakine.

Additional classes have been added to the syllabus, and it is felt that the addition of these classes will stimulate greater interest, especially in rural or suburban areas. These classes are: choral classes for Women's Institutes, 4-H Clubs, and for Junior Farmers' clubs; a four part rural calyx; an accompanist Class and a quick study class.

Mrs. Gordon MacMillan, chairman of dance committee asked about Scholarships for entries in folk dancing and ballet. Nothing definite was decided in this matter.

The first Monday in November was set as the date for next meeting which will be a membership meeting, when Delegates will present reports of the meeting in Halifax of the Federation of Music Festivals.

Second Service In Current Mission Series

St. Paul's Anglican Church was filled almost to capacity last evening to hear the noted English evangelist Rev. Richard (Dick) Rees in the second mission service "This Is The Way". The service began with hearty hymn-singing of familiar hymns.

Mr. Rees took as the scripture lesson for the evening excerpts from the first five chapters of Genesis. Mr. Rees delivers the gospel message clearly and sincerely. He began his sermon by saying that man was made in the image of God but through his disobedience man and the world in general "got wrong with God".

Then by illustration Mr. Rees gave the solution to correct this state that is "When man is right, the world is right". When man is wrong with God, he is wrong with himself, his neighbour and the world.

In closing Mr. Rees pointed out that Christ asks us that question "Will you receive me and will you be true to me" in the same manner as man and woman take their marriage vows. The answer is "I Will".

SOME GRANTS UNWISE

OTTAWA (CP)—Federal grants for all sorts of provincial programs are impractical and unwise, Prime Minister St. Laurent said, Monday at the opening of the federal-provincial fiscal conference.

The federal government feels it should share only in special projects which justify federal spending on broad national grounds, he said.

Mr. Rees said that the province of New Brunswick should be given a grant to help pay for the cost of the highway through receiving Christ he is drawn upward to God.

In closing Mr. Rees pointed out that Christ asks us that question "Will you receive me and will you be true to me" in the same manner as man and woman take their marriage vows. The answer is "I Will".

GUESTS AT CONFERENCE RECEPTION

Pictured above are a group of the guests who attended the reception held in honour of the visiting delegates to the regional Town Planning Conference in session at the Charlottetown Hotel yesterday.

Continued from page 1

Premier Says

The province exports three-fifths of the Canadian total potato exports, and over a limited quota, these potatoes are subject to United States tariff provision. At the same time, the Prince Edward Island potato grower must buy his machinery and fertilizer in a market protected for the Canadian manufacturer.

The Premier complained that in the renewed tax rental agreement of 1952, the federal government made no recognition of the fiscal needs of a province nor of its tax-raising capacity. If the moneys collected by the federal government are returned to the provinces only in proportion to population, there will still be decided inequities. Those provinces with high tax-raising capacity will gain and those with less capacity will lose.

Mr. Matheson told the conference that since 1948, expenditures for provincial services had increased by 100 per cent. With its low tax-raising capacity, the province is not in a position to meet the demand for increased governmental services without imposing an intolerable burden on the people and industries of the province. Emphasizing this situation, the Premier said:

"Some special adjustment or formula must be made with respect to the province of Prince Edward Island. The incidence of the Canadian tariff upon the economic life of this province has contributed materially to its low tax-raising capacity through the drain upon its annual income and the burden imposed on its export industries. The financial problems of the government, both now and in the future, can only be met satisfactorily by a substantial increase by the federal government in its annual payment. By way of an equalization grant or some other means in order to meet the province's fiscal needs as they arise."

It is incumbent on the federal government, Mr. Matheson said, to aid the province in its program of construction of permanent highways. This has become the more urgent he pointed out, because of the withdrawal of certain railway services in the province. There is precedent for highway assistance in the federal government's aid for highway building in 1919.

In the sphere of public works, Mr. Matheson told the conference that the federal government should make known to the provinces what type of program or projects federal authorities intend to build. Further, federal authorities should enter into agreements to assist the provinces on works projects.

APPEALS FOR AID

Appealing for federal aid to education, the P.E.I. premier said that if young Canadians are to make a contribution to the productive capacity of Canada as a whole, they must have a proper start in life. This can be possible only by the federal government equalizing the educational opportunities across the country.

Of this point, Mr. Matheson said: "We believe that Prince Edward Island could increase its contribution greatly to the Canadian economy in general, as well as the economy of our province in particular. If our educational facilities were improved to a reasonable standard comparable with the Canadian average."

His government, the Premier said, is prepared to concede that federal assistance to education may take the form of conditional grants contingent on the maintenance of minimum, educational standards, but grants on a dollar-for-dollar basis he said, will not meet the situation.

Card Of Thanks

Mr. and Mrs. John D. Cameron of Cameron Settlement, Guysborough County, N. S., wish to thank all those who helped out in their recent bereavement in the loss of her brother, Simon MacDonald of Souris.

Will Install Refrigeration On W. I. Ships

MONTREAL — Installation of refrigeration facilities in five Canadian National (West Indies) steamship freighters to permit the carriage of perishable traffic would be beneficial to both Canada and West Indies shippers and would be economically justified. More than 3,000 cubic feet of refrigerated space will be provided in the Canadian Leader, Canadian Highlander, Canadian Victor, Canadian Observer and Canadian Conqueror. It will be additional to present general cargo capacity. The vessels operate between Montreal, Halifax, Saint John and Nassau, Jamaica and Santiago and other parts in the Caribbean.

The other ships in the fleet are the passenger-cargo vessels Canadian Cruiser, Canadian Challenger and Canadian Conductor operating between Montreal, Halifax, Saint John and Bermuda, the West Indies and British Guiana.

"Our decision to remodel the ships to handle perishable traffic said Mr. Sauve. "Follows a careful analysis of the opportunities for establishing new markets for Canadian and West Indies products. It showed that the new service would be beneficial to both Canada and West Indies shippers and would be economically justified."

Work on remodelling the five 4,500-ton vessels will be done while the ships are in port, without interruption of their regular sailings, with the modification for handling perishable traffic.

Predicts Biggest

"Industry is up 7.6 per cent in May, manufacturing up 7.6, mineral output 6.5, textiles up 20 per cent, construction up 33 per cent, homes financed under NHA up 44.5, population of Canada up 2.7 national income up by 6.3, gross national product may reach \$25 billion." (Mr. Harris predicted over \$26 billion.)

Mr. Gilbert also stated that retail sales should reach the \$12,600,000,000 mark this year. "This year," he stated, "can be the greatest year in the history of retailing for the merchant who will merchandise, advertise and promote."

Mr. F. Arnold B. Rands, General Manager, National Foods Division, Retail Merchants Association of Canada who has headquarters at Toronto also spoke briefly dealing with matters of general interest to members of the local organization.

The well attended meeting, was presided over by the Vice President, Mr. Fulton Pierce.

(Continued from page 1)

N.S. Premier

into the rental agreements by giving the provinces the option of renewing them on the existing terms at the end of five years.

The agreements now run for five years but are subject to renegotiation at the end of that period. Under the present system, Mr. Hicks said, the provinces do not know whether the federal government will be prepared to renew or on what terms.

"Under such an arrangement, it is difficult for any province to make any long-term budgetary plans."

He suggested any or all of the provinces should have the choice of renewing an agreement at the going terms if it could not agree with the federal government on revision or variation.

"This would enable the province to plan its province with some degree of certainty over a 10-year period."

Mr. Hicks also suggested any future arrangement ensure that provinces not be "disastrously affected" by any sudden sharp drop in the gross national production—value of all goods and services produced—one of the factors on which federal payments are made.

Dealing with health insurance, he said Nova Scotia will give careful consideration to any proposals made at the conference.

But Nova Scotia's participation in any plan must depend on its financial ability to finance further services without imposing abnormal rates of taxation. This could not be dissociated from the general question of federal-provincial fiscal relations.
