

Good Year for the Seaside In P.P.P. Annual Report

MONTREAL (CP)—The Canadian Pacific Railway Co. has had an extraordinary good year in almost all aspects of the firm's operations, says the annual report.

Gross railway revenues, including income and net income, all showed marked gains for the fiscal year ended Dec. 31, 1963. Steamship operations showed a net loss and hotels a net profit.

Railway revenues amounted to \$477,197,037 for the 31-year-old firm, an increase of more than \$24,000,000 or five per cent over the 1962 figure. Railway expenses increased to \$441,336,700 compared with \$420,823,000 the previous year.

Passenger revenue showed a decline, amounting to \$23,000,000, down from \$1,100,000,000 in 1962.

Canadian Pacific Steamship operations showed a net loss for the year of \$2,900,000 compared with a net profit of \$66,000 in 1962. Earnings dropped because of higher operating expenses and strikes at St. Lawrence River ports in October, Mr. Crump said.

Net earnings from hotel operations were \$1,100,000, a decrease of \$60,000 from the 1962 figure.

Canadian Pacific Air Lines reported a net profit of \$1,200,000 compared with a net loss of \$1,200,000 in 1962.

The improvement may be attributed mainly to a substantial increase in traffic, along with the acquisition of a fifth Super DC-8 in May," Mr. Crump said.

AUTHORITY SOUGHT
The company has made application for authority to operate between Eastern Canada and Amsterdam.

Net income of the Sea Line Railroad Co. rose by \$1,000,000 to \$1,000,000, largely because of lower transportation costs and greater traffic volume.

CPR investment company, Canadian Pacific Investments Ltd., had a year of vigorous activity as Mr. Crump said. Authorized capital was increased during the year and the company has a \$1.2 billion finance package. Logging Co. and Canadian Pacific Oil and Gas Ltd. and two new developments, wholly-owned subsidiaries, Canadian Pacific Realty Ltd. and Marathon Realty Ltd. and two new developments, wholly-owned subsidiaries, Canadian Pacific Hotels Ltd. and Canadian Pacific Hotels Ltd. The company now also holds controlling interest in the Consolidated Mining and Smelting Co. of Canada Ltd.

Political Significance Seen In Pope's New Blast At Reds

By GERALD MILLER
VATICAN CITY, (AP)—Vatican circles see deep political significance in Pope Paul VI's latest condemnation of communism and Russia.

Reliable sources said last week that the Holy See's latest encyclical was not only a rebuke to the Soviet Union but also a warning to the West. It was seen as a signal that the Vatican was preparing to take a more active role in international affairs.

The Pope's condemnation of communism and Russia was seen as a significant move, particularly in light of the recent developments in the Middle East and the Suez Canal.

The Pope's encyclical, "Mater et Magistra," was issued on June 16, 1961. It was a landmark document in the history of the Catholic Church, as it was the first papal encyclical to be issued in the name of a pope who was not a member of the papal family.

The Pope's encyclical was seen as a warning to the West, particularly to the United States, to be more active in international affairs. It was seen as a signal that the Vatican was preparing to take a more active role in international affairs.

Security Query Is Unanswered

OTTAWA (CP)—Justice Minister Favreau declined Tuesday to answer a question about the security measures being taken at the Quebec federal election, conducted under public interest.

His statement in the Commons was taken in the face of a determined bid by two Quebec Conservatives who referred to news reports of special security measures despite rulings by Speaker A. L. Macdonald that their queries were out of order.

The matter was raised first by Paul Martin (PC-Quebec) in a letter to the Minister of Justice, and then by The Honourable R. C. Harris (Lib-Quebec) in the Commons.
