ST. PAUL'S Sunday School meets tomorrow morning at ten o'clock. All members are urged to attend.

PERSONALS Mrs. G. R. Soy, returned home following a major operation at the P. E. Island Hospital.

PERSONALS Mrs. Ida Lawless is spending some weeks in Charlottetown at the home of her brother-in-law and sister, Mr. and Mrs. George Mill, 15 Hillsboro St.

PERSONALS The serious illness of Mr. Chester E. Shaw is causing grave concern to his family and many friends throughout the Province.

PERSONALS HULL, Que. (CP)—A 33-year-old laborer, unable to speak, in a written statement Friday, accused his common-law wife of shooting him.

PERSONALS The court hearing was held in his hospital room. Leo Regimbald lost most of his tongue when the lower half of his face was shot away during a shack trial at Limbourg, six miles north of Hull a month ago.

PERSONALS Mrs. Therese Chalut, 36, is charged with attempted murder. She has been charged with shooting at Regimbald while he lay sleeping. Regimbald claimed he awoke with his face covered in blood, adding: "I saw Therese standing at the bedside. She was holding the rifle."

Red Cross Pays Tribute To Work Of Dr. MacMillan

At the annual meeting of the Provincial Red Cross Society yesterday, the following tribute to a veteran member, Dr. W. J. P. MacMillan was paid in a resolution moved by H. R. Carruthers...

"Be it resolved that we, the members of the Prince Edward Island Division of the Canadian Red Cross Society in annual meeting assembled, on the occasion of the fortieth anniversary of the association of Dr. W. J. P. MacMillan, O.B.E., with the Canadian Red Cross Society, wish to pay tribute to him.

"Dr. MacMillan has been a member of this Division since 1914, was president during the long period of 10 years from 1938 to 1948, and since then Chairman of the Crippled Children's Committee. He has ever championed the cause of the Red Cross, has lost no opportunity to keep before our people the great services rendered by our Society, and has contributed to gaining for it the high position it holds in the esteem of our people.

"In 1946 Dr. MacMillan was awarded an Honorary Counselorship in the Canadian Red Cross Society, that being the highest honor in the gift of the National Council. Many other honors have been conferred on him by his Church and by the Medical Profession and we, the members of this Division, also wish to record our sincere appreciation of his outstanding leadership and service to the Society all through the years of his association with it."

local company will also do further work on the structure as building plans progress. Officials of the County Construction Company believe they may begin work either Tuesday or Wednesday of next week. It is hoped to have the new building, which will house one of the largest mail order agencies in the Province, completed by the end of this year.

The concrete foundation of the structure will be installed by the Anglin-Norcross Company.

ATTENTION PARENTS

During the week of February 15 the annual immunization clinic conducted by the Health Branch of the Department of Health and Welfare will be held in the four public schools and Notre Dame Academy. A reinforcing inoculation for school children is necessary every three years to strengthen immunity against diphtheria. The inoculations will be given pupils in grades 1-4-7 and 10.

Parents are urged to have their children take advantage of this reinforcing dose. Any child under 12 years who has never been inoculated may receive the first three inoculations in the series of four which are required. The fourth inoculation may be received at the Health Centre in the Fall.

Infants and pre-school children will not be inoculated at the school clinics this year. They are advised to be taken to their family doctor or attend the regular Saturday morning clinics at the Health Centre, 188 Prince Street.

Former Leading Communist To Speak At St Dunstan's

At a presentation ceremony held in the pensioners' recreation room in the C.N.R. station yesterday afternoon, Mr. Cleaver J. MacLean, recently retired car foreman at Charlottetown, was presented with a travelling clock on behalf of the staff of the Prince Edward Island division of the railway by C. T. Montgomery, division superintendent.

Mr. MacLean was born in Charlottetown on February 4, 1889, and commenced his service with the railway as a laborer in the Charlottetown shops in 1912, later rising to carman, car inspector and car foreman for the Island Division to which position he was appointed in 1926.

In paying tribute to Mr. MacLean the Division Superintendent, Mr. Montgomery, said Mr. MacLean had come up the hard way and had rendered long and faithful service to the railway and wished both Mr. and Mrs. MacLean many years of health and happiness.

Conferred Good Wishes F. R. Sayer, regional public relations representative for the Canadian National Railways at Moncton, who was present for the occasion, conveyed the best wishes of the president, Donald Gordon, who, he said, takes a keen interest in the veterans of the railway who, Mr. Sayer pointed out, help to lay the foundation upon which the success of the railway was built.

Mr. MacLean, in his long railway service, has witnessed many changes in railway equipment and operation. He had a part in the change-over from narrow to standard gauge of the railway on Prince Edward Island, has seen the box car and other types of freight equipment grow larger in capacity, passenger equipment incorporate many improvements, such as air-conditioning and all steel construction, and the passing of the steam locomotive on the Island division.

In the course of his career Mr. MacLean has formed part of the crew of trains carrying various Governors-General on Prince Edward Island and also the special train carrying the late Stanley Baldwin, prime minister of the United Kingdom.

Mr. MacLean is an ardent golfer and curler and looks forward to continuing his interest in these recreational activities. Following the presentations, light refreshments were served by the women employees of the divisional staffs.

TO INVESTIGATE FISHING

ST. JOHN'S, Nfld. (CP)—Provincial Fisheries Minister W. J. Keough said Wednesday the fisheries development authority has purchased a 23-foot fishing boat, equipped with semi-diesel engine and line hauling equipment, for experimental purposes. The boat will be used to investigate offshore line fishing, and to test fishing equipment.

Provincial Red Cross Work Reviewed By Commissioner

The following summarized report of the activities of the Canadian Red Cross Society in this Province was given at the annual meeting yesterday by the Commissioner, Miss Iphigene Arsenault.

"The year just concluded was indeed one in which all the existing Red Cross services in this Province were expanded and yet were carried on at a cost that was within the approved budget. However, it was again one in which the annual campaign receipts did not quite reach the objective set. It cost \$10,000 more than the amount we raised to maintain the services within the Division, and this does not include the cost of the operation of the Blood Transfusion Sub-Depot which is financed by National with the assistance of a yearly grant from the Provincial Government.

"It seems to me the main reason why our campaign did not quite reach the objective was that we did not have canvassers appointed in many of our school districts. In this way our people were not given a proper opportunity to contribute.
