Red Cross Pleased With First Clinics

ALBERTON — There were 76 registrations yesterday at the Red Cross blood donor clinic at Alberton sponsored by the Alberton Branch of the Canadian Legion.

Although the objective of 133 was not reached officials expressed satisfaction with results from the clinic held at a busy time in the afternoon.

Lunch was served to donors and helpers by the Ladies Aid of Alberton Legion. The Red Cross team was assisted by Alberton nurses Mrs. C. W. Hayes, Mrs. Ralph Gaudet and Mrs. Francis

Larter.

A grand total of 180 donors attended the Red Cross Blood donor clinic last evening in Tignish, two over the objective of 178.

Assisting at the clinic were Mrs. Walter Bernard and Miss Mary Gavin. Lunch was served by the Ladies Auxiliary of the Legion.

Chairman of the committee at Tignish is Arthur DesRoches and G. G. Bennett is chairman at Alberton.

Clinics will be held today at Ellerslie from 2 to 4 and in O'Leary from 7 to 9 p.m.

United Church Education Centre Dedicated In O'Leary

O'LEARY—The Dedication Services of the O'Leary United Church Christian Education Centre were held earlier this month. Large congregations were present Sunday afternoon when Rev. C.R. Webber of Trinity United Church in Summerside was the Dedication Preacher, and in the evening when Rev. John E. Henderson, Secretary of Christian Education for the Maritime Conference of the United Church, was guest speaker.

by the minister, Rev. John Henderson, Field Secretary of Christian Education, brought greetings from the Christian Education committee of the United Church and preached the sermon, Mrs. Norman Durieau of Summerside accompanied by Mrs. Eric Sheen, was guest soloist. The church choir, with Mrs. Bernard as organist, sang "Father, Take My Hand and Lead Me".

"It is necessary to do some constructive thinking and to speed our progress by shaking off many old ideas. It takes a rather different approach in dealing with a large herd such as in artificial insemination numbering in the thousands," he said.

Dealing with the "important subject of sire selection", he felt that in future artificial insemination units in Ontario and elsewhere will be buying more bulls for less money and getting more rapid proof of sires.

MEMORIAL

A page in the Dedication Booklet, was set aside as a Memorial to John Robert Matheson who had been, at his death in April, 1957, the president of the United Church, Mission Band senior sixer of the First O'Leary Cub Pack, and a devoted and beloved student of the Sunday School. In his memory, friends and relatives will furnish one of the Sunday School rooms and provide a Pulpit and Hymnals for use by the Sunday School in the centre.

He congratulated the units here in establishing the selective mating program. This gives a real opportunity to get bulls of good quality at a good price, he said.

Dr. Henderson quoted some figures which showed that in Great Britain and several other countries in Europe approximately five per cent of the cows are bred artificially. In Canada this year approximately 500,000 cows will be bred artificially and in the United States between five and six million cows will be inseminated.

TOOK PART

Taking part in the service on June 7 were Randall Boates, Vice-Chairman of the Building Committee; Edward MacDonald, representing the Builders; Donald MacKenzie, Secretary of Building Committee; H. Burton Boates, representing the Board of Church Trustees; Miss Pauline Bernard, president of the Mission Band led the congregation in the responsive reading, and Miss Georgie Mae Carruthers, president of the C.G.I.T. read the scripture lesson.

The church choir, with Mrs. Lewis Bernard as organist, led the congregation in the service of Praise; Miss Norma Adams, representing the Sunday School, sang the solo "How Great Thou Art". Four boys from the Sunday School received the offerings.

GREETINGS

Following the dedication of the centre, greetings to the congregation were brought from the O'Leary Baptist Church by Earle Jelley, and from the P.E.I. Presbytery of the United Church by L.R. Allen, Chairman of the property committee, and Rev. C.R. Webber, Rev. Dewils Recto, minister of the West Cape Pastoral Charge of the United Church, led in the dedication prayer.

Following the service, the congregation had an opportunity to look over the building.

The evening service which was held in the Church was conducted

Study Awards Are Presented

SUMMERSIDE — Following the Summerside W.C.T.U. June meeting, 48 students, who had been successful in the national temperance study course, were guests of this association.

The president, Mrs. J.F. MacNeill, welcomed the students and visitors. With Mrs. L. M. Calbeck as accompanist, Margaret Clark, Michael Sheen, Donna Bradshaw and Cyril Moysse, rendered vocal solos.

A letter from Miss Estelle Bowness, superintendent of Trinity Sunday School, expressed regret at being unable to be present. She also wrote "Through the National Study Course you will come to know of the harm that can be brought about by the wrong use of alcohol and the misery and trouble in this beautiful world which God has created and given to us."

Gifts, donated by a loyal and devoted friend of the cause of temperance were presented to each student on behalf of the Summerside W.C.T.U.

Two Dominion awards were won by Shirley Rayner and Dorothy MacPhee and were presented by Rev. C.R. Webber at a recent service in Trinity United Church. Shirley Rayner also received a certificate for good workmanship. Mrs. MacNeill commended the Sunday School superintendent and teachers and spoke of the evil effects of the drink habit.

Souris Man Ordained Jesuit

Among the 24 priests ordained on Saturday, June 19th, by Richard Cardinal Cushing of Boston, at Weston College, Weston, Mass., was Joseph Anthony Paquet, of 47 Nocton St. Dorchester.

Father Paquet is the son of the late Leander Paquet a former resident of Souris, P.E.I. His mother is the former Annie MacMacAuley a daughter of the late Pius MacAuley of Campbells Cove.

Father Paquet will celebrate his first mass on Sunday June 21st, in his home parish of St. Peters in Dorchester and will meet his many friends and relatives the same day following a family dinner at Boston College High School.

Mrs. St. Clair Paquet of Souris Mrs. Elin Campbell of Montague Mrs. A.H. Campbell of Campbells Cove, are Fr. Paquet's aunts. An uncle Sylvère MacAuley resides at Campbells Cove.

GRADUATED
Miss Patricia Preston, who attended Mount Allison University, graduated June 5 as a nurse from the Montreal General Hospital. She is a graduate of Summerside High School and also

Parish Council Plans Pantry Sale

ALBERTON — The regular meeting of the Sacred Heart parish council was held at the home of Mrs. John Wallace with the president, Mrs. Ivan Smith, presiding. Roll call was answered by ten members. The treasurer's report showed a neat sum on hand. It was decided to donate five dollars as a special prize to the graduates of Grade 12.

Plans were made to have a pantry sale on June 27th to be held in the library.

It was also decided to provide the first communicants with their usual treat.

Auction Sale

Supper Meeting Held In Montague

MONTAGUE — Thirty-three men of the church attended the supper meeting at the Presbyterian Church hall, Montague, recently.

Following the delicious banquet, a brief business period was conducted by the president, John Ballem. The minutes were read by Donnie Munroe. On the motion of Reg Reid, seconded by William Hicken, it was decided to cancel the summer meetings. A vote of thanks for the bountiful supper was moved by Chester MacLure, seconded by William McInyre, and extended to the ladies by the president. The meeting closed with Mirzaph benediction after which a rousing sing-song was led by Malcolm Munroe with Mrs. A. F. Campbell as accompanist.

PERSONAL LOANS

FOR ANY REASONABLE PURPOSE
AVAILABLE AT ANY BRANCH OF
THE ROYAL BANK

DO YOU NEED MONEY

- ★ to consolidate debts
- ★ to meet insurance premiums
- ★ to pay doctor, dentist or hospital bills
- ★ for educational purposes
- ★ to meet unexpected obligations
- ★ to cover major purchases
- ★ for home improvements?

Personal loans for these and other reasonable purposes are available at any branch of The Royal Bank of Canada to any credit-worthy individual.

Obviously we do not encourage people to assume a debt they will be unable to repay. Such loans can be an embarrassment and a worry to the borrower as well as the bank.

BUT if you have a steady job and are in a position to pay back your loan without undue hardship, by regular monthly instalments, your logical course is to call at your nearest Royal Bank branch. You will find the manager glad to discuss your needs with you and to explain to you the remarkably low rate of interest charged by this bank for personal loans.

Dr. Henderson, president of the Canadian Veterinarian Medical Association, was the guest speaker at the meeting. Mr. MacLeod of Victoria Cross is

Terrific Increase Shown In Artificial Insemination

A terrific increase over any previous period has been shown in artificial insemination of cattle in the first five months of this year. Frank Jardine, president of the P. E. Island Artificial Breeding Association told the annual meeting last night.

There are a fair number of new breeders in the group and it is believed this may indicate a trend toward spreading out the cattle breeding program over other months of the year whereas they were concentrated pretty well in June, July and August in the past, he observed.

NEW PRESIDENT

Donald MacLeod of Victoria Cross was named president of the

ISLAND BRIEFS

VISITING COUSIN
Miss Lulu Clark, Charlottetown is visiting at the home of her cousin Mr. and Mrs. Cyril MacFarlane, Bedeque.

organization, Parker Newson of Kingstons is vice-president. Dr. George C. Fisher of Charlottetown was re-elected secretary-treasurer.

New directors include Wilbert Wright, Bedeque for Prince; William MacEachern, Mermaid for Queens; George MacPherson, Killmuir for Kings.

Mr. Jardine of Freetown, is past president. The meeting was held in Birchwood High School.

The president's report indicated that prizes will be offered for dairy breed calves at the county exhibitions this year. They will be in the junior heifer calf class and will be shown at Crapaud, Alberton, Dundas and Eastern Kings, he said.

At Egmont Bay and Mont Carmel, prizes will be offered in the junior and senior heifer calf classes, it was stated.

A successful year was reported by clubs in the association, the report said.

Exception was taken to the "stringent regulations" made by the Shorthorn association that restrict artificial breeding.

The restrictions make it "extremely hard" for breeders to register artificially bred calves, it was stated.

Hope was expressed that "the Maritime representative of the

breed associations concerned will continue to present our side of the picture in a strong and forthright manner."

"Although there has been tremendous improvement in agriculture, the cattle breeding industry, nevertheless has lagged a long way behind," Dr. J.A. Henderson, president of the Canadian Veterinarian Medical Association College, told the breeders.

RUTHLESS METHODS

Dr. Henderson said the breeders should adopt some of the ruthless methods similar to those in the poultry industry.

"This," he said, "has been accomplished by rigid selection on a genetic basis. If this policy is adopted, we will make great advances in cattle breeding."

The guest speaker was one of the first men in North America to work on artificial breeding in cattle in 1938 in New Jersey.

During the war he worked at Cambridge and with the Milk Marketing Board in Britain in artificial breeding.

Dr. Henderson's services are also in demand in several countries in South America as well as in Europe.

He noted that after a number of years when the real results of this type of program are felt that artificial breeding will prove to be one of the major factors in development of dairy industry.

RAPID ON ISLAND

In congratulating the breeders on the expansion of the artificial breeding program on the island, Dr. Henderson stated that it has been more rapid here than in any other province.

"It is necessary to do some constructive thinking and to speed our progress by shaking off many old ideas. It takes a rather different approach in dealing with a large herd such as in artificial insemination numbering in the thousands," he said.

Dealing with the "important subject of sire selection", he felt that in future artificial insemination units in Ontario and elsewhere will be buying more bulls for less money and getting more rapid proof of sires.

He congratulated the units here in establishing the selective mating program. This gives a real opportunity to get bulls of good quality at a good price, he said.

Dr. Henderson quoted some figures which showed that in Great Britain and several other countries in Europe approximately five per cent of the cows are bred artificially. In Canada this year approximately 500,000 cows will be bred artificially and in the United States between five and six million cows will be inseminated.

The guest speaker was thanked on behalf of the association by Frank Jardine and presented with a large colored island scene as a token of appreciation.

Combined Meeting Held For O'Leary WMS & WA

A joint meeting of the W.M.S. and W.A. of the O'Leary United Church was held at the home of Mrs. Elva Wedlock on Thursday evening, June 11, with Mrs. Donald Mathieson assisted by Mrs. Harry Adams conducting worship period. Theme of worship "Forgiveness". Hymn 321

Close St. Mark's AYP A Season

KENSINGTON — The A.Y.P.A. held their closing Banquet in Irishtown Hall, June 8th., with attendance of 49. The delicious banquet was catered by St. Stephen W.A. Grace was said by Canon Malone; toast to the Queen by the President, Bill Pidgeon, responded by National Anthem; to the Church by Janet Murphy, responded to by The Creed; To the A.Y.P.A. by Joyce Harrington, responded to Membership Prayer; to the Guests by Keith Sudsbury, responded to by Mrs. Findlay.

John Arnold Summerside, was guest speaker. His topic was "youth of the Day". He impressed on the young people to use their talents in to-day's world to serve God more fully. The guest speaker and women of the W.I. were thanked by Clair Sudsbury.

There followed a review of past session's activity by president. Highlight of the diocesan conference by Laura Bell and Clair S. Sudsbury; presentation of awards donated by Clayton Mill; presentations of Badminton prizes by chairman Clarence Moase; presentation of attendance prizes by Clayton Mill. prizes going to Joyce Harrington, Laura Bell, Laura Jollimore, Clair Sudsbury Charles Gillispie.

Extra voluntary effort into this season's activity was achieved by John Rogers. St. Mark's also had the largest branch of the Diocess last year.

Prizes for perfect attendance went to Laura Bell, Linwood Gill and Ivan Gill.

Deanery President Allison Gill spoke on this year's conference. Coming events by president Bill Pidgeon; annual meeting, weiner roast or picnic conference. After comments by guests there was a sing-song and musical games.

The group will resume again in September 13th., 1959. The banquet closed by singing "Blest be the tie that binds". Rev. Ingraham led the closing prayers.

STRIKE SETTLED

SARNIA (CP)—A strike at the Crown-owned Polymer Corporation was settled Monday after marathon talks lasting almost 24 hours. The strike was in its 96th day. Details of the settlement were not announced and it was not expected they would be made public until after the membership of the Oil, Chemical and Atomic Workers Union (2), y

the newly elected president of the association, and Mr. Jardine of Wilmot Valley is the past president.

The guest speaker was thanked on behalf of the association by Frank Jardine and presented with a large colored island scene as a token of appreciation.

Eleven teams of geographers have been assigned to the 1959 field program of the geographical branch of the Department of Mines and Technical Surveys. Most of their projects are a continuation of work from previous years.

In outlining the program today, Mines and Technical Surveys Minister Paul Compton explained that seven projects are being carried out in northern Canada this year.

C.N. Forward will direct the completion of the coastline mapping in Nova Scotia this summer, and C. Raymond will finish the coastline mapping in Prince Edward Island. Land use mapping for Nova Scotia and the whole of Prince Edward Island, will be completed. This work will be facilitated by the aerial photograph made of Prince Edward Island last year.
