THE PROPRIETORS.

Make a Few Pertinent Remarks to their Patrons.

TORONTO, Jan. 28.—Dr. L. A. Smith & Co., of this city, whose name has become a household word through the Dominion, and in many states of the Union, in consequence of the wonderful cures effected by Dodd's Kidney Pills, desire to thank their patrons for the good words they have spoken for this remedy. During the past few months these expressions have been wired to nearly every paper in the country by grateful people whose lives have been prolonged. These expressions are straightforward and honest, and should convince any unprejudiced mind of their sincerity and truthfulness. You know now, reader, that Dodd's Kidney Pills will do all that is claimed for them. They have stood the test.

HOW TO TREAT A COLD.

Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the nearly seven million pores of the skin. This shock closes the pores of the skin, is transmitted to the nerve centre and back to the mucous membranes, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and catarrh. The shock may have its cause from a chill, from improper eating, a nervous fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural courses is retarded; which is ample reason for not stuffing a cold. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightening of the nasal membranes warns one of a skin exposure or chill from whatever cause, act promptly, delays are dangerous; with children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mothers would as soon go to bed without matches in the house as without that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for colds and croupy children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking.

The prohibition city of Portland, Me., uses $76,000 worth of liquor every year for "medicinal and mechanical" purposes.

A Comfort Sometimes.

When health is far gone in Consumption, sometime only ease and comfort can be secured from the use of Scott's Emulsion. What is much better is to take this medicine in time to save your health.

A despatch from Nelsonville, O., dated January 22nd, says: From the valley of the Hocking come cries for bread from 10,000 starving men, women and children.

This is Concentration:

One pill a dose, one box 25 cents. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney disease and Diabetes. True only of Dr. Chase's Kidney-Liver Pills.

Debs, the labor leader, and his associate are to be released from jail on bail of $2,000 each.

"I have spent thousands of dollars and been in the best hospitals of Europe and America under treatment for catarrah." said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-five cent box of Hawker's catarrah cure."

A Portland, Me., young man, W. H. Hamilton, is seeking a divorce from his wife, whom he married secretly four years ago. The girl wife was to inform her mother of her marriage, and then return to her husband, but four years have elapsed and the two have not since met.

Success produces imitations. Genuine Pohd's Extract is sold only in bottles, with landscape view on buff wrapper.

A young Englishman was arraigned in the police court at Montreal the other day for drawing a revolver on the mother of his intended, because she would not let him see her daughter.

For Over Fifty Years.

AN OLD AND WELL TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhœa. Is pleasnt to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.—m. w. f. wkly—1 y

How to Get a Sunlight Picture.

Send 25 "Sunlight soap wrappers (wrappers bearing the words "why does a woman look old sooner than a man") to Lever Bros., Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture free from advertising, and well worth framing. This is an easy way to decorate your home. The soap is the best in the market and it will only cost 1 c. postage to send in the wrappers, if you leave the ends open. Write your address carefully.

Business and professional men who suffer from tired exhausted feelings consequent upon mental effort, will find in Hawker's nerve and stomache tonic a sure conserver of the vital energies, relieving brain fire, restoring nervous energy and muscular vigor; renewing the blood, restoring lost appetite and aiding digestion

DON'T DIE BEFORE YOUR TIME.

"Why will you die?" That is the question the scientist now asks the miserable sufferer from consumption or lung trouble. The answer naturally is "because I can't help it." But the consumptive *can help it.* Miller's Emulsion made from Norwegian Cod Liver, and combined with the hypophosphites of lime and soda will cure nine cases out of ten of consumption, and the tenth can even get a reprieve for a year or two. New blood is what the consumptive requires, and Miller's Emulsion of Cod Liver Oil, when taken produces it. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all lung affections. In Big Bottles, 50c. and $1, at all Drug Stores.

THE REVIEW OF REVIEWS

Edited by ALBERT SHAW

IT WAS in April, 1891, that the first number of the American **Review of Reviews** was printed. The new idea of giving the best that was in the other magazines in addition to its own brilliant, original articles, took America by storm, as it had taken England—though the magazine itself was not at all a reprint of the English edition. It deals most largely with American affairs, and is edited with perfect independence, in its own office.

The **Review of Reviews** is a monthly, timely in illustration and text, and instantly alive to the newest movements of the day, to a degree never before dreamed of. Thousands of readers who offer their commendations, among them the greatest names in the world, say that the **Review of Reviews** gives them exactly what they should know about politics, literature, economics and social progress. The most influential men and women of all creeds and all parties have agreed that no family can afford to lose its educational value, while for professional and business men, it is simply indispensable. The departments are conducted by careful specialists, instead of mere scissors-wielders, and scores of immediately interesting portraits and pictures are in each number.

All this explains why the **Review of Reviews** has come to a probably unprecedented success in the first three years of its existence. For 1895 it will be more invaluable than ever.

Agents are reaping handsome profits. We give liberal commissions. Send for terms.

THE REVIEW OF REVIEWS
13 Astor Place, New York.

THE REGULAR DEPARTMENTS

Besides the special articles and character sketches of thrilling interest and timeliness, the **Review of Reviews** has these regular departments:

The Progress of the World.—An illustrated editorial review of the month's events which thinking, alert men and women should understand in their proper significance and proportions.

Leading Articles of the Month.—This department, and the succeeding one, **The Periodicals Reviewed**, embody the idea on which the magazine was founded and gained. All that is best in the other magazines, American and foreign, is here briefly summarized, reviewed and quoted from.

Current History in Caricature chronicles the month's history through the picturesque means of the successful cartoons that are appearing throughout the world.

Other departments review carefully new books, give lists and indexes of all articles in the world's magazines, and furnish a terse daily record of current events.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ar.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

THE POLITICS OF FRANCE.

A dispatch from Paris to the New York Sun says: "The scheme of forming a colorless government without principles has died. It looked Sunday night as if Bourgeois would at least succeed in forming a cabinet of concentration. When ready to report the completion of his task to the president on Monday afternoon, M. Poincare and two or three others, who had expressed views against the income tax, concluded it would be impossible to join a cabinet most of whose members were of a contrary opinion. M. Bourgeois in despair went to the Elysee and resigned his mission. President Faure's political friends are disappointed and indignant because he has not under such circumstances, cut loose from the radicals and either form a moderate ministry or take the bull by the horns and summon the senate to dissolve the chamber. A report is even circulated that Faure would follow Cassimir Perrier's example and resign. This is altogether incredible. It is undoubtedly true, however, that the new president finds the political situation of France much more serious than he imagined when he took office four days ago. There are said to be certain alarming secrets of state which will come to light very soon.

No less than 300 men have been arrested in New York for breaking the laws against Sunday drinking.

WARSAW, Ind., Jan. 24.—Mrs. Mary Hoop and her three-year-old child were found frozen to death yesterday by a committee from a ladies charity society which had gone to them with provisions and clothing. They lived in a single room and when found were without fuel or food.

There was quite a sensation during a marriage ceremony in a Connecticut village Friday night. The ceremony had proceeded to a point where the clergyman asked the bride if she was willing to take the groom as her husband. She hesitated a moment and then, with tears in her eyes, fled from the room, refusing to continue the marriage.

Somebody has discovered the curious fact that the reluctance of women to tell their age is no piece of modern sensitiveness. It is as old a the hills. In the Old Testament, although great numbers of women are mentioned, there is but one—Sarah, Abraham's wife—whose age is recorded.

LONDON, Jan. 24. Justin McCarthy, leader of the anti-Parnellites, has put forth an address to Irishmen. In it he reviews the situation and appeals for funds to enable the Irish members to attend constantly to their parliamentary duties, and conduct in Great Britain the active campaign by which alone the success of impending Irish measures can be assured. He remarks that industrial depression in America and Australia excludes the hope of much assistance from Irishmen in either continent.

A verdict has just been entered in the New York courts which ought to help along the cause of tenement house reform. The plaintiff in the case hired a tenement of the defendant, which proved to be in a bad sanitary condition, in consequence of which condition the plaintiff lost two of his children. He brought suit for damages against the landlord and recovered $2,000. The only fault to be found with that verdict is that it let the landlord off too cheap.

GLOUCESTER, Mass., Jan. 24.—A. N. Hoxie, of Boston, is in this city securing evidence against the use of purse seiners and traps in the Atlantic coast fisheries in anticipation of a bill to be presented in the legislature to prevent the further use of destructive methods in the capture of fish. Hoxie says the New England fishing ports that once flourished have gone to decay since traps and seines came into general use. He estimates that 900 vessels and more than 30,000 men have withdrawn from the fishing industry to seek employment elsewhere.

A remarkable cure.—J. W. Jennison of Gilford spent between $200 and $300 in consulting Doctors: tried Dixon's and all other treatments but got no benefit. One box of Chase's Catarrh Cure did me more good than all other remedies, in fact I consider myself cured, and with a 25 cent box at that.
