

**NOTES LOCALES, ETC.**

On rapporte que des embarcations ont pris au delà de 500 maqueriaux au large Tignish, ainsi qu'au cap-Nord.

Le Patriot croit savoir que Sir Wilfred Laurier fera prochainement une tournée politique dans l'île du Prince Edouard.

Le 1er septembre, le fromage se vendait 12 cts, a Maddock, Ontario. La fromagerie de Tignish et Palmer Road a vendu son fromage des derniers quinze jours du mois d'août, 11 cts.

On estime que la récolte de blé, cette année, au Nouveau-Brunswick sera 40 par cent meilleure que celle de l'année dernière.

L'industrie laitière fait des progrès dans l'île du Prince Edouard. Cette province a exporté pour \$305,557 de beurre et de fromage durant les douze mois écoulés.—Progrès de l'Est.

—Une tourmente de vent terrible et un violent orage se sont abattus sur Stoney Creek, Manitoba. Un grand nombre de maisons ont été détruites et plusieurs personnes ont été blessées.

Une grange remplie de foin, appartenant aux MM. Myrick, est devenue la proie des flammes, mercredi matin, vers 9 heures. L'accident est dû à la foudre.

Last Tuesday evening, the many friends of Miss Barbara McElroy entertained her to a pleasant social organized for the purpose of showing their esteem to one from whom they were about to be separated. Miss McElroy left Wednesday morning for Boston, where she will remain during the winter. We join with a host of friends in wishing her God speed.

—A St-Etienne, France, pendant que seize hommes descendaient dans le puits de la mine Couehard, le câble qui les retenait s'est brisé et tous ont été tués.

—Plusieurs batisses du couvent des Sœurs Dominicaines, de Sparkhill, N. York, abritant 350 enfants, ont été réduites en cendres. Il y a eu deux pertes de vie. Vingt personnes ont été blessées.

—A la suite d'une explosion de la bouilloire d'une locomotive, sur le Mexican Central Railway, sept hommes ont été tués et trois blessés sérieusement. C'était une locomotive monstre. L'un des hommes a été lancé à 400 pieds de distance, et cependant n'a été que blessé.

—Hormidas Gayette, de Manville, R. I. a passé soixante et quatorze jours sans prendre une parcelle de nourriture. Depuis le mois de février qu'il est mourant d'un cancer à l'estomac, il ne mange que de la glace. Naturellement ce régime détruit son embonpoint, et de 199 livres qu'il pesait, il ne pèse plus guère que 60 livres aujourd'hui.

La récolte de pommes à la Nouvelle-Ecosse, l'année dernière était de 800,000 barils. On dit que la récolte de cette année sera encore meilleure.

Jeu de la semaine dernière, Olivier Melanson, neveu de M. Olivier Melanson, M. P. P. pour le comté de Westmorland, tomba en bas de sa bicyclette près de la gare de Shédiac. Comme il ne se relevait pas, on le crut évanoui, mais on constata bientôt qu'il était mort.

—Une dépêche spéciale de Washington, N. C., dit qu'une récente tempête a causé des dégâts considérables sur l'île Ocreacock. 30 maisons et deux églises ont été détruites. Les piliers du chemin de fer Norfolk and Southern ont été détruits. Plusieurs steamers et goélettes ont été jetés au rivage. Il y a eu 20 pertes de vie. Une grande quantité de bétail a péri.

Tandis que Edouard Poirier, employé à la gare du C. P. R. à Joliette, Québec, était à compter de l'argent, l'autre jour, une pièce de monnaie lui échappa des mains, donna dans une fente du plancher et tomba à la cave dont on ne fait aucun usage. En cherchant la pièce perdue Poirier trouva plusieurs paquets lesquels, après examen, on constata contenir environ 30 livres de poudre, et une quantité de dynamite. Les autorités qui sont à la recherche des voleurs qui ont enlevé les \$7,000 à cette gare croient que cette découverte les mettra sur la piste des filous.

Nous attirons l'attention de nos lecteurs sur l'annonce de la carte professionnelle de MM. Arsenault et McKenzie, avocats, qui paraît dans nos colonnes aujourd'hui. Ces messieurs sont

arrivés récemment de Londres, Angleterre, ou, après avoir été admis au barreau dans cette province, ils étaient allés se perfectionner dans un des bureaux les plus en vue de la Grande Bretagne. Nos français qui auraient besoin d'avis légaux ne sauraient faire mieux que d'aller consulter MM. Arsenault et McKenzie, vu qu'ils peuvent transiger leurs affaires en français. M. Arsenault est fils de feu le sénateur Arsenault, d'Egmont Bay.

**Niagara Falls** Engraved on Steel after the Famous Painting by CHARLES GRAHAM, America's Leading Scenic Artist.

There are only a few copies of this magnificent art work left and you will be fortunate indeed if you secure one.

This cut illustrates but very faintly the magnificence of the original.

The above reproduction is less than one-fiftieth the actual size, the engraved surface being 40 x 16 1/2 inches, printed on heavy plate paper for framing. Actual size of picture 45 1/2 x 27 inches. The publisher's price is \$25.00, unframed, and that is what a copy would cost you in the art stores. It is a work that would grace the walls of the most palatial mansion in the land.

"The subject is treated in a masterly manner, the grand curve of the Horseshoe in the foreground leading the eye up to the tumbling, raging rapids above, and the broad expanse of river beyond, with the islands in the middle distance and the face of the farther curve of the Horseshoe, as well as the great white wall of the American Fall partially obscured by the cloud of rising spray which is handled lightly with fine effect. In the great amphitheatre below the falls are seen the boiling waters, strongly and effectively depicted, and the two staunch little steamers that make their tours under the constant showers of spray. Never before has this subject been handled by any artist with equal force and impressive dignity, combined with deep, thorough feeling and delicacy of touch."—The Railway Age.

**A MOTHER'S VALUABLE ASSISTANT**

**Home Occupations for Little Children**

By **KATHERINE BEEBE.**

WHAT Miss Beebe's "First School Year" is to the primary teacher this little volume is intended to be to mothers. Miss Beebe believes that the ceaseless activity of children calls for employment, and "Home Occupations" is full of ways and means for mothers. Enthusiastically endorsed by the press and leading kindergartners.

FROM THE NEW YORK WORLD.

"Home Occupations will be welcomed by weary mothers, for it is very clever and full of hints and suggestions they can carry out."

FROM THE PHILADELPHIA PRESS.

"Home Occupations should be read by all mothers, and all other people who have the care and training of infant minds." "One of the remarkable features of the book is the extent to which home materials and home-made contrivances are brought into play. Cedar blocks, sand, clay, boxes, scissors, paste, paper, pencils, beads, garden tools, flowers, fruits, black boards, and nearly everything called into requisition by Miss Beebe's methods, are within easy reach of most of those little whose hands her book will fall."

FROM THE BOOKSELLER.

"Home Occupations for Little Children, by Katherine Beebe, a well-known kindergarten, of Evanston, Ill., will be welcomed by many mothers, who will find it full of valuable suggestions to aid in rearing their little ones. Many cross and disagreeable children would be speedily restored to good nature if their mother or nurse knew enough to guide the immature mind to some pleasant occupation without too great interference with its own freedom."

FROM THE KINDERGARTEN MAGAZINE.

"Any mother with the problem of restless and unuseful children, can find much assistance in Miss Beebe's little book, and would do well to avail herself of its thoughtful suggestions."

16mo, 144 pages; bound in linen, gilt top.

Hundreds of Hints on How to

Make the Little Folks Happy

Lists of Stories, Songs and Plays

Invaluable to Mothers and Nurses

♦ ♦ ♦

In this book the Kindergarten offers to the

Home suggestions for the occupation of little

children with simple materials. The author

does not presuppose a kindergarten training on

the part of the mother, nor an ideal environ-

ment. She simply takes for granted the child's

ceaseless activity and the mother's desire to

furnish him with material and opportunity for

development.

The occupations here considered

are of three kinds. The first are

those which require the active partici-

ipation of an older person; the

second, those for which only occa-

sional direction or assistance is nec-

essary; the third, those in which

the child can engage by himself.
