### A Frenchman Finds Canadian

#### Weather Had a Bad Effect on His Health

ST. EUSTACHE, Que., Feb. 12.—Auguste Dubois landed here from France, a perfect stranger to the weather conditions prevailing in this country. The food also differed from that to which he had been accustomed, and his heart being weak, the change had a serious effect upon it. He went to a medical man who did him no good. He went to others with a similar result in each case.

"I had to go to Montreal," he says, "to work for the Grand Trunk in that city and met a man who was suffering the same as myself, but had started to take Dodd's Kidney Pills. He told me they were doing him good. He was kind enough to give me a few of them. I took them. I felt much better. I procured a box, and fifteen days felt like a different man."

It is said that one of Chicago's big department stores will presently add coffins and tombstones to its stock.

### Are You Bilious?

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in the circulation, the whole system is tainted and deranged. This is called biliousness and can be completely cured by Dr. A. W. Chase's Kidney-Liver Pills, which act directly on the liver making it healthy and active. One pill a dose, 25 cents a box. The cheapest medicine in the world.

A man's idea of true politeness is to refrain from consulting his watch during a tedious sermon.

### Don't Tear Down—Build Up.

The old-fashioned theory of tearing down disease was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of the circulation and the nervous system they strengthen and invigorate every organ in the human body.

Optimist—The days are beginning to get longer now. Pessimist—I don't know; my notes come due as fast as ever.

#### An Interesting Case.

Mr. W. G. Phyll, proprietor Bodega Hotel, 26 Wellington Street East, Toronto, says: "While living in Chicago I was in a terrible state with itching and bleeding piles, I tried several of the best physicians and was burnt and tortured in various ways by their treatment to no avail, besides spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. Chase's Ointment, I used but one box and have not been troubled with piles in any shape or form since."

### Notes From Spruce Grove

This is one of the many charming places located in King's County, and suitable to all that class of people who seek enjoyment after their week's toil.

The war in South Africa and the strangeness of the winter season affords the people around here material for discussion during the winter evenings.

This place is noted for the number of visitors who come to see their friends and also to pay their best respects to the "fairer sex." Not long ago two young men from a nearby vicinity came with the last mentioned object in view, and while engaged in doing so, were informed by the occupants of the house that their sleigh had started off and was going in the direction of the woods. So with caps in hand these two fellows started in hot pursuit of the runaway and captured it.

### Savage Harbor Notes

Snow in this section of the country is rapidly disappearing, and farmers are therefore in a bad state of wood. But by means of the rails they are still able to keep Jack out of their houses.

Savage Harbor can boast of having more old and hearty people than any other section. Among these may be mentioned Mr. James Piggott, Mr. John Piggott and Mr. Donald Morrison, the latter of whom is, notwithstanding his old age, able to entertain his many guests with Highland airs on the good old violin.

The trustees have improved our school to a considerable extent. We have had it papered, painted, and new desks very commodiously arranged; so that satisfaction on the trustees' part prevails. Now all that remains for them to do is to regulate their teacher.

### The CHARM OF BEAUTY

Not in the Features so much as in the Grace and Vitality of a Healthy Body—Dr. A. W. Chase's Nerve and Blood Pills make Women Beautiful.

There's a certain charm of beauty in the graceful, elastic movement and clear complexion of a healthy woman in which the features do not play an important part.

The pale, sallow complexion and dull leaden color of the skin, dark circles under the eyes, headaches, pains in the back and sides, dull eyes, weakness, nervousness, despondency and low spirits are symptoms of weak, watery blood and improperly-nourished nerves. No woman can be beautiful until the blood is enriched and the nerves strengthened. Dr. A. W. Chase's Nerve Food is a food for the blood and nerves.

Dr. A. W. Chase's Nerve Food restores the energy and strength to a run-down system. Note your weight before using them, and the increase week by week as the brightness returns to the eyes, the color to the cheeks and the form rounds out with firm, healthy flesh, the natural result of rich, pure blood and a healthy nervous system. Face cut and facsimile signature of Dr. A. W. Chase on every box of the genuine. 50c a box, all dealers, or Edmansson, Bates & Co., Toronto.

### Kingsboro Notes.

Our school is progressing favorably under the able management of Mr. Angus McDonald.

Mr. H. M. Acorn, of Souris, has rented the store formerly occupied by Alexander Bruce, which he intends opening up with a general stock of goods. Mr. Acorn has had considerable experience in the mercantile business. We predict for him a fair share of public patronage. He has taken into his employ Miss Amy Bruce, who has had several years experience in one of the dry goods establishments in the neighboring republic.

What might have been a serious accident happened to Mr. Theodore Stewart one night recently. While returning from Basin Head his horse took fright and ran away throwing him violently from the sleigh where he lay insensible until found by George Lapierre who carried him into the residence of Duncan Stewart where his injuries were quickly attended to. Mr Stewart has since been removed to his home where he is progressing favorably under the skillful treatment of Dr. Robertson.

A very pleasant evening was spent at the residence of Mr. John Bruce recently, when a number of the youth and beauty of Kingsboro, Red Point and Baltic assembled mus c, songs and recitations whiled away the first few hours, after which the light fantastic was tripped to the music of the violin in the hands of Robert McGregor.

There was great rejoicing among the loyal subjects of Her Majesty when the news of the relief of Kimberley and Ladysmith was made known here.

XENOPHON.

### North Wiltshire Notes.

Our village smith, Mr. Francis Brown, and his assistant are kept busy horse-shoeing owing to the icy condition of the roads. Mr. Brown was fortunate enough to lay in his spring supply of coal before the breaking up of the roads.

McLean Bros., have had the interior of their large shop painted and tinted, and it presents a testeful and business-like appearance. Their dry goods and groceries are always well selected, and their prices are on a par with the city stores.

Our popular and respected station agent, Mr. John M. Nicholson, has moved into his new residence in Willow Avenue, which has been remodeled and painted. The painting was done by Messrs Howlett & Trainor, of Charlottetown, and reflects much credit on these gentlemen.

Mr. Charles Easter, our genial postmaster, is always found courteous and obliging, and handles the large amount of mail received daily in a manner that is most satisfactory to all concerned.

The many friends of Miss Hettie Clow, will be pleased to learn that she is recovering from her late severe illness.

Mr. Artemas Clow has purchased the celebrated trotting horse Dean from Mr. Peter Callaghan. We have not heard the price paid, but it must have been something handsome as Dean was classed as one of the best carriage horse in Lot 30.
