THE DAILY EXAMINER.

MAY 10, 1892.

The Constitutional Question.

WHY did Mr. Peters telegraph to Mr. Davies that Lieutenant-Governor Carvell reserved the disfranchising-mortgage-vote-and-gerrymander bill? As a member of the Dominion Parliament, Mr. Davies has nothing whatever to do with our Provincial Legislature. And why, having received the telegram, did Mr. Davies hasten to bring the matter before Parliament? Is it possible that Mr. Peters has violated confidence with the Lieutenant-Governor and divulged a cabinet secret to Mr. Davies? Other Provincial bills introduced by the Government were, in other years, "reserved." But the attention of the Dominion Parliament was not directed to them. No questions were asked concerning the "reserved" Land Purchase Bills or the Factories Bill, though they were all passed, not behind "closed doors," but openly and above board. It is not wonderful that Sir John Thompson expressed surprise that Mr. Davies had become aware that the Lieutenant-Governor acted "contrary to the voice of the Executive"; and it is wonderful that Mr. Davies did not instantly assure Sir John and the House of Commons that he had not received such information from the Attorney-General. Altogether there seems to be, *prima facie*, some ground for the suspicion that the Lieutenant Governor has not been fairly dealt with by his chief responsible adviser.

Then, why so much fuss about the reservation of this bill? If it be a constitutional measure it will receive the assent as a matter of course, notwithstanding all the monstrous provisions which have been attached to it. We imagined, after the dismissal of the Mercier administration by Lieutenant-Governor Angers, that the day had gone by when a Lieutenant-Governor is to be considered as a mere figure head, moved any way and every way according to the will or whim of a corrupt and unscrupulous cabinet. But it appears that Mr. L. H. Davies still retains this erroneous notion. The constitutional principles by which a Lieutenant-Governor is to be governed are set forth by Todd, who says:—

"In a modified but most real sense, even the Lieutenant Governors of the Canadian Provinces are representatives of the Crown. And inasmuch as the system of responsible government has been extended and applied to the Provincial constitutions within their respective spheres of action, as unreservedly as in the Dominion itself, it follows that that system ought to be carried out in its entirety; and that the Lieutenant Governor should stand in the same relation towards his Executive Council, and towards the local legislature as is occupied by the Governor General in the Dominion, or by the Queen in the mother country.

"Under ordinary circumstances, a constitutional governor would naturally defer to the advice of his Ministers, so long as they continue to possess the confidence of the popular Chamber, and are able to administer public affairs in accordance with the well understood wishes of the people, as expressed through their representatives; if, at any time, he should see fit to doubt the wisdom, or the legality, of advice tendered to him; or should question the motives which have actuated his Advisers on any particular occasion,—so as to lead him to the conviction that their advice had been prompted by corrupt, partizan or other unworthy motives, and not by a regard to the honor of the Crown, or the welfare and advancement of the community at large,—the Governor is entitled to have recourse to the power reserved to him, in the Royal Instructions; and to withhold his assent from such advice. Under these circumstances, he would suitably endeavor, in the first instance, by suggestion or remonstrance, to induce his Ministers to modify or abandon a policy or proceeding which he was unable to approve. But if his remonstrance should prove unavailing, the Governor is competent to require the resignation of his Ministers, or to dismiss them from office; and to call to his councils a new administration."

When the Hon. James Macdonald was Minister of Justice a bill to incorporate the Provincial Grand Orange Lodge was reserved. In connection with this case, the remarks of the late Sir John Macdonald concerning a reserved Orange Bill of the Province of Ontario were quoted as follows:

"The provision in the 'British North America Act, 1867,' that Your Excellency may reserve a bill for the signification of Her Majesty's pleasure, was solely made with a view to protection of Imperial interests and the maintenance of Imperial Policy, and in case Your Excellency should exercise the power of reservation conferred upon you, you would do so in your capacity as an Imperial officer and under the Royal instruction. So in any province the Lieutenant Governor should only reserve a bill in his capacity as an officer of the Dominion and under instructions from the Governor General."

"The Ministers of the Governor General and of the Lieutenant Governor are alike bound to oppose in the Legislature measures of which they disapprove, and if, notwithstanding such a measure is carried, the ministry should either resign or accept the decision of the Legislature and advise the passage of the Bill. It then rests with the Governor General or the Lieutenant Governor, as the case may be, to consider whether the Act conflicts with his instructions or his duty as an Imperial or a Dominion officer, and if it does so conflict, he is bound to reserve it whatever the advice tendered to him may be, but if not, he will doubtless feel it his duty to give his assent in accordance with advice to that effect, which it was the duty of his ministers to give."

Now, apply the principles here set forth to the present case. Here is a bill many provisions of which have, evidently, been prompted by "corrupt," "partisan" and "other unworthy motives." No one will say that it is not "corrupt" to rob the Dominion officials of their franchise rights, or that it is not "partisan" to gerrymander King's County, or that "unworthy motives" did not actuate the Government to restore the mortgage vote and give the manipulation of elections into the hands of the Government of the day. Here is a bill which, above all, conflicts, in an essential particular, with the British North America Act. Can it be doubted that the general instructions to the Lieutenant Governor authorize him to withhold his assent from such a bill as this?

We note that it is contended by the St. John Sun that the two-thirds vote provision could easily be revoked. So it could, but for the fact that it is set forth that this provision is part of a solemn contract made between the Upper and Lower Houses of the Legislature. It may well be doubted by the Lieutenant Governor whether any Minister of Justice could or would advise the passage of a measure to repeal the two-thirds-vote provision, seeing that it would involve a breach of faith. This is a point about which, before the Royal assent is given to the bill, there should be no doubt whatever.

In this view the advisability of the reservation is apparent, and in this view too, it is apparent that the Patriot is wrong in its contention that,—

"No harm, therefore, could have occurred by the Lieut.-Governor taking the usual course, even though some clause of the Bill may conflict with the British North America Act."

The Railway Agitation.

ADVICES from Ottawa confirm the report that Morell Station is not to be closed, and state that Miscouche Station will also remain open. The summer trains, too, are to be made "all right." These points have, we learn, been gained as a result of the persistent and untiring efforts of Messrs. Macdonald and McLean and our representatives in the Senate. We trust that the efforts of these gentlemen on behalf of the Province will be continued until there shall be no further cause for complaint.

At present there is a great deal of discontent and dissatisfaction all along the line. The people at the westward, particularly, are displeased concerning the discharge of Mr. John McPherson, in whose ability and care they have learned to place the most implicit confidence. A considerable portion of the line is still made up of old rails; and consequently there is the greater need of watchful supervision.

THE EXAMINER quoted speeches of Mr. L. H. Davies, M. P., concerning the Intercolonial Railway; and the Patriot says that THE EXAMINER "makes a most unjust attack upon Mr. Davies"! The Patriot declares that "the senior member for Queen's County, in criticising the management of the Intercolonial Railway, did not charge that there was any extravagance in the expenditure on the P. E. Island line." It is pleasing to have this indirect testimony as to the economy exercised by the Government in respect to the P. E. Island Railway. Unfortunately, the Government railways are all associated with the Intercolonial in the minds of representatives of the Upper Provinces.

Philharmonic.

ACCORDING to notice, a large and enthusiastic meeting of the Society assembled at Philharmonic Hall last evening, and, it is almost needless to add, all were unanimous in the opinion that, notwithstanding the many difficulties they have had to encounter in the past, they can now congratulate themselves on the fact that the music-loving people of Charlottetown and Summerside have by their kind response shown their appreciation of the efforts of the Society to maintain the standard of high-class performances in this Province. And although by some few persons it may be considered presumptuous on the part of the Society to attempt to produce oratories such as The Creation, Hymn of Praise, The Elijah, etc., with the material obtainable in this city, still they feel that in so doing they have the public sympathy with them by a large majority, the Guardian to the contrary notwithstanding, and the correspondence which has appeared in the public press during the past few days has more than reassured them on this point. They have, therefore, determined as in the past to hold the fort against all annonymous scribblers and have decided to at once begin work for a concert to be held in the latter part of June, and they take this opportunity of again inviting all who would like to identify themselves with the society to attend the practice on Monday evening next, the 16th inst., at 8 o'clock.

The idea having gone abroad that the Philharmonic Society was far away to leeward and could not possibly weather the storm, the secretary was asked to prepare a statement of affairs to date, which after having been presented was received with applause—for after providing for all outstanding liabilities the adverse balance only amounted to sixty dollars which can easily be balanced if all who are in arrears would would kindly pay up and if the citizens will again favor them with a bumper house on their next appearance.

Personal.

Fraulein Lauffer, who is to assist Miss Russell in her school, arrived here last evening.

It is pleasing to hear that Chief-Justice Sullivan is better to-day. He is suffering from la grippe.

The admirers of Cardinal Manning have struck a happy idea. The man who did so much for the poor of London is to have as a memorial an institution where the poor man may be sheltered and cared for and comforted.

Have you seen the goods we are selling at such low prices? It will repay you. We can save you money. Bargains in all descriptions of housefurnishings goods, millinery, hats, corsets, velvets, gloves, curtains, dress goods, cloths, and a thousand other specialties. Come in and see the goods.—W. A. Weeks & Co. m10 2i

A big lot of odd pants for boys, all sizes from four years up, at Prowse Bros, the Wonderful Cheap Men. may10

City Council.

THE regular monthly meeting of the City Council was held last evening. There were present His Worship Mayor Haviland, His Honor Recorder Fitzgerald, and Couns. Crabbe, Hogan, Beer, Hughes, Hooper, Robertson, Taylor.

The minutes of the last meeting were read and approved, and a number of bills were ordered to be paid and the payment of others was confirmed.

A letter was read from F. S. Moore, complaining that the electric light wires were run through the branches of certain ornamental trees near his residence on Prince Street, in consequence of which the trees were being destroyed. He asked that steps be taken to prevent the destruction of the trees in question.

Councillor Hughes brought to the notice of the Board that the electric wires were also run through the branches of the tree at Apothecaries Hall corner.

The letter was laid on the table.

Mayor Haviland submitted a copy of the writ served on the city at the instance of John Drake, butcher, in the matter of his claim against the corporation. The damages claimed in the writ amount to $2,000. Referred to the Recorder to put in an appearance.

A letter from Davies & Hazzard, at the instance of Henry Horne, claimed $150 damages for their client on the ground that as a result of bad grading on the sidewalk near his property on Bruce Street the water overflowed his premises.

J. T. Mellish, in his letter, claimed $1000 damages for Henry Rackham for injuries sustained by that gentleman owing to a defective sidewalk, and stated that unless a settlement was made at an early date he would begin an action in the courts.

A letter from J. H. Good reminded the Board that the claim of George Douglass had not yet been settled, and stated that unless a speedy settlement was made action would be taken to recover the amount claimed.

These communications were handed over to a special committee of three—Councillors Crabbe, Hogan and Beer.

Mayor Haviland submitted a letter received by him from Ottawa, in which permission to connect a sewer leading from the market building with the Government sewer on Great George Street was refused on the ground that the drain was barely sufficient for the purpose it is at present used for. Laid on the table.

A letter from certain residents of Great George Street, between Grafton and Kent, complaining that a livery stable was being erected near their premises which would prove a nuisance, and asking the Board to take such action as they deem advisable, was referred to the Recorder.

A memorial was read from Mrs. A. M. Tomlins, explaining the destitute circumstances she was in owing to the continued illness of her husband, who was for twelve years clerk of the city court, and asking for assistance.

Councillor Crabbe moved, seconded by Councillor Hughes, that the sum of $10 per month be voted Mrs. Tomlins, beginning with the 1st of May and continuing during the pleasure of the Council. Carried.

Councillor Crabbe moved, seconded by Councillor Hogan, that the office hours of the city officials be from 10 a. m. to 3 p. m. consecutively, each day, instead of as at present. Carried.

Councillor Crabbe moved that the bill of the city assessors—Small, Harper and O'Callaghan—for $300 for services for 1892, be paid. Carried.

Councillor Crabbe read a report prepared by Messrs. W. P. Doull, A. E. Morrison and James Waddell, as to the condition of the different lines of electric wires, etc., in the city. The report showed in what places the wires were not properly strung and where the posts were out of plumb, and pointed out the remedy. The desirability of having these lines of wires placed under the control of a Board composed of one representative from each of the electrical companies and two members of the City Council was also suggested, a majority vote of the Board to decide who shall move wires in case of dispute.

Councillor Crabbe moved that a committee of two members of the Council be appointed to confer with a committee representing the different electrical companies with a view to having better regulations in the matter of putting down posts and stringing wires. Councillors Crabbe and Beer were appointed said committee.

Councillor Hooper, chairman of the public property committee, reported that they had conferred with Michael Egan, contractor for repairing Queen's wharf, in reference to the slip it was proposed to erect there, and he had told them that he would include the building of the slip in his offer of March 12, 1892, and do the whole work for $500. This offer is to have nothing to do with Egan's present contract.

Councillor Hooper moved, seconded by Councillor Taylor, that the report be adopted, providing the work does not interfere with the present contract. Carried.

Councillor Crabbe moved, seconded by Councillor Hogan, that the sum of $850 be paid Michael Egan on account of his present contract on Queen's wharf, as per certificate of inspector dated May 9, 1892. Carried.

Councillor Hogan moved, seconded by Councillor Hooper, that the City Surveyor be instructed to open up the west end of Dorchester Street to Haviland Street, through the Connolly estate, in accordance with the report adopted at a previous meeting of Council. Handed to the Recorder.

Councillor Hughes reported with reference to the roadway near Douse's breastwork that the Street Committee had come to the conclusion that the undertaking was too great at present and had decided not to entertain it. In the matter of the drain on Rochford Street, near Mr. Foster's residence, the committee were at a loss as to what was the best course to pursue. With reference to the extending of Douglass Street, he thought it would be in the interests of the city to do so, but this would entail the purchase of some land from Mrs. DesBrisay, and she had not yet told them what she would sell for. He would be able to report more fully on this matter at next meeting.

Councillor Hooper moved, seconded by Councillor Hughes, that the claim of Mr. George Ledwich be referred to the Finance Committe to report upon. Carried.

Councillor Hughes said Mr. Sellers had told him that the city weigh scales required a new frame, and he thought that while this work was being done it would be a good time to remove the scales to a more suitable position on Market Square—say a short distance east of the old tank. The matter was referred to the Market Committee to take such action as they deemed advisable.

Councillor Hogan moved, seconded by Councillor Taylor, that Michael Egan's time for completing his present contract on Queen's Wharf be extended 30 days. Lost.

Councillor Crabbe gave notice that at a special meeting of the Council to be held on Thursday evening next, he would introduce the assessment and discount by-laws.

Meeting adjourned.

Local Notices.

45 pieces gingham, worth 8 cents a yard, will sell for 6 cents, at J B Macdonald's.

A lot of new spring trouserings, elegant patterns, now open.—John McLeod & Co.

Gays' seeds are the same as they plant themselves. Call at their stalls in the market when in town. may10

Ladies' summer under vests, 12 cents each, at J B Macdonald's.

Try and remember that Gay has ornamental and fruit trees at one-third less cost than an agent can sell them. Call at their stalls in the market and see for yourselves. may10

Another lot of 38 cases boots and shoes just opened at the Dominion Boot and Shoe Store.

DIED.

At Montague Bridge, on Sunday, the 8th inst., Pierce Gaul, aged 70 years.

(New York and Boston papers please copy.)

At Marie, on the 10th inst., William A. Murray, in the 82nd year of his age.

At Point DeRoche, on the 3rd of May, of inflammation of the bowels, Patrick Joseph, in the 15th year of his age, son of the late Angus V. McCormack. May he rest in peace.

DON'T forget the union prayer meeting tonight in Euston Street Hall. All are welcome. Last meeting everyone enjoyed it.

POLICE COURT.—This morning two young men were summoned before His Honor to answer a charge of malicious injury to the property of Mr. S. F. Hodgson. The damages to property consisted in the breaking of about forty battens from the fence surrounding Mr. Hodgson's premises on the lower St. Peter's Road. The boys failed to respond to the summons, and witnesses being in attendance who substantiated the charge, warrants were issued for their arrest. A summons has been issued for another young man said to be implicated in the vandalism. He will appear to-morrow.

THE MARKET.—The attendance at the market to-day was small, and prices ruled high with not much trade doing. Eggs were in moderate supply at 10 to 12 cents per dozen. Butter (fresh) was scarce and sold quickly at 27 to 28 cents per pound, and tub at 27 cents per pound. There were no fish in, owing no doubt to heavy gales on the north side preventing the work of the fishermen. Hay was in very small supply at 50 cents per hundred.

The Berlin Tagblatt publishes a report from Arab sources that Emin Pasha is dead.

CARTER'S INKS.

THE superiority of Carter's Inks is proven by their use. One Hundred Boxes were received on Saturday.

I am in receipt of a number of complimentary testimonials, but for want of space at present only publish the following unsolicited letter:—

Office of the Tryon Woolen Manufacturing Co.,
Charlottetown, P. E. I., May 7, 1892.

THEO. L. CHAPPELLE, ESQ., Agent for Carter's Inks, City:

DEAR SIR,—We are in receipt of a bronze ink-stand, with sponge holder, a patent nickel-plate mucilage bottle, a quart bottle of Carter's combined copying and writing ink, and a bottle of crimson ink, purchased of you. In our opinion the ink-stand alone is well worth the money, even if we had no use for the other articles.

Respecting Carter's ink, would say that we have been using it in our Charlottetown office for the past eighteen months. For some years previously had used Stafford's, and became so much prejudiced in its favor would use no other. But after giving Carter's a fair trial, both in writing and copying, we are fully convinced that it is as good in all respects if not superior to Stafford's, and, in our opinion, less liable to corrode steel pens.

Yours respectfully,
TRYON WOOLEN MANF'G CO.

This disinterested testimony will be accepted in preference to the biased letter of a manufacturer or the vaporings of his satellites.
