

Local and Other Items.

To-NIGHT.—Lecture in Y. M. C. A. Hall. TELEPHONIC.—Georgetown and Cardigan are now connected by telephone. EXHIBITION.—The Provincial Exhibition of Nova Scotia opens at Truro next Tuesday. ORNAMENTAL.—Nice tissue paper lamp shades—five cents each—at the Diamond Bookstore. WELL.—After remaining dry for days past the pump at the corner of Queen Square has been repaired. SANITARY.—The new sanitary officer has issued his notice. Mr. McKee evidently means business. ENGINEERS.—The Charlottetown Engineers will meet at the Drill Shed on Monday night to receive their annual drill pay. LONG EVENINGS.—Is it not time that our literary and scientific societies, debating clubs, Shakespearean clubs, reading clubs, etc., were re-organizing? PHOTOGRAPIH.—An effort is being made to have the Photograph shown at the Toronto Exhibition brought here in time to be a feature at our Exhibition. CHANGE.—The hours of service on Sunday in the Methodist Churches of the city are to be changed from 10.30 a. m. and 6.30 p. m., to 11 a. m. and 7 p. m. STIPENDIARY MAGISTRATE'S COURT.—This forenoon James Whalen, drunk and disorderly, was fined \$10 or 30 days, and John Hennessey, drunk and incapable, \$1 or 4 days. ILLUSTRATIONS.—Views of Queen Square Gardens and some of our public buildings have been sent to the Dominion Illustrated and will soon appear in that excellent weekly. TO THE DEAF.—A person cured of Deafness and noises in the head of 23 years' standing by a simple remedy will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John Street, Montreal. 4m—114 ANNIVERSARY MEETING.—Orient Meeting last celebrated its second anniversary meeting last evening in a very pleasant way. Rev. Messrs. Steel and Carruthers, Hon. G. W. Bentley and Professor Mellich were among the speakers of the evening. BUILDING IMPROVEMENTS.—D.O.M. Reddin, Jr., is erecting a neat cottage on Water Street, near the Railway Station. The outer wall of the new Parsonage of St. Paul's Church is rapidly approaching completion. The handsome two tenement building at the corner of Hillsborough and Easton Streets is about finished. POTATO CROP.—Owing to the long continued rains in Quebec, complaints are heard on all sides of the sad prospects for the crops. A man at St. Foy has just sold 400 bushels of potatoes at ten cents a bushel, to feed the pigs with. A large part of the potato crop in that vicinity is reported destroyed. RAILWAYMEN'S CONVENTION.—The Railwaymen's Christian Convention will open in this city on Friday next. It is proposed to give the visiting railway men an excursion to the winter terminus, Cape Traverse. The friends of the Rev. William Meikle will be glad to hear that he will be present and take part in the proceedings of the Convention. PICNIC.—A grand picnic will be held on the beautiful grounds of Mr. Philip Hughes, Corran Ban Bridge, on Wednesday next, 26th inst. The picnic is under the auspices of the parishioners of St. Michael's church, and no pains will be spared to make it a success. Dancing and other amusements will be provided, and refreshments and first-class meals will be served. ANOTHER WINNER.—It is pleasing to note the success that our Island-bred horses are meeting with in the races held in the neighboring Provinces during the week. Besides Black Pilot and Telephone, of which we made a note yesterday, Blackbird, owned by Mr. E. Cameron, has carried off the honors in the 3-minute and 2.50 races, at St. Stephen, lowering his record to 2.36 1/2. "TO AND FRO IN LONDON."—The lecture delivered in the Y. M. C. A. Hall last evening was a conglomeration of adjectives, assinine stories and balderdash, retailed in the style of a fifth-class play actor. The most ignorant person of the audience could not have learned from it a single fact worth knowing. There was, however, a little fun in it and much buffoonery, so that the audience were not wholly defrauded. SERVICES TO-MORROW.—Remember the Gospel meeting in McLeod's Hall every Sunday, at 4 o'clock. These meetings are open to the public. Strangers always welcome. Lesson for to-morrow: Hebrews 13-2, "Be not forgetful to entertain strangers, for thereby some have entertained angels unawares." There will be a Gospel meeting in the Y. M. C. A. Hall to-morrow afternoon, at 4 o'clock, open to the public. Every person invited. FOOT-BALL.—There will be a special meeting of the Abegweit Foot-ball Club, in the Y. M. C. A., on Tuesday evening next, at 8 o'clock, to transact all necessary business for the coming matches, to be played in Halifax, New Glasgow, Pictou and Ch'town. A full attendance requested. All interested in foot-ball matters invited to attend. RUM DID IT.—A Wentworth, N. S., correspondent of the Amherst Sentinel writes: The fruits of the liquor traffic are seldom seen in this place as they were last week when a young man died from its effects while passing through this place. William Murdoch, of New Annan went to Acadia Mines with a load of apples to sell, and when ready to return he met with a companion named Carroll, and having secured a supply of liquor they both started for home. In coming along down the valley Murdoch became so intoxicated that he fell off the seat into the bottom of the wagon, when Carroll took the reins and covered him up with the rug, but before getting two miles from Beeke's Corner he met some persons and stopped to talk when they found Murdoch was dead, Carroll being too much intoxicated to know there was anything the matter with the man. As I intend leaving the Island for the winter, and going to the far West, where we intend making our future home, we will offer our large and well-assorted stock of Crockerly at a great reduction. W. P. Colwill. Sept 22 dy wy 4w

TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER. Dalhousie College Examination AN ISLAND BOY AHEAD. HALIFAX, N. S., Sept. 21. The results of the examination for the Munroe Senior and Junior Exhibitions, Dalhousie College, are announced. These money prizes are awarded by Mr. George Munroe, publisher of the Seaside Library, and are awarded to competitors entering the 1st and 2nd year of the course. Five senior exhibitions, each worth \$400, and two senior bursaries, worth \$300, are for third year students. These money prizes enable the winners to pay their expenses throughout the course, and devote their whole time to study. Schurman, of P. E. Island, (a brother of the Professor, in Cornell), leads, only ten of the fifteen being awarded. There are five Exhibitions, value \$300, and ten bursaries, value \$200, offered for students entering the College, and there is strong competition among the High Schools for places. Pictou Academy boys lead, taking 19 out of 35 awarded, A. F. McDonald, of Hopewell, being first, Webster, of Yarmouth, second, and West and McNeill, of Charlottetown, following. Yellow Fever. JACKSONVILLE, Fla., Sept. 21. Official reports to-day give 118 new cases and 14 deaths. A large majority of the new cases are among colored people in the suburbs. There are comparatively few deaths among negroes, who usually recover rapidly. The total cases to date are 1,582, and the deaths 197. CHATTANOOGA, Tenn., Sept. 21. Chattanooga instituted a most stringent quarantine against all infected parts. No one is permitted to enter the city on any of the nine railways without giving a satisfactory account of himself. Quarantine officers board every train. The city council have adopted ordinances, inflicting a fine of \$500 on any persons entering the city from any infected district. A terrible state of affairs exists throughout Southern Alabama, Mississippi and Florida. Business is practically dead. Visitors shun the towns, and half the homes are deserted. All passenger traffic on railroads east of the Mississippi running to this city have been stopped. Agents of all roads mentioned have been ordered not to sell tickets for Memphis. No train is allowed to come nearer the city than ten miles. A squadron of armed pickets guard all roads leading into the city, and no one is allowed to enter. The sentiment in Memphis is that it can better afford to spend \$100,000 to keep the city clear of infected persons than to have even one case of fever, which would cost the merchants millions of dollars of loss. The citizens of Louisiana, Mississippi, Tennessee and Alabama feel the same way. Every town and city in the States, from Cairo, Ill. South to New Orleans, has established strict quarantine against the infected portions. Shot gun quarantine prevails along the line of Illinois Centre, from New Orleans to Fulton, Ky. Horrible Murder. OTTAWA, Sept. 21. A horrible case of poisoning has been reported on the shores of Lake Temiscamangué. For some time past Mrs. Bover has been anxious to get rid of her husband. An opportunity occurred on Sunday when the man complained of feeling unwell, and his wife suggested a dose of Epsom salts, but instead prepared a dose of strychnine. The husband was suspicious of the mixture and refused to take it, when to satisfy his scruples the woman took a spoonful, which induced him to take the full dose. The woman miscalculated the strength thinking, doubtless, that the spoonful would not hurt her. A man named Grenier called in shortly afterwards and found the woman's muscles twitching from the effects of the poison, and the husband in convulsions. The woman explained what was the matter and the man went for assistance, but when it arrived both were dead. Ottawa News. OTTAWA, Sept. 21. A meeting of the Northwest Central Railway has been held here, at which the Chief Engineer of the line reported that owing to some heavy fillings on the first fifty miles of the line, the grading was not yet completed, and it would be impossible to finish the laying of the rails this fall. It is stated that the Government intend to appoint a judge to fill the late Judge Henry's place on the Supreme Court bench before the next term commences, and that the selection will be made from Nova Scotia. Prof. Macoun, of the Geological Survey, has returned from Prince Edward Island, where he has been studying the natural history of the Island. Successful Exhibition. TORONTO, Sept. 21. This year's Exhibition, which closed today, has been the most successful of any yet held. The total receipts amounted to \$59,553.68, showing an increase of \$7,462.13 over last year. Weather Bulletin. TORONTO, Sept. 22.—10 a. m. Moderate to fresh winds, fair weather with a few local showers; not much change in temperature. SEWING MACHINES REPAIRED. THE Subscriber has opened an office above R. K. Jost's Boot and Shoe Store, for repairing all kinds of Sewing Machines. JOHN HIGGINS, North Side of Queen Square. Sept 24—dy 1w wky 2w
