# Serious Consideration Given To Civil Defence

SUMMERSIDE BUREAU OF THE GUARDIAN

One of the main discussions at the monthly meeting of the town council here Monday night centred around the question of whether the town should spend \$10,000 on civil defence.

The estimated amount, Councillor George Key, chairman of the town's civil defence committee, said, would be spent on a survey of a number of public buildings in the town to determine what protection the basements of the buildings would provide in the event of nuclear attack and also to set up an emergency measures headquarters here.

The council was told the decision of spending this money was a complex one and "it is hard to know what to do, where to start and how much to spend."

Coun. Key stated the council was of "two minds" and that it must take into consideration the safety of the town's citizens.

The committee chairman was of the opinion that, as a result of the present Viet Nam crisis, the town citizens would be a little more "civil defence minded" and now might be a good time to discuss it.

He added further that in the long run it would be the taxpayer's money which would be used for the project. He estimated that the cost would be approximately one dollar for every citizen in the town.

Coun. Mollison, another member of the committee, serving along with Coun. Key and Coun. Leo Wood, felt that the one dollar per citizen "seems very little for protection against fallout."

After further discussion on the subject it was laid over for further council discussion. A suggestion was made that citizens either contact councillors and give their opinion, pro or con, on the subject or write letters to the editors of the newspapers.

In a prepared statement Mayor W. E. Jenkins told the council that the town was on the eve of another election (Feb. 23), and expressed regret that Coun. D. Alex MacDonald and Coun. Garnet Ross are not re-nominating.

He wished Coun. Leo Wood luck on his re-nomination for another term representing West Ward and added "to the three councillors who still have a year to go — Frances Perry, George Key and Grant Mollison — I know I will continue to receive the same spirit of good will and co-operation from you."

as I have enjoyed during the past year."

### SPECIAL THANKS

He felt that Coun. Wood, as chairman of the finance department, deserved a special word of thanks in giving a good account of himself by "keeping a watchful eye on the purse strings of the town."

In responding to Mayor Jenkins' words, Coun. Ross said that it had been a wonderful experience to serve on the council and he had seen the council make great progress during his term in office. He also extended thanks to all those who had given him help and co-operation.

Coun. MacDonald also thanked all persons who had helped him during his term in office.

Coun. Key expressed the hope that all citizens of the town interested in civic affairs will attend the annual meeting of the town this Thursday night. The other councillors expressed similar feelings.

In the monthly reports it was pointed out that tax arrears for the year 1964, as of Feb. 11 of this year, amounted to \$25,900 and the outstanding arrears previous to last year totalled \$38,470.

"A concerted effort continues to be made against these overdue taxes," the report said.

### SNOW REMOVAL

Reviewing the public works department report, the department chairman, Coun. Mollison, said the major share of the work done by his department in January had been snow removal and added that this winter is a bad one as far as snow removal is concerned due to the heavy snowfalls.

Coun. Key pointed out that sidewalks in some sections of town had been given poor clearance and suggested an extra effort might be made in this regard.

In the civic stadium report an operating profit of \$723 was shown and Coun. Ross, chairman, told the council that Charles Hogan has decided to remain here as manager. It had been recently announced that Mr. Ho-

gan was contemplating taking a similar position in Newfoundland.

A resolution was passed that a contract be let for the erecting of approximately one mile of 13 KV electric power line along Green Road running north from Notre Dame Street.

### Illegal Parking Brings 3 Fines

Six persons were each fined \$10 and costs by Justice of the Peace Albert Dinnis in traffic court yesterday.

Fines were Clifford Mervin Green, Clyde River; John Key Stewart, Charlottetown; and Diane Miller, Victoria, all for illegal parking; Kenneth Roger MacDonald, Charlottetown; George Ivan Wood, New Brunswick, failing to yield the right of way; and Gervais Leger, Point Pele, N.B., inefficient equipment on a motor vehicle.

### Skating Starts On Harbor Ice

SOURIS Skating on the ice in the Souris harbor started Monday for the first time this winter.

The skating season on the harbor ice is usually limited to the leeward side of the breakwater, mostly the young children and teenagers take part.

About 15 years ago the harbor ice used to extend as far as the eye could see and last all winter. In those days, in addition to skating, ice boating and horse races used to be held regularly.

Coun. Key pointed out that sidewalks in some sections of town had been given poor clearance and suggested an extra effort might be made in this regard.

In the civic stadium report an operating profit of \$723 was shown and Coun. Ross, chairman, told the council that Charles Hogan has decided to remain here as manager. It had been recently announced that Mr. Ho-

gan was contemplating taking a similar position in Newfoundland.

# Schurman Elected; New Faces In Race

SUMMERSIDE BUREAU OF THE GUARDIAN

A veteran of eight years in civic affairs, Herbert Schurman, was elected to the town council by acclamation here yesterday when he was unopposed during nomination day proceedings.

On being told of his victory, Mr. Schurman said "I am glad to be back on the council." He had been unopposed on whether to offer for some time but, some two weeks ago he made his announcement.

Mr. Schurman contested the East Ward seat left vacant by D. Alex MacDonald, who announced some time ago he would not re-offer. Mr. Schurman last served on the council from 1962 to 1964, being defeated then by Grant Mollison who is the other representative in this ward.

Two new faces in the civic political scene threw their hats in the ring yesterday, both young men, along with two veterans in civic affairs.

The newcomers are Peter Pope, 31, president of Peter Motors here and Eric Johnston, 34, president and owner of John's Ltd., a heating and sheet metal contracting business.

Mr. Pope will contest the Center Ward seat, vacated by Coun. Garnet Ross, along with former councillor and mayor J. Ernest Morrison. Coun. Ross is unable to continue in civic politics due to a new position with the railroad.

Mr. Johnston will contest the West Ward seat, now held by veteran campaigner Leo Wood who also nominated yesterday.

Both Mr. Pope and Mr. Johnston can look back to ancestors who were prominent in politics.

Mr. Pope's great grandfather, James C. Pope, was the first premier of P.E.I. His paternal grandfather, George Pope, represented 5th Prince in the provincial legislature and his maternal grandfather, Creelman MacArthur Sr., was in the provincial legislature before becoming a senator.

Mr. Pope, a resident of Center Ward, was born and lived in this town all his life. He is married to the former George Lockhart of Summerside and they have three children.

When contacted yesterday after nominating, Mr. Pope said "I thought I would like to enter civic politics. There didn't seem to be much interest this year so I thought I might as well enter the political scene now as later."

Mr. Johnston, whose grandfather, Thomas W. Johnston, served on the council in the 1920's, and for a number of years was the town's fire chief, is a native of Summerside and a resident of the West Ward. He is married and the father of four children.

In announcing his nomination Mr. Johnston stated that since no other candidate came forward to contest the West Ward seat held by Coun. Wood he felt it only fitting that voters be offered a choice of candidates to represent them in the council.

Mr. Johnston is president of the Prince County Horsemen's Club which operates the local race track; past president of the Summerside Curling Club and a member of the local Rotary Club.

EXPO SAFETY Four fire stations, staffed by 100 men, are to be built at the site of Canada's World's Fair in Montreal in 1967.

Magistrate W. Chester S. MacDonald adjourned to a later date the case of Richard Peters of Summerside, who pleaded not guilty to having no brakes on his motor vehicle.

Unlawful possession of liquor cost four persons \$20 and costs. Two residents of Lennox Island were each fined \$10 and costs, one for being intoxicated, and the second for unlawful possession of liquor.

### Registration, License Case Is Adjourned

SUMMERSIDE — Calvin Joseph Curley of Clermont had his case adjourned for trial to March 2 when he pleaded not guilty yesterday in Prince County Court to failing to return his registration and license, which had been suspended.

The accused had been ordered to return the documents to the RCMP between Jan. 6 and Jan. 22.

Magistrate W. Chester S. MacDonald adjourned to a later date the case of Richard Peters of Summerside, who pleaded not guilty to having no brakes on his motor vehicle.

Unlawful possession of liquor cost four persons \$20 and costs. Two residents of Lennox Island were each fined \$10 and costs, one for being intoxicated, and the second for unlawful possession of liquor.

Negro extremist organization known as the Black Liberation Front.

CONTACT AT PARTY Murphy said Wood's original contact with the group came at a United Nations party given by the Cuban delegation.

"Did they have anything to do with the UN?" the commissioner was asked. "I don't know," Murphy replied.

Promoting Wood to detective on the spot, Murphy told reporters: "There was nothing lucky about this. An undercover man risked his life for months."

Wood was said to have become privy to the group's secrets and to have been actively entrusted with a role in the dynamic mission.

Murphy described the group as pro-Castro and aligned in militant ideology with the Chinese Communists. The commissioner called the organization "extremely militant and far to the left of the most extreme groups, even the Black Nationalists."

### BORN IN BOSTON

Collier is Boston-born, married with one child. He received an other-than-honorable discharge from U.S. military service after slaying a man during a fight in England in 1962. He was a member of a student delegation that travelled to Cuba in 1964 in defiance of a U.S. state department ban. He is the self-styled leader of the Black Liberation Front.

Bowe is Philadelphia-born, married with one child. Employed as a judo instructor, he is a supporter of the pro-Castro Fair Play for Cuba committee. Stayed in Brooklyn-born, single and a former student at Howard University School of Engineering in Washington, D.C.

In Montreal, Pierre Bourguault president of Rassemblement pour l'Independence Nationale, said Miss Ducloux began working with his separatist organization as a volunteer last May when she became a member.

Bourguault said he thinks she still is a member in good standing "but we haven't seen her now in three months and we were wondering where she was."

KNOWN ON TV He said she was not generally known in Montreal for her political views but rather as a TV personality.

"But she was devoted to the party and worked very hard for it," he said. "She was a fine woman and a solid supporter."

The Rassemblement has claimed a membership of 7,000.

Twelve charter members of the club, who had given 100 or more hours of recorded volunteer service during 1964, received membership pins at last night's dinner meeting from Lieut. Gov. W.J. MacDonald.

Also presented last night was the Manning Trophy to Marcus Mooney, chairman of the Blood Donor committee of the Souris branch of the Royal Canadian Legion. It was stated only four other centres, Kinkora, Kensington, Tignish and Charlottetown, reached or exceeded their objectives, and the overall attendance fell from 97.2 per cent to 92 per cent in 1964.

SAFETY STEPS Members of a panel on "safety consciousness", Dr. W.R. Stewart, Dr. K.A. Parker and Ian Rankin, stressed the high cost of accidents in the province and outlined steps in view for the future.
