WISHES to call the attention of the public to the fact that he has something special this year in Stock and Lists for Custom Work. Also that we make any style, substance or quality of a Boot or Shoe you may require, from Men's largest size down to a Child's Boot, and at the most reasonable prices; and would remind parents and others that now is the time to get your Fall Boots made, and we claim to be the only house in the city that turns out GENUINE HAND-MADE CUSTOM WORK.

We would respectfully ask all who require anything in the above line to give us a call. Orders filled up to time. Good Fit. Best Value. Lowest Prices. REPAIRING of all kinds promptly done.

J. H. BELL, Upper Great George Street.

Charlottetown, Sept. 15, 1891—1m m w f

THE DAILY EXAMINER.

SEPTEMBER 25, 1891.

Notes and Comments.

The latest scheme for checkmating the designs of Major McKinley and other conspirators against England's commercial welfare is explained as follows by its promoters: "We propose to form a British Imperial Patriotic League, its object to be the encouragement of British industries, the protection of British labor, and, generally, to assist in the maintenance and development of British trade and commerce in every quarter of the globe. We intend to impress upon the British public the necessity of consuming, as far as possible, the products of British industry in preference to goods of foreign origin, and to make the signing of a pledge the sine qua non of membership of the league."

Whatever the real facts may be about the reported landing of a British armed force on the island of Mitylene, there is no doubt, says the New York Press, that the present attitude of England toward Russia in respect to the Dardanelles is that of resolute watchfulness. The rulers of Great Britain have no intention to allow the integrity of the empire to be imperilled by allowing Russia to place a powerful fleet in the Mediterranean. If it is necessary, England is ready to strike, and strike hard, to keep Russia from sending her superb Black Sea war ships through the Dardanelles. Lord Salisbury would not be the adroit and resourceful Foreign Minister that he is if he was not ready for the emergency. His foreign policy has always been masterly, and has received the commendation even of Mr. Gladstone. The faults of the present administration in England do not include neglect of British honor and interests abroad.

Ladoga wheat has been somewhat extensively grown in Manitoba this year, and with such satisfactory results that there is talk of its supplanting the Red Fyfe which won the Province its great reputation as a wheat producing country. The Ladoga ripens earlier than the Fyfe, and thus incurs less danger from frost. It is, however, a less valuable wheat on the world's market than the western standard grain, and has, moreover, not passed out of the experimental stage. A good deal is looked for from grinding experiments the Ogilvie and Lake of the Woods Mills are to make with this season's grain. The Free Press thinks that, even at a lower price, it will pay the farmer better to grow Ladoga; but that in any event the Fyfe will be grown, the most looked for being a division of the ground between the two varieties. The extra quality of the Red Fyfe more than justifies the extra risk, even when it involves the Winnipeggers sitting up all night now and then to watch the mercury.

The Markets.

The conditions of the markets have not materially changed since last week, though damage to grain freights and root crops by the latest storm in Great Britain will tend to increase the demand. Oats are in light supply at Charlottetown for 32 cents per standard bushel. A few special and prime lots have been purchased at 34 cents. Leading merchants here have sent samples of the crop of this year to dealers in the Mother Country, but have not yet received an intimation of the prices that will probably be offered for cargoes of same quality. Early varieties of potatoes are selling at from 18 to 20 cents per bushel. Dealers are chary and cull very carefully, owing to the prevalence of rot. It is stated that early potatoes, quite sound when purchased, will be badly affected by rot in the course of a few days. Cooler weather will probably tend to remedy the evil, though potatoes which are rotting had better be fed to the pigs. The pork market will, in all likelihood, open fairly well, and farmers will be wise if they have porkers for slaughter this fall ready in good time. The prices of pork in Montreal are quoted by the papers there as follows: Canadian choice family pork, \$16 to \$16.50; Chicago short cut mess, \$17 to \$17.50; Chicago extra clear mess, \$17 to \$17.50; Chicago new mess pork, \$15.50 to \$16; American old mess, \$14 to \$14.50.

German Soldiers.

To a colonel in the French army a writer in a German contemporary attributes the following: "The German (says the colonel) are in truth good soldiers, brave and honorable as we should have reason to be proud of them as allies. I lay seriously wounded, dying from thirst, on the battle field of Sedan, when two German soldiers came by. I called to them in German, 'Trinken.' One hastened to me and handed me his field flask. 'Here, comrade, drink,' said he. As I drank a bullet struck him. He fell. When the ambulance came to take me off the field I told the bearers not to forget the soldier. But he was dead. I would have given anything to shake the hand of that brave man who, in a hail of bullets, had so nobly befriended an enemy. As wounded and as prisoners of war we had nothing to complain of. I have fought in the Crimea, in Lombardy and Mexico, and am well able to form an opinion on the matter."

NAVAL CHANGES.—The British Admiralty has decided to relieve six of the warships now serving on the North American station. They will be replaced, on the expiration of their commissions, by more powerful and modern ships. The change is to take place by the end of the year 1892, and when effected the North American squadron will be in a position to cope with anything that can be brought against it on this side of the Atlantic. The following are the ships to be relieved, with the date of relief: Bellerophon, Dec. 15, 1891; Comus, 555, April 2, 1892; Emerald, April 2nd, 1892; Canada, Nov. 12, 1892; Pylades, Nov. 13, 1892; Tourmaline, Nov. 13, 1892.

The Halifax papers say the Canada is acting flagship while the Bellerophon is absent for ball practice.

Horse Notes.

Allerton's great mile of 2.09½ at Independence, on Saturday, again crowns him king of trotting stallions. He is only a half second behind the 2.08½ of Maud S. made six years ago. Allerton is the fastest four-year-old stallion, also five-year-old stallion, or stallion of any age; also the fastest five-year-old trotter that has yet been produced. "George Wilkes" Simmons, of Lexington, Ky., is the owner of the sires of the fastest two-year-old stallion, fastest three-year-old stallion, and fastest stallion that has yet been produced. They are Eagle Bird, sire of Monbars, William L., sire of Axtell, and Jay Bird, sire of Allerton.

Allerton, 2.09½, the fastest stallion; Freedom, 2.29½, the fastest yearling; Monbars, 2.20, the fastest two-year-old stallion; Axtell, 2.12, the fastest three-year-old stallion are all descendants of George Wilkes in a direct male line. Allerton and Monbars are inbred Wilkes', and the sire of Monbars is a son of the sire of Allerton. Guy Wilkes, 2.15½, (full brother to William L., sire of Axtell) now only twelve years of age, makes a great showing in the 2.20 list. He has five trotters and two pacers with records of 2.20 and better. No other horse at his age makes such a showing in the 2.20 list.

Arion, a two-year-old colt by Electioneer that made a record of 2.25½ over a month ago, trotted in a race for two-year-olds at Sacramento, Cal., lately and made a record of 2.21 in the second heat. This is dangerously near the 2.20 made by Monbars against the watch. The dam of Arion is by Nutwood, sire of Manger, 2.11½, three-year-old champion pacing stallion, and of Birchwood, two-year-old champion pacing race record of 2.18½ made in a race of twelve heats, the longest on record.

Executor, by Administrator has sired two 2.30 trotters this season—Mira, 2.29½, and Trixter, 2.25½. Rosemary, a two-year-old filly owned by the celebrated Kentucky breeder, B. J. Treacy paced a public mile in 2.25½, on August 29th, at Lexington. The sire of this filly is Bermuda, and the dam French Lawn, 2.34½, by Administrator. Bermuda has only eight foals of 1889, and two of them are already in the list—Rosemary, 2.25½, pacing Bermuda Boy, 2.29, trotting.

Two of the best foals sired by Dictator in his first season in Kentucky, are Phallas, 2.13½ and Director, 2.17, sire of Direct, 2.06, pacing. Phallas and Director were both bred by Col. West and sold by him for \$500 each. \$100,000 would not buy the both of them to-day. J. I. Case owns Phallas, also Echer, 2.23½, dam of Direct, 2.06, and she was the only mare that ever beat Director in a race.

The Grand Circuit races are over. This circuit includes tracks of seven cities—Cleveland, Buffalo, Rochester, Springfield, Mass., Hartford and Philadelphia. The total number of heats trotted and paced was four hundred; average time of circuit 2.20½; fastest heat, 2.10½ (pacing); slowest, 2.42. The great event of the season was the \$10,000 stake at Hartford won by Nightingale, the first mare to win the Charter Oak purse. She is by Mambrino King, son of Mambrino Patchen. C. J. Hamlin owns Nightingale and also her handsome sire, Prince Regent, the great young stallion that died won the \$10,000 Charter Oak stake, last year; he was also owned by Mr. Hamlin and sired by Mambrino King. The four-year old mare, Happy Bee, by Happy Russel, won most money—\$9,800; Little Albert, by Albert W., son of Electioneer, won \$9,700; Nightingale, \$7,750; Hal Pointer (pacer), \$7,475; Rosalind Wilkes by Conn's Harry Wilkes, \$6,250; and Temple Bar, by Egbert, \$6,000. Egbert is the sire of Guinea, 2.29, the finely bred brood mare owned by Mr. W. W. McLeod, Post Office Inspector.

Edgardo, 2.27½, the winner of the stallion race in New Glasgow, is a fairly well-bred horse. His dam, Lucia, is a great brood mare. She is the dam of four in the list, including Edgardo. Hurly Bury 2.27, went in this season; he is a full brother of Edgardo. The dam of Lucia was the great campaigner of her day, Lucy, 2.18½, by George M. Patchen. She was a great race mare, and if her daughter Lucia has not won fame on the turf herself, she has done what is perhaps better entitled to admiration: she has proved herself the mother of trotters. The sire of Lucia is Jay Gould, 2.20½, son of Hambletonian, 10. The sire of Edgardo is Ramon 2.20, by Tatter, 2.25, son of Pilot Junior, sire of Miss Russell, dam of Maud S., 2.08½, and Nutwood, 2.18½, and others. Mr. Todd of St. Stephen owns Edgardo, and, among other good ones, Lumps, 2.21, the pony son of George Wilkes. Lumps is to be exhibited this week at the races on Moosepath, St. John.

SHAWMUT.

Sources of Beautiful Color.

Indian yellow comes from the camel. Turkey red is made from the madder plant which grows in Hindostan. India ink is made from burned camphor. The Chinese are the only manufacturers of this ink. The cuttlefish gives the sepia. It is the inky fluid which the fish discharges in order to render the water opaque when attacked. Raw sienna is the natural earth from the neighborhood of Sienna, Italy. Raw umber is also an earth found near Umbria, and burned. The cochineal insect's furnish a great many fine colors. Among them are the gorgeous carmine, the crimson, scarlet, carmine and purple lakes. The exquisite Prussian blue is made by fusing horses' hoofs and other refuse animal matter with impure potassium carbonate. This color was discovered accidentally.

The Cod That Helps to Cure The Cold. The disagreeable taste of the GOD LIVER OIL is dissipated in SCOTT'S EMULSION OF PURE COD LIVER OIL WITH HYPOPHOSPHITES OF LIME AND SODA. The patient suffering from CONSUMPTION, BRONCHITIS, COUGH, COLIC, OR WASTING DISEASES, takes the remedy as he would take milk. A perfect emulsion, and a wonderful flesh producer. Price 50 cents. 49 Druggists, Sole, 1,000. SCOTT & BOWNE, Belleville.

KING'S COUNTY EXHIBITION, 1891

AND TROTTING RACES. \$1200 in Prizes.

THE Annual Cattle Show and Agricultural and Industrial Exhibition for King's County, will be held

AT GEORGETOWN Thursday, October 1st.

All articles for Exhibition must be delivered at the Drill Shed on or before 6 o'clock, p. m., on Wednesday, 30th September. All Horses for Exhibition and Races must be entered on the Secretary's book before 11 o'clock, p. m., on Saturday, 26th September. Mr. Andrew Lavers, Georgetown, will receive entries of Live Stock at his residence, until 26th September. After that date entries (excepting horses) can be made at the Secretary's office, on the Exhibition grounds, until 11 o'clock, a. m., on October 1st. The Exhibition Building will be open to the public at 9 o'clock, a. m., on Thursday, 1st October. His Honor the Lieut. Governor has been invited to attend at 12 o'clock, noon. The Georgetown Brass Band will play during the day. The best of order will be maintained.

THE RACES

on the DRIVING PARK at GEORGETOWN will commence at ONE o'clock, p. m., and will include

2.45 Class Purse \$60
Three-Minute Class " 40
Four-Year-Old Class " 30

The King's County Exhibition Association will also add the sum of \$25 to the horse that will make the best time in above classes, and beat the track record of 2.38.

Prize Lists, containing full information as to rules, regulations, etc., and blank entry forms can be obtained from the Secretary, or his assistant at Georgetown, Mr. Andrew Lavers.

Special rates on the P. E. Island Railway from Charlottetown and Souris to Georgetown have been arranged, of which due advertisement will be made.

Return Tickets from Charlottetown or Souris will be issued at \$1.00, and from intermediate stations at low rates.

Everyone should attend the King's County Exhibition this year, as the Show promises to be better than usual, and the Races will be keenly contested.

D. GORDON, GEO. F. OWEN, President, Secretary.
