A Statement of Facts.

On July 9th, 1891, after the present government obtained office, the actual debt of the Province, according to a statement furnished by the Assistant Provincial Secretary, amounted to

\$53,442.21

Mr. Peters, then leader of the Government, declared that thereafter revenue and expenditure would be made to meet—but there has never been a year since he made that statement without a deficit. Here they are:—

Deficit 1891	\$ 30,439.20
Deficit 1892	37,651.29
Deficit 1893	119,942.33
Deficit 1894	20,164.21
Deficit 1895	32,862.80
Deficit 1896	14,135.35
Deficit 1897	38,201.65
Deficit 1898	43,611.54
Deficit 1899	36,915.03

Total, \$373,923.40

The Conservatives imposed no TAXES. The present government collected the following taxes in six years:

1894—Taxes imposed	\$ 45,182.81
1895—	47,661.00
1896—	48,466.10
1897—	46,674.50
1898—	44,995.97
1899—	55,668.68

\$288,643.06

The present government claim credit for having made the following reduction in the expenditure:

In the abolition of the Legislative Council	\$5,000
In the administration of Justice	3,000
In the Public Lands Office	1,217
In printing, &c.	800
In abolition of the Reporter for the House	400

\$10,417

The average expenditure of the Conservatives for the twelve years they had the government, was \$278,959; and the above savings having been made, the average expenditure of the present government should have been \$268,542. But, as a fact, the average expenditure of the present government for the past nine years was \$304,511, or \$35,969 per year more than they claimed it should have been.

The Conservatives obtained an additional subsidy from the Dominion Government of \$20,000 per year. The present government obtained—NOTHING.

The last year the Conservatives were in power they paid for interest \$2,697.44.

The present government paid for interest last year **\$19,075.75**.

In other words, the ADDITIONAL SUBSIDY of \$20,000, obtained by the Conservatives, is now paid away by the present government for INTEREST on the DEBT created by them.

In a statement furnished by the Government on the 22nd May, 1900, the debt of the Province was made up as follows:—

Balance due Banks	\$159,363.22
Debentures	185,000.00
Contingencies 1898-1899	35,000.00
Deposits with the Government	152,435.77

\$531,801.40

If you add to this:

Debentures authorized last session	\$48,000.00
Sinking Fund used up	11,030.30
Amount due Winsloe estate	4,538.87

\$595,370.57

On the 31st Dec. next there will be due:

Salary of Teachers	\$25,000.00
Year's interest	10,000.00

\$35,000.00

Making a total of \$631,370.57

the debt of the Province.

The present government says it spends more for Education than the late government. Well, the Conservatives spent for the years 1879 to 1880 the average sum of \$104,181 yearly.

The present government's average expenditure on education from 1881 to 1899 was \$121,868 yearly, or \$17,687 more than the Conservatives.

But they saved \$10,417 per year which the Conservatives had to pay, and they collected on an average \$42,108 per year IN TAXES, while the Conservatives had NO TAXES.

The people may ask where the additional expenditure goes. Well, the answer may in part be found in the fact that more is spent upon the roads—BUT ONLY IN ELECTION YEARS.

In 1893 they spent on roads \$50,123.

In 1897 they spent on roads \$28,199.

In 1899, when there was NO ELECTION, they spent only \$14,913.

In 1893 and 1897 there were elections.

This year, as there are two elections, the expenditure will probably reach, if not exceed, that of 1893.

The government are spending about \$50,000 per year more than the revenue, and are now collecting \$15,000 per year in taxes.

The debt of the Province is over \$600,000, and if the present state of affairs continues the debt will soon be so great that no more money can be borrowed. Then will come TAXATION with a vengeance.

The electors have now the opportunity of stopping this reckless expenditure, by voting the present incapable and extravagant party out of power on the 12th December.

LEARNING TO GIVE THANKS.

There are times when we learn to give thanks for the fundamental which we so often take for granted in our comfortable lives. A little experience of illness makes health seem the best thing in the world. A little loneliness shows us the worth of home and friends. The absence of accustomed help makes the housekeeper recognize the value of relief from drudgery. If the milk is sour of a morning, we perhaps condescend to think of the care and trouble which secures us sweet milk day by day. In times of drought we value an unfailing spring. If care or an aching tooth give us a sleepless night, we learn to value quiet sleep. A Christian ought to recognize their source while he enjoys them with a quiet heart. And when we are inclined to grumble at the lack or loss of some of the artificial and incidental comforts or luxuries of our complicated lives, would it not be well to preface our grumbling with recollection of these underlying necessities which God has so fully provided.—Selected.

THAT WHICH IS BETTER THAN OUR BEST.

Looking back may show us where we have failed to do as well as we could, or it may remind us that we have done better than we are now doing. Looking forward may suggest to us that we can do better than we have done in the past, or it may encourage us to see possibilities of our doing in the future beyond anything we have thought of until now. Looking up may indicate what God would have us do, and that may be better for us than either regret for shortcomings or encouragement to better doings. Our duty as God shows it to us, that should be our aim, rather than an improvement on our past, or our highest conceivable attainment in time to come. Beneficial interests shown up to this time, if as hoped for in time to come, is well in its way; but there can be nothing better for us than God's purpose in our behalf as he holds up the standard and the ideal.

SOME GOOD RULES.

An old Scotch writer says: "The longer I live, the more I feel the importance of adhering to the following rules, which I have laid down for myself in relation to such matters: "1. To hear as little as possible what is to the prejudice of others. "2. To believe nothing of the kind until I am absolutely forced to. "3. Never to drink in the spirit of one who circulates an ill report. "4. Always to moderate, so far as I can, the unkindness which is expressed towards others. "5. Always to believe that if the other side were heard, very different accounts would be given of the matter."

—Let us do our duty, and pray that we may do our duty here, now, to day; not in dreamy sweetness, but in active energy; not in the green oasis of the future, but in the dusty desert of the present; not in the imaginations of elsewhere, but in the realities of now.—Canon Farrar.

DOES ANYONE CARE FOR THE FATHER?

Does any one care for the father, Does any one think of the one Upon whose tired, bent shoulders The cares of the family come— he for whose sakes for your com for,

And toil from day unto day, Although his steps ever grow slower, And his dark locks are turning gray?

Does any one think of the debt bills He's called upon daily to pay? Milliner bill, grocery bills, doctor bills—

Here are bills of so we kin I every day Like a patient horse in a tread mill, He works on from morning till night. Does anyone think he is tired? Does anyone make his home brighter?

Is it right, just because he looks troubled, To say he's as cross as a bear? Kind words, little actions and kindness Might banish his burden of care. 'Tis for you he's ever so anxious, He will toil for you while he may live; In return he only asks kindness, And such say is easy to give. —Sunday School Advocate.

TYPICAL GRIT STATESMAN

(Halifax Herald.)

Premier Farquharson, of P. E. I., is a fine type of grit patriot and statesman. He is thrifty and knows how to make hay while the sun is shining. The St John Sun reports concerning him:—

"It is a comfortable thing to know that Mr. Farquharson has agreeable relations with Mr. Tarte, and that he is not who y dependent upon provincial politics for his subsistence. The premier is said to be the owner of the tug J. A. Stewart, which works in connection with the dredge Prince Edward in Prince Edward Island waters. During the fiscal year 1897-98, this tug was employed 148 3-5 days at the handsome recompense of \$25 per day, her total earning being \$3,715. In the season of 1898-99 this industrious and thrifty tug did still better, putting in 173 17-20 days, at \$25, and one night at the same price, earning \$4,317.55. It will be judged that the relations between Mr. Tarte and the Prince Edward Island government were quite intimate, even before the Pineau episode. Mr. Farquharson seems to be almost as fortunate as Mr. Tarte's relatives. They had this advantage, however, that they were not required to own or operate any dredges. They simply pocketed their "rake off" of \$20 a day.

Good-Bye

We say it for an hour, perhaps for years; We say it smiling, say it choked with tears; We say it coldly, say it with a kiss, And yet we have no other word than this— Good-bye. We have no dearer word for our heart's friend, For him who journey o the world's far end, And scars our soul with going; this we say, As unto him who steps but o'er the way— Good-bye.

Alike to those we love and those we hate, We say no more in parting At life's gate, To him who passes out beyond earth's sight, We cry as to the wanderer for a night— Good-bye.

Every Form of Piles

Mr. George Thompson, a leading merchant of Blenheim, Ont., states:—"I was troubled with itching piles for fifteen years, and at times they were so bad I could scarcely walk. I tried a great many remedies, but never found anything like Dr. Chase's Ointment. It cured me." Mr. Jas. Jackson of the Laurie Spool Company, St. Alexis des Monts, Que., writes:—"I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment I can say I am entirely rid of it. It is a treasure to all suffering from piles."

Mr. W. D. Thornton, blacksmith, Calgary, N.W.T., states:—"For fifteen years I suffered untold agony from blind, itching piles, and have been under treatment with well-known physicians. I had 15 tumors removed, but obtained no positive cure. I have suffered more than I can tell, but can now say that, thanks to Dr. Chase's Ointment, I am positively cured, and by one and a half boxes. 60c a box.

FAMILY RECORDS

One of the most beautiful pictures in color. Upon a background of "THE GOLDEN RULES" the FAMILY RECORD is a series of a handsome volume of GOLD CLAYS, in a handsome red leather cover with a gold-tooled spine. On the pages, in 40 different headings, are spaces in which to enter the name and date of birth. On either side is a beautiful record on which to record marriage and death. On the left page are the words, "FAMILY RECORD" in the richest coloring known to the printer's art. Under these are spaces for father's and mother's names. In the lower part of the book is a beautiful illustration of a family. The DR. CHASE'S OINTMENT, THE HAPPY YOUNG WIFE, THE LOVING DAUGHTER, and BABY-BY—THE IDEAL CHILD—each in a separate space around the table, while golden rays lead a portion of God's HOLY WORDS to the beautiful scene. Underneath is the word, "GOLDEN RULES OF THE FAMILY." Around this picture are 100 spaces for photographs of the members of the family, each space containing a gem flower also. These being the picture are a thorough cleansing of the face, hair and complexion, and the whole resting on, and the skin in a beautiful glow. The background of a picture which is a picture of a smiling family, gives a picture of a smiling family. AGENTS NOW IS YOUR TIME. Buy any one who sends this ad. we will send you for 25c.
