Best of All.

Cough medicines, Ayer's Cherry Pectoral is in greater demand than ever. No preparation for Throat and Lung Troubles is so prompt in its effects, so agreeable to the taste, and so widely known, as this. It is the family medicine in thousands of households.

"I have suffered for years from a bronchial trouble that, whenever I take cold or am exposed to inclement weather, shows itself by a very annoying tickling sensation in the throat and by difficulty in breathing. I have tried a great many remedies, but none does so well as Ayer's Cherry Pectoral which always gives prompt relief in returns of my old complaint."—Ernest A. Hooper, Inspector of Public Roads, Parish Terre Bonne, La.

"I consider Ayer's Cherry Pectoral a most important remedy
For Home Use.

I have tested its curative power, in my family, many times during the past thirty years, and have never known it to fail. It will relieve the most serious affections of the throat and lungs, whether in children or adults."—Mrs. E. G. Edgerly, Council Bluffs, Iowa.

"Twenty years ago I was troubled with a disease of the lungs. Doctors afforded me no relief and considered my case hopeless. I then began to use Ayer's Cherry Pectoral, and, before I had finished one bottle, found relief. I continued to take this medicine until a cure was effected. I believe that Ayer's Cherry Pectoral saved my life."—Samuel Briggs, Waukegan, Ill.

"Six years ago I contracted a severe cold, which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and his effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am as well and sound as ever."—Rodney Johnson, Springfield, Ill.

Ayer's Cherry Pectoral,

THIS PAPER

may be found on the 10th inst. after a protracted illness, aged 16 years, Barbara Laura, second daughter of Michael and Mary A. McCormack, Sonria. Deceased was a general favorite at the Convent, where she was educated, and her early death is lamented by all who knew her.

DOMINION PARLIAMENT.

The Weekly Holiday.

IN THE COUNTRY.

A COMPARISON.

Doctor Robertson's Trouble.

Shouldn't Fool With the Election Law.

(Special Correspondence of the Examiner.)

OTTAWA, Feb. 19.

The House adjourned on Friday night until Monday at 3 p. m., and many of the members and others took an opportunity of paying a visit to the country. Your correspondent, in company with Hon. D. Ferguson, travelled by the C. P. R. to Almonte. The country near Ottawa, at least in winter, does not look very inviting. Lumber seems to be the principal commodity, and immense piles of deals and boards can be seen on every hand. The C. P. R. Station is located near the entrance of the city, and from here, passengers going west depart.

After leaving Ottawa the first place of importance is Carleton Junction. Here the road for Smith's Falls, Brockville, Toronto and points south branches, and quite a large sized town has been built up on both sides of the river. The railway works gives employment to a number of people, and the place has quite a thriving appearance. Next after Carleton in importance is Almonte. Here is situated the largest woolen mills in Canada, and many tall chimneys can be seen in different parts of the city. But apart from the towns and villages, the character of the houses in this part of Ontario do not compare favorably with our own best farmsteads in P. E. Island. The farmers are evidently no further advanced than our own, and settlements like many we have are not to be seen. Prices of farm produce are high in this part of Canada. The short crop of grain and hay causes everything in the way of food to be dear. Oats are selling for 52 cents per bushel and good potatoes can hardly be got at any price. The very ordinary ones, we saw, sell at fifty cents per bushel. Flour brings about six dollars per barrel, and pork sells at \$6.50 to \$7 per hundred. If we only had such good prices for oats and potatoes on the Island what a country it would be for the farmer! Well, all that is wanted is some manufacturing towns.

Of course this part is a great lumber country. Thousands of men are now in the woods getting the season's cut of logs prepared for driving in the spring—but if it were not for the manufacturers, the towns and villages would not be so prosperous. Some complain, I heard, that farmers are not prompt enough in paying their accounts. I heard of a man who was paying interest on debts he owed, and yet had the grain of five or six years stored up in immense zinc-lined grain bins, holding it for a price. Such is the folly of some men. After all, I do not think our farmers are any less intelligent than those of other parts of Canada. Having conversed with some of those I met here, I found that they adopted no new system. If they did not have such a fine market they, no doubt, would squall as bad as they do in P. E. I.

In the House of Commons yesterday, the most exciting event for your readers was the motion of Mr. Taylor, of Leeds, setting forth that he had been informed that Dr. Robertson, M. P. for King's, P. E. I., had received Government money for services to the Department of Marine, while attending a sick sailor on the Island, and asking that the matter be referred to the Committee on Privileges and Elections. Mr. Laurier suggested that the motion be deferred for a day or two, to which Sir John Macdonald agreed. This is to give the Dr. an opportunity to prepare his defence. What the outcome will be it is hard to say, but it looks now as if Doctor Robertson will have to contest his seat. Of course, it seems hard that a person should lose his seat for so trifling a matter; but it is the law, and Dr. Robertson should have been more careful, knowing as he did the danger that arises from fooling with the Dominion Election Laws. His friend, Dr. McLaren, was within a few miles of Montague, and could easily have been summoned to attend the case in question, and I am surprised that such was not done.

G. F. O.

MARRIED.

In Boston, Feb. 4, by Rev. Walter E. Smith, D. D., at the Church of the Emmanuel, Dr. T. Prescott Morey, of Bangor, Me., and Miss Bertha M. Kennedy, of Georgetown, P. E. Island.

DIED.

On the 19th inst., after a protracted illness, aged 16 years, Barbara Laura, second daughter of Michael and Mary A. McCormack, Sonria. Deceased was a general favorite at the Convent, where she was educated, and her early death is lamented by all who knew her.

"And like a flower she faded, my fair hope,
Grown tall and slight, and dearer than the rest."
'Twas hard to see her wither. Ah! my heart,
Be patient still, for God, He knoweth best."

Balance of Heavy Underwear selling at cost at D. A. Bruce's.

Local and Other Items.

A Big Egg.—The St. John Sun says that Mrs. Alfred Taylor, of Bloomfield, K. C., N. B., prides herself in possessing the champion egg. On Monday one of her hens laid an egg measuring 2 1/2 by 7 1/2 inches.

FIRST OF THE SEASON.—New Goods, per S. S. "St. Mary" received to-day at Mrs. R. Young's. Blackstraw Hats, Hat and Bonnet Frames, Flowers, Feathers, Ribbons, Vellings, etc., first of the season. d w—feb21

THE DEADLY CYCLOPE.—The lower end of Shelby County, Ala., was swept by a cyclone early on Monday morning. Thirty or forty houses were blown down, five or six persons killed and about thirty injured.

FLOUTERING.—The Sonria Bink is flourishing. It is patronized by all the leading families of the town. Among the strangers present last evening were one of Cardigan's prettiest girls and her lady friend from Montreal.

HYMNICAL.—The Bangor, Maine, Commercial, of the 5th inst., says: "Dr. and Mrs. J. Prescott Morey arrived here from Boston this morning to make their future home." We join heartily with their friends in extending congratulations.

"I have used Ayer's Pills for the past 30 years, and am satisfied I should not be alive to-day if it had not been for them. They cured me of dyspepsia, when all other remedies failed."—T. P. Bonner, Chester, Pa. Ayer's Pills are sold by all druggists.

SHE MEANT WELL.—Charitable old lady, to little beggar girl: "Loro's some bread for you. It's a day or two old, but you can tell your mother to take two or three fresh eggs, a quart of milk, a cup of sugar, some good butter and half a grated nutmeg, and she can make a very excellent pudding of it."

HE KNOWS THEIR WORTH.—When a newspaper man is elected or appointed to an office he generally takes good care of his brethren in distributing patronage. The new governor of Wisconsin, J. C. Hoard, is an editor, and one of his first official acts was to put six newspaper men in six prominent places. So says the Troy Press.

OBITUARY.—Mr. James Grant, who was for many years in the employ of the Post Office and Savings Bank Departments in this city, passed away to-day. The event was not unexpected, for he had not been in good health since the death of his son, the Rev. Dr. Grant. Mr. Grant was a good man, quiet, obliging, honest, conscientious and sincere.

TRIED TO KILL HIMSELF.—While enacting from the effects of drink a Montreal night watchman named Jules Lavoie went home a few nights ago and deliberately shot himself through the ear with a revolver. Fortunately it had no fatal effect, although inflicting serious internal injury. The wounded man had been drinking heavily for the last five days.

"THE WORLD GONE MAD."—A correspondent writes: The Rev. James Carruthers lectured on the above subject in the Sonria Court House on Wednesday evening last. He first referred to the Mississippi craze, then to the South Sea bubble, then to the aethetho craze, and to the blue glass craze, and to other crazes that have prevailed in the world from away back in its history up to the present time. Witches, fortune tellers, and the man with the evil eye too, received some comic touches from the rev. lecturer's graphic pen. The lecture, as a whole, was highly interesting and amusing. At the close a vote of thanks, moved by Rev. J. J. Cameron, seconded by John McLean, Esq., was tendered the lecturer, who made a suitable reply.

HAD A CHANGE OF HEART.—A despatch from Montreal says:—"Five years ago a girl named Fozze came here from Moncton and entered a convent, and later on became the mistress and finally the lawful wife of a man named Buchanan, belonging to one of our best families. The husband subsequently made the acquaintance of Miss Bloor, of Toronto, and the couple became engaged. Their union was, however, prevented by the lawful wife's lawyer. Being disowned by his family, Buchanan became penitent and not long since accompanied his wife to New Brunswick, and while in a church on a Sunday evening at Moncton experienced a change of heart, and asked the prayers of the congregation. Next morning he deserted his wife and left her parts unknown. Mrs. Buchanan became a mother and came back to Montreal, where she now learns that her heartless husband is in New York. The unfortunate woman will return to her people in New Brunswick at an early date.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. [April 1 '88]

Odds and Ends.

A newspaper man has been turning over the files of the Pekin Gazette. He finds that it has been published continuously for 800 years.

It is said that the absence of snow this winter, in many parts of the country has enabled the hens to get more gravel, and, therefore, they have laid more eggs.

It evidently takes over three months to elect a President in the United States. Messrs Harrison and Morton were declared elected on Wednesday. The voting took place on November 8. Quick time!

Bobby (returning from school after a history lesson)—Mamma, was Charles II an Episcopalian? Mamma—No, my son. Why do you ask that? Well, the history says he did things he ought not to have done, and left undone things that he ought to have done, and so I supposed he must be.—Christian Register.
