

THE DAILY EXAMINER.

JULY 7, 1884.

A Grit Slander.

The Patriot is very anxious indeed that the whole of the Liberal-Conservative Party in Queen's County, should be involved with Dr. Jenkins in a charge of conspiring to nullify the votes of a large number of free and independent electors. As the charge is brought against those who denounced and foiled the Honorable David Laird's projected disfranchisement of all the non-property holders in the Province, it seems somewhat unreasonable, and should certainly be supported by the clearest evidence. But the Patriot, it will have been observed, has advanced not one jot or tittle of proof. In point of fact, it has not one jot or tittle of evidence to bring forward. There is no truth whatever in the charge. It is a simple slander, and its propagator's motive is apparent. There is not a single circumstance to give it color. On the contrary, the circumstances all disprove it. A recount was demanded. What of that? The election was a close one; and the result, as at first declared by the Sheriff, was doubted by many persons. Dr. Jenkins could not, therefore, be blamed for demanding the recount; and, certainly, neither Mr. Brecken nor Mr. Davies had any right to complain that their titles to their seats were, after a careful and critical investigation before a Judge of the County Court, proved to be good. Therefore, even supposing the Liberal party in the town agreed to demand the recount—and they did not—they did nothing that was wrong.

The offence was committed after the recount—after it was known beyond a doubt that Mr. Brecken had obtained a majority of the votes of the electors—in the opposition, which was offered to Mr. Brecken's efforts to have the known will of the majority carried out. On a mere legal technicality, by which the votes of nearly seven hundred electors were set aside as worthless, Dr. Jenkins was awarded the seat, and Mr. Brecken was obliged to obtain, by a process of law, the position to which by will of the majority he was elected. In this he was opposed at every point, not only in the Supreme Court of this Province, but in the Supreme Court of Canada; and for this opposition, Dr. Jenkins himself, and Dr. Jenkins alone, was responsible. The leading men of the Liberal-Conservative Party gave it neither countenance nor support, and on behalf of the party THE EXAMINER took pains to protest against it in the most vigorous terms it could command. So that the Liberal-Conservative Party are entirely blameless.

—Insurance men in Ottawa are combining to raise the rates. But Ottawa can afford to snap her fingers at them. She has an almost perfect system of waterworks.

A PATENT BAGHOLDER.—The difficulty of filling a bag, known by all farmers and others who have had experience in the awkwardness of the exercise compared with that of shoveling grain or potatoes or anything into a barrel, has called forth the inventive genius of a Halifax mechanic, and his invention of an improved bag-holder has just been patented at Ottawa. The machine seems to amply overcome the difficulties of holding a bag in position with its mouth wide open, and in a simple manner readily adjustable. An upright post on a moveable platform is furnished with a hoop to slide up or down according to the depth of the bag, the bottom of which is to rest on the platform. The outside of the hoop is furnished with pins. The hoop is swung to one side of the platform, thereby contracting its size to hang the bag on the pins and firmly holding its mouth extended when swung on the platform. Then, when full, the bag is simply swung to one side, and automatically discharged from the holder. The inventor, Mr. Michael B. O'Neill, has sold this invention to Mr. Wm. J. Messervey, Upper Water Street, who by the patent has the sole right of manufacture in the Dominion. Mr. M. leaves for P. E. Island shortly, and he believes he has in the machine a most desirable article. See advertisement.

HARDEN HAND GRENADE.—A second test of Harden Hand Grenade was made yesterday forenoon in the vacant lot opposite the Times office. This test was made in vindication of the grenade, it being claimed that the test made last week was not a fair one. The proceedings yesterday were conducted by Mr. Pilling, assisted by the local agent, in the presence of a number of spectators. Tar and oil were poured on a quantity of shavings in the old organ box used in the first test and this was allowed to get burning fiercely. Two of the grenades were thrown into the flame and had the effect of quickly smothering it out. More tar and oil were poured on and again lighted, one grenade being sufficient to extinguish the flame. The box was then turned upside down and the fire lighted under it. Two of the grenades were applied and put the fire completely out. The test was wholly satisfactory to those who witnessed it. The inch board stuff in the box was deeply charred, showing that the flame had reached considerable volume before the grenades were applied. The grenades consist of a glass globe weighing one pound, filled with a chemical fluid highly saturated with and generating in fire heat an immense volume of fire-extinguishing gas, in which it is said to be impossible for combustion to continue. The fluid itself is perfectly harmless to person or clothing. It is claimed to be specially valuable for factories or warehouses where a full insurance is not practicable.—Moncton Times.

GAUDAUR, who won the single scull races on the Charles River during fourth of July celebration, is looked upon as the coming champion. His style is easy, his strokes long and clear, and he has a peculiar knack of making his boat skim along rapidly without apparent effort. Hosmer, who won considerably fame last year as a first-class sculler was one of the defeated contestants. He expressed great admiration at Gaudaur's style and thinks Hanlan would find in him a formidable rival. Hanlan has met a good many such formidable rivals in his day.

Provincial Exhibition 1884.

A general meeting of the Board of Commissioners for managing the General Exhibition of Agriculture and Local Industry for this Island, was held at the Law Courts Building, Charlottetown, on Friday, July 4th.

Among the large number of influential farmers, merchants, and mechanics present were,—

Hon. Senator Haythorne, Marshfield, Chairman.

Hon. D. Ferguson, Marshfield.

Hon. J. O. Aensault, Wellington.

Hon. Judge Hensley, Charlottetown.

Hon. John Balderston, Kingston.

Hon. Lauchlin McMillan, Covelhead.

Hon. James Clow, Murray Harbor.

Patrick Blake, Esq., Charlottetown.

Alex. Martin, Esq., Valleyfield.

Henry Longworth, Esq., Glen Wood.

Chas. C. Gardner, Esq., Charlottetown.

Owen Connolly, Esq., Charlottetown.

John Kelly, Charlottetown.

John T. Jenkins, Esq., Charlottetown.

Edward Bayfield, Esq., Charlottetown.

Thos. McLean, Esq., Charlottetown.

F. T. Newbery, Esq., Charlottetown.

John Newson, Esq., Charlottetown.

G. W. Mason, Esq., Lot 48.

Wm. Haslam, Esq., Springfield.

John A. McDonald, Esq., Tracadie.

Lawrence Peters, Esq., Rollo Bay.

John Smith, Esq., Lot 26.

Thos. Lannan, Esq., Lot 66.

Wm. Mutch, Esq., Hopeton.

Albert Boswell, Esq., Pownal.

Jos. Harrington, Esq., Bay View.

Wm. McGrath, Esq., Mill Cove.

George Sinclair, Esq., Malpeque.

Daniel Sinnott, Esq., Morell.

Alex. Scott, Esq., Brackley Point.

John Allan McDonald, Esq., Pisquid.

Thos. Vessey, Esq., Little York.

Isaac Thompson, Esq., Suffolk.

D. H. McDonald, Esq., Bedeque.

John Hughes, Esq., Morell.

The Exhibition will be held on Wednesday and Thursday, October 8th and 9th.

The usual Committees were appointed. The necessity of erecting a sheep shed on the show grounds was discussed, and it was resolved to erect a suitable building for that purpose.

After the transaction of business the meeting adjourned until Tuesday, July 15th, at which the prize list will be submitted, as prepared by the committee appointed for that purpose.

A. McNEILL, Secretary.

Ch'town, July 7, 1884.

Fourth of July at Souris.

A CORRESPONDENT writes: A large number of fishing schooners have been anchored in Souris Harbor for the last few days. They are certainly very handsome craft, most of them carrying two topmasts and supplied with two or more large seine boats. Yesterday being the 4th of July, the day was duly celebrated here. The programme was begun by firing cannon, one of which exploded, without, however, doing any damage except tearing up a few wharf planks and punching a hole in the roof of a building that stood close by. Fog horns, tin whistles, and other instruments were brought into service, while a gay display of bunting was unfurled to the breeze. In the evening a brilliant exhibition of fireworks took place in front of Consular Agent Carlton's residence, which was much admired. A little before midnight, amidst a medley of noises from guns, whistles, drums, horns and concertinas, a huge torchlight procession, with the American Flag proudly borne at the head of it, paraded the streets of the village. The procession was in every way quite imposing, the marching and counter marching being done in perfect order, while every now and then ringing cheers rent the air. In justice to the American fishermen who spent the 4th in Souris, it may be said that judging by their appearance and by their conduct while on shore, a finer set of men it would hard to find. In the old rum times a fleet of American fishermen anchored off Souris generally meant much drinking and fighting on shore. Times have changed for the better. The temperance sentiment of the village and surrounding country has made itself felt; and now there is no rum to be had either at Souris West or East—except at the licensed Vendor's. The captains and crew alike of the fifty craft—numbering in all about 800 men—at Souris, on the 4th, deserve to be congratulated upon their good behaviour, while celebrating their glorious old Fourth of July.

Desecrating the Sanctuary.

A BOAT'S CREW WRECK A CHURCH, BOMBARD A HOUSE AND ATTACK A SHIP'S CREW.

St. John's, Nfld., June 30.—The crew of the bark Lady Elburn, on Saturday night, broke into the Roman Catholic church of St. Mary's, in St. Mary's Bay, and demolished the furniture and appointments of the sanctuary, destroyed the tabernacles, abstracted the chalice, the ciborium, and other sacred vessels, smashed the candelabra and strewn the debris about the streets. Five of the men have been arrested. As soon as the knowledge of the desecration of their church spread among the Catholic population not less than 500 boats were manned for the purpose of scuttling or firing the vessel. The parish priest and the supplying merchants induced them to refrain from violence.

St. John's, Nfld., June 30.—Two Orange outrages are reported here. At Twillingate sixteen loaded guns were fired into the house of Capt. Wrey, and the windows were smashed with huge stones. The Wreys are one of only three Catholic families residing at Twillingate. At Green's Pond harbor, four Southern vessels took refuge from a southeast gale and floating field ice on Thursday last. The Orangemen attacked the crew on shore, maimed them brutally and pursued them to their vessels with large ballast stones, smashing the companion doors, skylights, cabin stoves and furniture, breaking bulworks, and forcing the vessels to rush away amid the storm and ice peril out into Bonavista Bay.

PRESIDENT ARTHUR has vetoed the Fitz-John Porter bill. The reading of the veto was received with applause on the Republican side of the house and hissed on the Democratic side. President Arthur in his message to the House announcing his disapproval of the Fitz-John Porter bill, reviews the action of the court martial which convicted Porter, asserting its judgment was final.

Our Advertisers.

A. McNeill, auctioneer, will close out by auction three cargoes of round and slack coal, to-morrow, at 11 o'clock. This offers a rare chance for householders to get their winter supplies at a bargain.
