A STRONG BACKING

Commissioner of Wickham, N. B., Civil Courts, Makes an Important Statement.

Wickham, Queen's Co., N. B., May 7.—Mr. G. L. Worden, commissioner of the Civil Courts there, is emphatic in his endorsement of the great medicine, Dodd's Kidney Pills. "Dodd's Kidney Pills," he says, "have been a wonder and surprise to myself. After over twenty years of suffering with my back and kidney I am well. Not the least painful part of my trouble was the pain, frequency and poor success in urinating. After using Dodd's Kidney Pills I enjoy the natural, comfortable feeling in the particulars above referred to. I feel like a young man, though seventy-six years of age. I recommend Dodd's Kidney Pills to sufferers, as they do as they are advertised to do."

Galt has sent \$800 and about eight tons of clothing and merchandise to the Ottawas and Hull fire sufferers.

DRIVE GARRISON OUT OF BULAN AND DESTROY THE TOWN.

Unofficial letters received at Manila, state that 3,000 insurgents burned Bulan in south Luzon, on May 4, and drove out 50 men of the Forty-seventh Volunteer Infantry, who were garrisoning the place. They killed many of the Spanish and Chinese residents. Last week some Sergoson firms, in response to a petition, sent a steamer to rescue the merchants of Bulan, who were expecting an attack. Details of the affair are meagre, but it is reported that the American troops were forced to take refuge aboard the ships, and that a gunboat shelled the city, while the rebels looted and burned it. There had a population of 20,000, and there were several large commercial establishments situated there.

Twenty-seven Spaniards who were liberated in Batanzas province have arrived in Manila.

A force of rebels on May 2 attacked twenty men of No. 1 Company, of the Forty-fourth Regiment, stationed at Barotac, Iloilo province, on the Island of Panay. Three of the Americans were killed and seven wounded.

"Immense quantities of goods from Germany, more particularly machinery, are being prepared for shipment, in anticipation of the closing of the war," says Consul George Sawter, at Glouchau in a letter to the state department. The agents of leading German firms, says the Consul, are proceeding to Cape Town in order to give their principals the earliest information as to affairs of the republics and their probable needs when the war is brought to a close. The general belief is that the end of the war will be followed by a boom, the like of which the world has not seen since the days of the Australian gold discoveries.

A despatch from Pretoria says that a boarding-house next door to the Begbie Engineering works at Johannesburg contained thirty-seven men, all of whom were killed by the explosion. There is no trace of the building left. The news of the explosion greatly affected President Kruger, who exclaimed: "Is there a God?"

Investigation of the report of a supposed attempt to assassinate Lord Roberts shows that it is the outcome of a story which has been going the rounds for some time without much credence being given to it. The tale is of a mysterious stranger who appeared upon the Dunottar Castle when Roberts went out to Cape Town. He was credited by some perhaps too imaginative passengers with a sinister intent to murder the only "Robb." It may have been mere curiosity on the part of this passenger, but his conduct was rather unusual, and he was carefully watched. The English Field Marshal kept discreetly out of his way, but nothing occurred which could give any justification for the arrest of the mysterious passenger.

More Trouble in Spain

MADRID, May 12.—Precisely at noon the stores here were closed by the proprietors, and despatches from the provinces show that similar action was universal in the large towns.

No serious disorders have thus far been chronicled, but excitement prevails at several places. "The National Union," the league recently formed against the government's taxation projects, urges the people not to depart from a perfectly peaceful line of demonstration. Nevertheless the government has called out the gendarmes in Madrid, and police precautions have been taken in the provincial towns.

At the cabinet council Senor Silveira, the premier, declared that he wished to respect all political opinions but to repress any attempt to disturb the tranquility of the country.

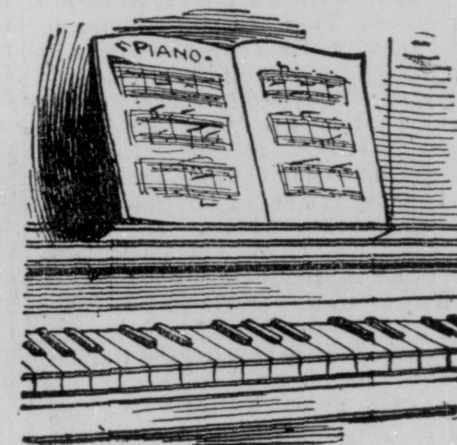

Senor Dato expressed a belief that the demonstrations against him in Catalonia were the work of an audacious minority. He also declared himself convinced that those representing the pro-naming opinion there lacked the necessary decision to enforce their will.

Dodd's Kidney Pills

are the only medicine that will cure Diabetes. Like Bright's Disease this disease was incurable until Dodd's Kidney Pills cured it. Doctors themselves confess that without Dodd's Kidney Pills they are powerless against Diabetes. Dodd's Kidney Pills are the first medicine that ever cured Diabetes. Imitations—box, name and pill, are advertised to do so, but the medicine that does cure

Diabetes

is Dodd's Kidney Pills. Dodd's Kidney Pills are fifty cents a box at all druggists.
