THE FOLLOWING arrived today with coal for C. Lyons & Co: Brig Aquila, schrs. A. S. Townsend, Day Spring, Daniel, Margaret Ann, Blondin, Henry L. Phillips, Springfield.

FROM HALIFAX.—The steamer City of Ghent arrived from Halifax about ten o'clock last night, and left on return this afternoon. She had a miscellaneous freight both ways.

DESTROYING TREES.—Summers are being issued to-day for a number of lots charged with maliciously injuring trees on the grounds of West Kent School. The summonses are returnable on Wednesday.

ENTERTAINMENT.—All who desire to enjoy a pleasant evening should attend the entertainment in St. Patrick's Hall this evening. Admission 15 cents. Entertainment commences at 8 o'clock.

AFTER THE FIRE.—Chatham is already moving in the direction of better fire protection. A new fire engine has been purchased, a thousand feet of hose, two hose reels and some other very necessary appliances.

FOR THE ADMIRALTY COURT.—The Cuba-Elliott collision case, it is understood, will be allowed to go to the Admiralty court for settlement. The Cuba gave bonds for \$10,000 and also, so it is stated, filed a counter claim.—Halifax Herald.

FROM MONTREAL.—The Bonavista arrived last night about ten o'clock bringing a large general cargo. She left on return about noon today. Her outgoing freight included 2000 bags oats, 125 lbs. vegetables, 13 cases boots and shoes and a large quantity of leather.

GO-DOWN FOR HALIFAX.—The Halifax electric railway, it is expected, will be in operation from Coburg Road to Conard Street in about eight weeks. The rolling stock and road bed will be equal to any on the continent, and the cars will be propelled, heated and lighted by electricity.

THE POST DOWNED.—We are told in the poem that "The hand that rocks the cradle is the hand that rules the world." This, no doubt, is a pretty sentiment; but, as an exchange points out, the author ought to know that about eight women out of ten rock the cradle with their feet.

A DISASTROUS FIRE.—Thomas L. Brownell, of Lockport, N. S., while feeding live stock a few nights ago, knocked his lantern down, setting fire to the hay in the barn. He had just time to save the horses and cattle. The contents, consisting of hay, grain, farming utensils, etc., were all destroyed. Small insurance.

SHIPMENTS FROM SPENNER.—The Pioneer says: On Thursday Mr. S. H. Jones took away 230 sheep which went to Somerville, one of the Boston cattle markets. On Friday Mr. John Forbes of Tyne Valley, sent away 200 for Apohaqui, N. B., and Mr. P. G. Mahoney of Melrose, N. B., sent away 194. Again on Saturday 191 were shipped for McDonald of St. John.

HIGH PRICE FOR STAMPS.—The stamp craze evidently has caught the blue noses of the Maritime Provinces in great style, for on Saturday a stamp was sold at the largest price ever paid for a Canadian stamp. Mr. H. F. Ketcheson, the well-known philatelist of Belleville and mail clerk on the Grand Junction, on Saturday sold a stamp collector in Nova Scotia a 124 Canadian stamp issued in 1851, for \$500. It was an unused specimen and was, as may be expected, a very rare stamp. The purchaser of this costly piece of paper is a bank manager in Nova Scotia.—Peterborough Review.

POLICE COURT.—This forenoon George Offer, charged with a second infraction of the Canada Temperance Act, was convicted and fined in the sum of \$100 and \$3.10 costs or two months' imprisonment. Peter Doyle, charged with a first infraction of the same Act, was also convicted and a fine of \$50 and \$3.50 costs or two months' imprisonment was imposed. The case against Captain John Hughes was adjourned until to-morrow, owing to the witness subpoenaed for the prosecution appearing in court in such a drunken condition that the Magistrate refused to allow him to give evidence. A young lad named James Savidant, charged with maliciously injuring the property of Dodd & Rogers, Queen Street, was remanded for eight days. It seems that Savidant, in company with another lad named Hughes, was caught on top of the building cutting off lead.

BACK FROM MANITOBA. Rev. Father Burke speaks of the Great Crops and the School Question. (St. John Sun, Saturday Oct. 26.) Rev. Father Burke of P. E. Island arrived in the city Friday morning by the Boston train on his return home from Manitoba and the Northwest. After reaching Montreal he took a hasty run through the New England States. In conversation with a Sun reporter Father Burke spoke in the most glowing terms of the wonderful crop harvested in Manitoba this year. The farmers Father Burke had with him "doing" the best for the first time were simply amazed at the stupendous result of the thrashing.

James O'Brien, one of the wealthiest and most experienced island farmers, continued Father Burke, said he never saw such wheat and never dreamed that it could be produced in such quantities to the acre anywhere. Father Burke says it prices would only move up slightly the farmers would be in the very lap of luxury. The tide of immigration, so slow during the hard times is moving along westward quite encouragingly.

As to the Manitoba school question, Father Burke said there was little excitement anywhere. All seemed to accept the belief that the federal government would do its duty, and most people inclined to the opinion that the school question would not be heated to the extent anticipated at the elections. I met the mayor, the most prominent Protestant in Manitoba, and he said the people favored righting the wrong of 1890 in the interests of both parties and for the good of the great western country.

PERSONAL. Hon. Mr. Peters returned on Saturday evening. E. T. Woodland left this morning by the St. Lawrence for his new field of duty in Lilloo, Russia.

Mr. Sinclair, agent for Pickford & Black at Isaac's Harbor, is making the round trip on the City of Ghent. Prof. A. R. Roberts will arrive at Summer Hill to-morrow evening. He will be in Charlottetown on Wednesday.

Mrs. Moore, wife of Dr. Moore, left Summerside to-day en route to South Bend, Ind., where she will join her husband. Mr. Sydney Wilkins Mabon, receiving teller of the Bank of Nova Scotia, has left on a much needed holiday.—Halifax Chronicle.

Mr. A. W. Hayden, who has been here for several days past in the interests of the Canada Paper Company, leaves for the mainland to-morrow.

Mr. Ralph March, of St. John, assisted the choir of the First Methodist Church last evening, rendering "The Palm Branch" with much acceptance.

The Shediac correspondent of the Moncton Transcript writes: Mr. Candford Clarke, of the P. E. Island Bank, is now visiting at his Grandmother's, Mrs. H. N. Cannon; he goes to Moncton to-day, and on his return will visit the Cape again before going to his Island home.

Price of Cheese in Montreal. MONTREAL, Oct. 25.—To do business yesterday in finest Ontario cheddar cheese a buyer would have to give 9 1/2c, which is the nominal idea. Most of the business doing, however was in Quebec cheese, for which 9 1/2c to 9 1/4c was easily made for strictly finest. We heard of some sal. a down to 9 1/2c, but the quality was not exactly choice. In fact, a good deal of the Quebec cheese is soft and puttyish. Townships makes may be said to be off the market, for aside from an odd lot here and there the fall make of that district is now the property of the dealers across the water. The public cable advanced a shilling, and business was worked between 45c 0d to 48c for strictly finest fall makes.

THE TOUCH OF A MAGICIAN'S WAND. All tumbled down, crushed to the earth, swept away as by the wand of a magician. What? The high price for wines. There is a magic in the world still. The entire people can now drink good, wholesome, stimulating wines, since the Bordeaux Claret Co., undertook to make the price \$3 and \$4 per dozen quarts. It was not believed at first. It was said the wine was not wine at all. But the best judges in the land visited the cellars; the foremost citizens all over the country purchased, and to-day the trade is so enormous that the orders cannot be over-taken. A beautiful wine, having age, and fruitiness, and strength-giving properties at nominal prices which place it within the reach of all. Address—Bordeaux Claret Co., 30 Hospital Street, Montreal.

A NEW CLUB. Name Suggested for a New Social Organization in London. LONDON (Special) Oct. 25.—It has been facetiously suggested that a new social club in process of organization in this city should be entitled "The Dudd's Kidney Pill Club" as the present members are all enthusiastic advocates of that remedy and in common with many other citizens declare that in all cases of kidney trouble no other agent has been found so completely effective. Most Londoners have at their fingers' ends the particulars of the many marvelous cures through the use of this specific. In every drugstore in the city the medicine is kept in large quantities and warmly recommended.

More Arrests Made in Turkey. LONDON, Oct. 25.—The Chronicle's Constantinople correspondent telegraphs that more arrests have been made of members of the Young Turkey party. He adds that the most brutal measures are being adopted for the suppression of the revolutionary movement. Another despatch from Constantinople says: Many of the Young Turkey party, who were arrested on the charges of seditious practices, were, after trial, conveyed at night to a warship, the boats of which took the prisoners to the place in the Bosphorus where current runs the strongest, and they were then dropped overboard and drowned.
