HASZARD'S GAZETTE

Wednesday, April 16, 1856.

THE Lieut. Governor's Speech at the close of the Session, congratulates the Assembly, not only on the spirit with which they have applied themselves to this public business, but on the measures which they have accomplished. That a considerable amount of business has been transacted the bulk and voluminous appearance of some of the bills would in some measure testify. But with the exception of the bill for increasing the representation, the merits of which we have previously discussed, what has been done? And yet there is plenty to be done. The due administration of justice is one of those characteristics of civilization that where it is in the least degree defective it augurs ill for those to whom is entrusted the management of the concerns of a country. There is in this session as in many preceding ones, bills for amending the practice of courts, all very well in their way, but are like those patches of partial amendment that are put to building, whose foundations are so old and tottering, that they threaten the destruction of the whole edifice. Every other country is striving to keep pace with the increase and spread of knowledge, but Prince Edward Island stands still and cherishes the relics of Saxon barbarism or Norman feudalism that have been consigned in other places long since to deserved contempt or merited neglect, with a tenacity that is truly surprising in the latter part of the nineteenth century. The clause in the last division of the Speech alluding to the despatches having reference to Proprietory titles in this Island, includes we presume those respecting the Rent Roll taxation and Tenant Compensation Bill, as well as those relating to escheats, and if so, is a warning as well to the members of the Government as to some of those in the opposition. When we have seen the contents of the Acts, the titles of which we heard read on Monday, we shall be better prepared to lay before our readers an epitome of what has been done, in what we presume may be termed the last Session of this provincial Parliament.

CLOSING THE SESSION.

On Monday last, at 3 o'clock, His Excellency the Lieutenant Governor, came to the Council Chamber, and after giving his assent to the various Bills passed, prorogued the Legislature. He was received by Captain Rankin's company of Volunteer Guards.

The following is the Speech delivered by His Excellency at the close of the Session:—

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

In bringing the Session to a close, I avail myself, with much satisfaction, of the occasion to congratulate you on the spirit with which you have applied yourselves to the public business and the measures which you have thus been enabled to accomplish.

Mr. Speaker and Gentlemen of the House of Assembly:

I thank you in Her Majesty's name, for the the supplies which you have granted for the public service. It will be my care to protect the public interests in their due application to the services for which they are intended.

I trust that the appropriation for Steam Communications with the neighbouring Provinces may prove sufficient for that important object.

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

The Despatches from the Secretary of state having reference to Propritary Titles in this Island, which it was my duty to communicate to you, afford a humble evidence that the decisions of Her Majesty's Government in this respect will be inflexibly maintained. Agitation on this subject may produce a certain amount of evil, but it is manifest that it can in no way be productive of advantage.

I trust there are sufficient grounds to justify the expectation that at an early day we shall have authentic information of the termination of the War; and that peace having been happily restored to Europe, the honor and glory of England and her illustrious Allies will have been enhanced by the terms upon which it may be attained. I am happy in feeling assured of the attention to you participate in my sentiments on this subject.

I am well aware that the people of this Island have long been distinguished for that spirit if devoted loyalty which springs from a cherished regard for the institutions of our common Country; and as it is our duty, in our several stations, to strengthen and confirm this feeling, I invite you, in returning to your homes, to lose no opportunity of impressing them with a just sense of Her Majesty's benevolent desire for their welfare, and the advantage to themselves of continuing to cultivate that habitual respect for the laws and constituted authorities which characterize men and communities who respect their own rights and who appreciating the blessings which under Providence they have acquired would transmit them unimpaired to their posterity.

We noticed with much satisfaction the soldiery appearance of Capt. Rankins Guard of Honor. We are no advocates for war, and we trust never to have to dread the approach to our shores of an enemy, yet as such an event may by possibility occur, it would be but common prudence to be in some measure prepared for it. A well trained volunteer force would form a nucleus about which the militia of the country might with a greater degree of confidence, rally in an hour of damage or surprise.

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF ASTHMA!!
OF AN OLD LADY SEVENTY FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854.

To Professor Holloway,

Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood; it was quite agony to see her suffer and hear her cough; I have often declared, that I would give all I possessed to have her cured; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her; at all events I resolved to give them a trial, which I did; the result was marvelous: by slow degrees, my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old.

I remain, Sir,
Your obliged,
(Signed) THOMAS WESTON.

REMARKABLE CURE OF DROPSY.
AFTER BEING TAPPED THREE TIMES.

Copy of a Letter form Anthony Smith, Esq. Halifax, Nova Scotia, dated the 25th August, 1854

To Professor Holloway,

Sir,—I desire to add my testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors, having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then, that I thought of trying your Pills, and immediately sent for a quantity and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured, and have since enjoyed the best pf health.

I am, Sir,
Yours sincerely
(Signed) ANTHONY SMITH.

ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT!!

Copy of a Letter from William Reeves, of Charlottetown, Prince Edward Island, dated 17th Nov. 1854.

To Professor Holloway,

Sir,—I am happy to say, that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my voice and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant,
(Signed) WILLIAM REEVES.
