FARMER'S MEETING AT KENSINGTON The farmers of Kensington and vicinity turned out in large numbers for a meeting in the King George Hall on March 15. Mr. Ernest Johnson was appointed chairman and Mr. Reagh Sudbury acted as secretary. Mr. Louis O'Connor, Provincial President of the Farmers' Federation, was the first speaker of the evening and in the course of his address he outlined the set-up of the local, provincial and national Farmer's Federation to the satisfaction of all present. Mr. A. R. Proffit was then called on and cited cases where marketing boards are already functioning satisfactorily in the Fluid Milk Marketing Board in Charlottetown and the Apple Board in the Fraser Valley. He also answered several questions which cleared up some confusing points. Other speakers were Messrs. Murdoch McLeod and William Cairns.-K.

REPORT SCORE WAS Vics 9, Kinsmen 8 According to the official scorer of the game between the Summerside Kinsmen Midgets and the Charlottetown Vics at North River Thursday night, the score when the game broke up with a little over eight minutes to go in the third period was Charlottetown 9, Summerside 8. Summerside was leading the round 19 to 15. For Summerside, Donald Darby scored 2, Ron McArthur 2, Coke Grady 2, Olive MacDonald 1, and Neil Walker 1. McLure lead the Vics with 3 tallies.

NEW MARGARINE Bill Introduced (The Canadian Press) A new margarine bill given first reading in the Prince Edward Island Legislature was being studied here last night and agricultural officials said it seemed to tighten, rather than relax, previous regulations. The bill provides stiff penalties to control the butter substitute. This seemed to indicate that agricultural forces had won their protest after an earlier announcement that margarine regulations would be relaxed. It would come into force upon a date to be set by proclamation and would replace the 1937 Dairy Industry Act under which the present margarine ban in P. E. I. was imposed last year. The 1937 Act would be repealed. Meanwhile, Agriculture Minister Cleveland Baker wasn't saying anything immediately. He told reporters to wait until second reading for an explanation of the bill. Quebec is the only other Province which prohibits the sale and manufacture of margarine. However, residents of both Provinces can bring margarine into their Provinces for private consumption. Just more than a week ago, Mr. Baker said a bill providing modified sale and manufacture of margarine in P. E. I. would be introduced during the current session of the Legislature. The new legislation, far from modifying the sale, would seem to make the regulations tighter than ever. The new bill provides increasing penalties for repeat infractions of its clauses. A maximum fine of \$200 would be imposed for first conviction, \$500 for a second or six months in jail and a compulsory six-month jail term for each subsequent offence. One section in the text of the bill says its purpose and intent is to "prohibit transactions in margarine which take place wholly within the Province." But no person would be prohibited from selling margarine in a warehouse for "export sale" if he furnished the Minister with a complete inventory. Another clause says the Lieutenant Governor-in-Council can make regulations requiring wholesale and retail merchants and food dealers to keep records which could be examined and allowing for seizure and confiscation of any "illegal article" defined in the legislation. The bill said the "having in his possession of any article, the sale of which is prohibited by this act, shall be deemed to be prima facie evidence of an intent to sell or keep the same in violation of this act." Margarine was defined as "any

Resolution Re Marine Wharf At Summerside

At a special meeting of the Council of the Summerside Board of Trade held yesterday afternoon in the Town Hall and presided over by the president, R. S. Hinton, the following resolution was presented by Mr. John E. Campbell of the marine committee and after some discussion it was adopted and passed. Resolution re the driveway leading to the Railway Wharf, Summerside. Whereas about the year 1915 the Canadian National Railways made over to the Department of Public Works the Railway Wharf at Summerside, reserving to themselves that portion extending from the south end of the railway "Y" and including the driveway for motor vehicles leading to the wharf from Water Street; And whereas there is heavy traffic on the said driveway due to the transport of material by motor trucks and the Canadian National Railway has not kept this driveway in suitable repair; And whereas the wharf will shortly be rebuilt and it is desirable that the approach to the wharf be granted to the Department of Public Works so that it may be improved and maintained in keeping with the proposed plans of the wharf proper; Be it therefore resolved that the Federal Government be asked to have the said driveway granted to the Department of Public Works and maintained by them. Copies of the resolution are to be forwarded to the Hon. Alphonse Fournier, Minister of Public Works, Ottawa; J. Watson MacNaught, K.C., M.P., Mr. C. T. Montgomery, the Superintendent of the C. N. R. at Charlottetown and H. E. Miller, district engineer, Department of Public Works at Charlottetown and W. E. Robinson, general manager Atlantic Region C.N.R. at Moncton.-S

Fashion Show Is Concluded

The second and final presentation of the Easter parade fashion show staged by the R. C. A. F. Officers' Wives Club was held last evening in the airmen's mess, Summerside airport to another full house. The program was the same as the first night and was received with enthusiasm by the audience. Some of the furs shown the first night were not available last night as they had to be returned to Toronto. They had been sent here by the West Canadian and Model Fur Companies of Toronto especially for the show and were shown through the courtesy of R. T. Holman Ltd. Other furs were shown by the Canadian Fur Farm Advertising Committee. At the close of the show both night's delicious refreshments were served by members of the Officers' Wives Club. The response to the show by the public was unexpectedly enthusiastic and the demand for tickets could not be satisfied, although it was staged two nights instead of only one as originally planned. A great deal of organization and hard work was done by the members of the club, as well as by the employees of the stores who co-operated.-S.

Abbies, Crystals To Clash At S'side Tonight

The Charlottetown Abbies and the Summerside Crystals will clash in the second and final game of their home and home total goal series, for the right to represent the Intermediate A. Hockey League in Provincial and Maritime Intermediate competition, at the Western Capital Arena tonight at 8:30. The Abbies are holding a one goal lead over the Crystal pucksters going into tonight's fray as the result of a close opening contest at the Forum on Thursday, when they squeezed out a close 5-4 victory, and tonight's contest food substitute for butter... manufactured wholly or in part from any fat and/or oil other than that of milk or cream." Possibility that the legislation may run into "constitutional trouble" was seen by one observer in a section that provides that "if for any reason any section... of this act shall be held unconstitutional... the remaining portions shall be and continue in force without regard to that so invalidated."

Alexander Rink Wins Competition

The Alexander Rink won the High School competition yesterday at the Summerside Curling Rink completing eight straight victories without a defeat. The competition was a handicap affair, the Campbell rink because of former successes being handicapped by one two and three points against the other three teams. This was the rink that defeated the Charlottetown Camerton rink once in the Island championship games, but were eliminated the following day in two straight defeats by the team that did so well against other Provincial champions in Quebec City some weeks ago. The Campbell rink has Charles Simpson, first stone, Derwyn Huestis, second stone, Clive MacDonald, mate, and Alexander Campbell, skip.

THE WEEK (Continued from Page 5)

probably the hardest fought and most rugged hockey series in the history of St. Dunstan's. A combined team of young hockey players from Grades X and XI, sparked by Summerside's Mark Delaney, who shot three of his team's goals in the last game of the finals, edged out Grade XII by two games to one. The champions had earned the right to the finals by defeating the previously league-leading Commercial, and Grade XII made their entry into the finals by assisting Juniors to the proverbial cellar. You are probably wondering just what it means to come out on top in intramural competition. Well, besides the honor of being able to go around until the following year trying to expand your chest to its maximum capacity without smashing buttons, and having no one calling you priggish for so doing, because they feel you deserved it, there is also the coveted reward, for high school at any rate, of an extra night to town, which in itself, for the boys in the dormitory, is better than a round-trip to Denver, Colorado via the Strait of Gibraltar. (Oh, by the way, there have been two communiques placed recently on my desk, in reference to the topic and they read as follows:

(No. 1 - Please mention the senior team. Signed, Fido McCarville, No. 2. We played too. Signed, James Saunders, Kensington, manager and playing (sometimes) coach of Sophomore team. This writer, due to the fact that he must needs present himself at the opening services of the annual S. D. U. retreat in a few minutes, regrets that he will be unable to reply personally to the above-mentioned gentlemen, but should like to announce publicly that, after a thorough search through statistics re-

garding games played and games won, little or no information could be found regarding the teams in question.)
