THE "Summerside Progress" of to-day gives its readers an account of the doings of a young man named Alex. McKenzie, son of Kenneth McKenzie, of Lot 18, while laboring under a fit of insanity. For some time past the lad has exhibited evident signs of derangement, but as he was quiet and harmless, he was permitted to roam about the country as he pleased. On the night of Friday, the 9th inst., he was seized with a destroying mania. He first tore the railing off the bridge at Darnley. He then proceeded to the Presbyterian Churches in Princetown, and broke nearly every pane of glass in both the new and the old building. Being interrupted, he changed the scene of operations to the residence of the Rev. R. Laird. Having done some mischief to the windows, he was driven off, but immediately began smashing the glass in the windows of an out-house belonging to Mr. H. McKay. Seeing that he was pursued, he left Mr. McKay's and attacked a house belonging to Henry Haszard, Esq. In this house he did not leave a single pane of glass unbroken. He then did considerable damage to the windows of the dwelling of H. S. McNutt, Esq.

Finding that he could no longer break the windows of houses with impunity, he commenced his return home through the woods yelling and howling. He was pursued, and overtaken and secured. He was, on a warrant from a magistrate, taken to St. Eleanor's Jail, and lodged there. The damage done is estimated at not less than £100.

We think that it was a mistake to imprison the poor dementia creature in a common jail. When secured he should have been delivered up to his friends, whose duty it is to take care of him, and to take such measures as will prevent injury either to himself or others.

BY an advertisement of the Postmaster General's in another column, it will be seen that the postage of letters to the United States, if prepaid, is to be for the future Four pence, instead of Six pence, as heretofore. We congratulate the public on this change. The *Examiner*, if we mistake not, was the first of the Island newspapers to notice the difference of the rate of postage paid for letters from and to the States.

THE Hon. J. C. Pope's card appears in this day's paper. Judging from present appearances, it is likely that Mr. Pope will be returned for Summerside without opposition.

Mr. Gladstone made a speech yesterday at Liverpool. He examined the question of Fenianism and the discontent in Ireland, and assigned the causes therefor. He spoke earnestly of the need of reform, and quoted and dwelt on the words of D'Arcy McGee, a conservative, on these causes, as a voice of the dead from over the ocean.

The mail steamer from Rio Janeiro brings important intelligence from the seat of war on the Paraguay. The Paraguayan position at the mouth of the Tebicuary River has been taken by the allies. The annual shooting of the First Battery of City Artillery, came off on Thursday, the 24th of September. Owing to the threatening appearance of the day, the muster was not so strong as was expected. The number present did not exceed twenty-eight men. The shooting was very creditable, considering cross winds from the left. The average score was 23 points, which is far in advance of any preceding year.

In the Scratch Match that took place afterwards, honorable mention should be made of Sergt. McDougall, who scored 20 points, with five rounds, at the 400 yards, following it up by other bulls eyes in succession at the next range, a feat, so far as we are aware, not attained at any previous prize match.

The following are the list of the winners, and the prizes:—

BOSTONITE. This is the name given to a new material manufactured by Messrs. Messrs P. & Co. are also manufacturers and patentees of an almost endless variety of useful articles in the Stationery and Fancy Goods line. A very nice assortment of their Goods is on sale at Mrs. Bremner's Book and Stationery Store in Prince Street.

NEW METHODS OF TORTURE.—The Paris correspondent of the Chicago "Tribune" says the Russian authorities in Poland lately resorted to torture to make certain parties arrested for treason confess who had been concerned in circulating insurrectionary publications. The means oftenest used was the salted herring. The first day a prisoner was given bread, water and herring; the second day, if he was still obstinate, water and herring, and the third day herring only, and that for many days. Then when thirst was so terrible that death would have been a relief, the prisoner was taken into a room where his judges were seated at a table plentifully covered with food, and he was offered what he wanted if he would speak. The most excruciating torment was that of the electrical machine. By the aid of repeated shocks they tried to break the will of the patient, and to induce him, in spite of himself, to reveal what his soul, worn down by bodily fatigue, could no longer conceal.

To the Electors of the

Fifth District of Prince County.

GENTLEMEN,

IN a few days you will be required to elect a Member to represent your Distrct in the House of Assembly. I beg to inform you that I am a Candidate for this honorable position.

Upon the important subject of PUBLIC EDUCATION, which now engages the attention of a large portion of our population, I consider it proper briefly to state my views. I AM OPPOSED TO THE ENDOWMENT OF ANY SECTARIAN INSTITUTION. I, nevertheless, consider it just that so long as it shall remain the policy of the People of this Island to defray the cost of Educating the Youth of the Colony from funds raised by common taxation, the sum annually voted by the Legislature for Education, shall be apportioned among the Schools in which Education is imparted, and if elected, *I shall advocate such amendments to the Laws relating to Public Education as will entitle efficient Schools — if open to the inspection of the Executive Government—to a share of the grant for Education* — whether such Schools shall be established and maintained by Religious denominations or by private individuals.

Upon general Political subjects, my opinions are well known to you.

I have the honor to be,
Your obd't Servant,
JAMES C. POPE.
