

CONFIDENTIALLY YOURS

MONTREAL, May 13th—Maytime's a good time to take a good look at your home. Check it over and see what's needed to keep it in first-class condition. If you do this every year, you'll not only maintain the value of your property, but also renew that wonderful feeling which comes from pride of possession. You don't have to let repairs go, just because you haven't the ready cash to pay for them. And, remember, the longer you put off those repairs, the more expensive they become. Why not drop in and have a chat with the manager of your local BANK OF MONTREAL branch. Thousands of couples have arranged for low-cost loans for home improvement from the B of M—and repaid them on terms best suited to their individual circumstances. You'll find your B of M manager interested in helping you keep your property in tip-top condition.

Flexible As Your Wrist—that's the way you feel when you use the beautiful 4-WAY ZIPPER-MOP made by O-CEDAR of Canada Limited. That's because the 4-way socket, allows the enameled handle to swing effortlessly. Use it super-wide for large areas; then swing (easy as breathing!) into long and narrow; or pre-stool up sideways to get between radiators and the wall. (I feel that the Zippermop is as effective as a dust mop in the corners.) The canvas pad slips off for easy washing. The top quality mop yarn picks up and holds the dust. Best of all, the 4-WAY ZIPPER-MOP is unconditional guaranteed for five years against mechanical defects by O-CEDAR of Canada Ltd.
