

LLOYD'S
Register of British and Foreign Shipping.
Established 1834.

RULES AND REGULATIONS.
NOTICE is hereby given, that the following Rules have been amended and will stand as follows, viz:—

CHARACTERS.
31. The characters to be assigned to Ships to be, as nearly as possible, a correct indication of their real and intrinsic qualities, and to be in all cases fixed (not by the Surveyors, but) by the Committee, after due consideration of the Reports of the Surveyors and such other documents as may be submitted to them, and will be distinguished as follows:—

32. In all cases in which the application of the rules must necessarily be regulated by the ship's admeasurement, the gross register tonnage is to be adopted.

33. Ships intended to be built under Special Survey, must be placed under the Surveyors' Inspection from their commencement, so that all parts of the Timbers, Deadwood, Keel, Stem, &c., may be examined.

The "first Survey" prescribed by this Rule is to be held "When the frame is completed, timbers dabbled fair inside and outside ready to receive planking, and before any planking is wrought."

Section 41—The following words in the seventh line of this Rule have been omitted, viz:—"fitted as standards or hanging knees (the latter being preferred),"—thus requiring all the knees to hold beams to be fitted as hanging knees.

Section 53 will stand as follows:—Ships built in the United Kingdom:—or in Quebec after 1855;—or St. John, New Brunswick, after 1853;—or Miramichi, and Northern Ports of New Brunswick, or in Prince Edward Island after 1855;—and not surveyed while building by the Surveyors of this Society, and all ships the owners or builders of which may have refused or declared to permit them to be surveyed at the several periods prescribed by the Rules, will have One Year deducted from the period which would otherwise have been assigned, in consequence of their not having been submitted to survey during their construction. In no case, however, will a higher grade than 10 A be assigned to ships built in the United Kingdom, which shall not have been surveyed while building.

Table A.—"Exhibiting the number of years assigned to the different descriptions of timber of good quality," has likewise been amended, and the following alterations made therein, viz:—

Pitch Pine will be allowed for "Stem and Sternpost," and "Transoms, Knitheads, Hawse-timbers, Apron and Deadwood," in ships of the seven years' grade and under; and for "Wales and Blackstrakes," in ships of the nine years' grade.

Yellow Pine will be allowed for "Topsides and Sheerstrakes" in ships of the five years' grade.

By order of the Committee,

A certain Remedy for Colds and Influenza.
At a time, like the present, when there appears to be a kind of epidemic affecting the citizens, as well as the Island generally, in the shape of a kind of Cold or Influenza, accompanied, in most cases, with a severe Cough, I think it a duty which I owe to the public to make known to them an article that will entirely remove this malady. Dr. Johnson's Anodyne Linctus is, in my opinion, one of the very best articles to cure a Cough that ever came to this Island. This is no quack preparation, but one meeting the approbation of the Medical Profession, the most eminent of whom bear willing testimony to its wonderful efficacy. The inventor of this Linctus was in the practice of Medicine for nearly twenty years, and perfected it from year to year in his practice. Taken internally, it is a safe and effectual cure for Inflammation of the Bronchia or Bronchitis, Rose Cold, Hard Dry Cough, Whooping Cough, Hoarseness and Common Cold, Pain and Soreness in the Lungs, Stomach and Sides, caused by lifting or otherwise; Asthma and Influenza; for Sore Throats and Weak Lungs. Externally it will have the most happy effects in all cases where any other Linctus would be used, especially for Rheumatic Affections, Stiff Joints, Chills, Chapped Hands and Sore Lips. I am not in the habit of puffing up, on my own account, any patent Medicine—although I sell all kinds—but am induced to bring this article before the public from a pure motive. I know it to cure, within these last ten days, several persons of very bad Coughs, when all other remedies failed. I have seen persons suffering from the Asthma relieved by this Medicine in a few minutes. It is not generally known that it is used internally, as most all Linctuses are applied externally; this will account for my remarks regarding it.

Persons may obtain this Medicine in almost all Stores throughout the Island. In Charlottetown, from T. Desbrisay & Co., W. R. Watson and M. W. Skinner, Wholesale Agent for P. E. Island, who will supply dealers at proprietors' prices.

Jeffery's Family Ointment.
THIS article is an invaluable, certain and speedy remedy for all sorts of external inflammation, such as Inflamed Eyes, Burns, Scalds, Bruises, Abscesses, Piles, Fistula, Chilblains, Hemors, Ulcers and Fever Sores, Erysipelas, Ring Worms, Croup, All Throat Affections, Asthma, Broken Breasts and Sore Nipples, Salt Rheum, Scald Head, Chapped Hands, Scarlet Fever, Rheumatism, Scrofula and Scalp Diseases, Sprains and Breach, Kidney Affections and Pleurisy, Warts, and Corns, Felons and Tumours, bee stings and bites of insects, Restoration of Hair, Freckles and Tan, Inflammation of the Bowels, Scratches in Horses and sore teats in Cows, and all sorts of Fresh Wounds. This Ointment acts directly upon the parts affected, but where there is no inflammation it will produce no effect.

Remember, price is only Twenty-five cents a box. Each box contains twice as much as ever sold by proprietors of any similar medicine for that price. In severe cases use it freely and frequently. M. S. Barr & Co., 1 Cornhill, Boston, General Agents. Sold by M. W. SKINNER, Charlottetown.

Oct. 26, 1857. ALEXANDER MACKINNON.

THIS philanthropist has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa, as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health, and life depend upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and softens the passages to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarse particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills do not only enter the stomach, but become united with the blood, for they find way to every part, and completely root out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear. The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

For sale at the Apothecaries' Hall, and at the Drug Stores of W. R. Watson and M. W. Skinner, and sold at all the stores throughout the Island. Persons wishing supplies of the above Medicines, can be furnished at Proprietors' prices at the Drug Store of July 6, 1857. W. R. WATSON, General Agent.

Medicine of the Million. Philosophy and Fact.

HOLLOWAY'S PILLS.
THE EXCITING CAUSE OF SICKNESS.
The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach in its manufacture, the veins its distributors, and the intestines the channels through which the waste matter rejected in its production, is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.
Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary prescriptions, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.
The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, the Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

A WORD TO FEMALES.
The local debility and irregularities which are the especial annoyance of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being and prevented for the time to come, by a course of this mild but thorough alterative.

USED THROUGHOUT THE WORLD.
Holloway's Pills are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

ALARMING DISORDERS.
Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution, at the same time.

GENERAL WEAKNESS—NERVOUS COMPLAINTS.
When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility. Holloway's Pills are the best remedy known in the world for the following diseases:—

Acutic	Dysentery	Liver complaints	tons.
Asthma	Erysipelas	Lumbago	Tic-Doloureux
Bil's Complaints	Female Irregularities	Piles	Tumours
Biutches on Skin	Rheumatism	Ulcers	Venerated Affections
Bow's complaints	Fever, all kinds	Retention of Urine	Weakness, from whatever cause
Colic	Itis	Scrofula, or King's Evil	Worms, all kinds
Constipation of Gut	Hic-cough	Sore Throats	Weakness, from whatever cause
Consumption	Indigestion	Stone and Gravel	&c. &c.
Debility	Inflammation	Secondary Symp-
