News Notes.

The Brazilian Government has decided that in future all customs duties must be paid in gold.

The Hessian fly has appeared among the wheat in the vicinity of Jacksonville, Ill., and is causing great alarm among farmers.

Chinch bugs have appeared in the wheat fields around Blue Springs, Nebraska. This is the finest part of the wheat area in the State.

Forty-six military officers, mainly belonging to guards regiments, have been arrested in St. Petersburg in the past fortnight for criticising the degradation of the Grand Duke Michael. Semi-official journals are forbidden to speak of the arrest.

The Pope has ordered popular translations of his recent encyclical letter to be distributed to workingmen of all countries. The encyclical is considered as a definite consecration of the tendencies of Cardinal Manning and Cardinal Gibbons, as opposed to the French economic school under Bishop Freppel, and as the direct development of Cardinal Gibbons' attitude in regard to the Knights of Labor.

The famous tenor, Sims Reeves, who took a final farewell of the British public last week, is not nearly so rich as he ought to be, considering the enormous sums he has earned during more than forty years of unbounded popularity, and it is said that he will have to augment his income by teaching. Reeves, by the way, in an autobiography published a couple of years ago, claimed to have been born in October, 1821; but an inquisitive person who has been rummaging the parish registers at Woolwich, the great man's birthplace, has discovered and has, with malicious relish, publicly announced the fact that Sims Reeves first saw the light on Sept. 26, 1818.

Local and Other Items.

NEW ORCHARDS.—It is stated that King's County, N. S., will have about 1000 acres of new orchards this season.

A PLACE OF GIANTS.—At Lansdowne, Pictou, Co., within a radius of 1½ miles there are 23 men that are 6 feet and over in height, the tallest being 6 feet 4½ inches.

BOGUS MARRIAGE NOTICES.—The Shelburne, N. S., Budget has lately been taken in by a number of bogus marriage notices, and offers $100 reward for the conviction of the offenders.

BEWARE.—The Quebec Chronicle warns its readers against a new species of false coin now floating around which consists in splitting a silver coin in two, one side being silver and the other lead. "The one which came to our notice is a 25-cent piece."

LOVE'S YOUNG DREAM.—A New Brunswick exchange says: Probably the oldest marriage ever celebrated in Fredericton was solemnized Wednesday evening by the Rev. Job Shenton. The parties were Samuel Kitchen, of Carleton Co., and widow Howell of that city. The groom is 75 and his bride is entering upon her 70th summer.

HAY FOR THE OLD COUNTRY.—A feature in shipping circles in Montreal at the present moment is the large shipments of hay that are going over to the old country. With the light movement in other lines this has been a good thing for the steamship companies. One gentleman in the city has a large contract and has already made extensive shipments to Glasgow. A cable received from Glasgow the other day gave the quotation for hay at 57 s. with the "market very strong." The freight at present is 25 s. There is also a fair movement in deals to the old country at around 42s 6 d., one line having all its space taken at that figure.

CURES DYSPEPSIA.

DEAR SIRS,—About a year ago I had a very bad attack of dyspepsia. For nearly four months I never ate a meal without suffering pain after. I kept getting worse and worse until I was obliged to give up my duties as a teacher. I had got so weak I could scarcely walk, when one day I saw an advertisement for B.B.B., and thought I would try a bottle; I did so, and before I had finished it I was able to teach again. Four bottles cured me completely. MISS JANET STUART, Muskoka Falls, Ont.
