LOCAL AND OTHER ITEMS

PAY DRILL.—No 1 Company, 4th Regiment C. A., will meet at the orderly room on Friday night at 8 o'clock, instead of Thursday for pay drill.

THE C. A. A. TRACK.—Rapid progress is being made on the C. A. A. grounds for the big meet Labor Day. The fastest men in Canada will be here to take part, and no doubt several Maritime records will be broken.

WANTS LOOKING AFTER.—Something should be done to improve the road leading to Kensington Rifle Range. At present a portion of it is flooded at high tide and people going out have to cross by means of a railway sleeper which makes an uncertain kind of bridge.

KILLED BY LIGHTNING.—Mr. W. H. Horne, of Milton, lost a valuable horse during the lightning storm of Monday afternoon. The Guardian reports that "at Georgetown Royalty Mrs. Captain Hugh McPhee was milking a cow when the animal was struck by the lightning and instantly killed. Mrs. McPhee escaped with a severe shock."

ACKNOWLEDGMENT.—The men of No. 2 Co., 4th Regiment C. A., have to thank the following gentlemen for prizes at their annual shooting match, viz: Lt.-Col. Moore, D. O. C.; Lt.-Col. Longworth, Major Morson, Geo. E. Hughes, Esq., Prowse Bros., Reddin Bros. and THE EXAMINER, Patriot and Guardian Publishing Companies.

SACRAMENTAL.—The Rev. Thomas Corbett, who has preached with much acceptance to the united congregations of Covehead, Brackley Point and Marshfield for the past two Sabbaths, will (D. V.) dispense the Sacrament of the Lord's Supper in the church at Covehead on Sabbath next, the 15th inst., service to commence at 10.30.

WATERWORKS.—The Journal reports that representatives of the Three Rivers Iron Works Company, Montreal, an extensive concern which is prepared to undertake the construction of waterworks and sewerage, are now on the way to Summerside and trusts that a meeting will be held at once, or other steps taken looking to the construction of waterworks in the town. It says that "when this matter is thoroughly understood by the ratepayers, they will see that waterworks will not cost them a cent as taxpayers, as the system will be a private enterprise, and the Company will reimburse themselves by selling the water to consumers, as any other commodity is sold.

FOR MEDICAL MEN.—If the physicians in this city will apply to the Secretaries of the British Medical Association, 2204, St. Catherine Street, Montreal, they will receive a pamphlet giving them full information as to the privileges accorded by the railway companies for transport to Montreal and for excursions throughout Canada, regulations concerning membership of the Association; lists of the hotels, information concerning lodging houses, cafes, etc., arrangements for ladies accompanying members, programme, and lists of the various entertainments afforded in Montreal during the week beginning Aug. 30th. So large an attendance of English and Colonial members, and of guests from the United States is expected, that it is advisable that Canadian members of the Association do not presume upon their familiarity with Montreal and accommodation in Canada in general, to delay obtaining rooms till the last moment.

IMPROVEMENTS.

Good progress is being made in the erection of Mr. Eden's fine house at the West End.

Mr. Rackhem is making rapid progress with the work of repairing and enlarging St. Peter's Schoolroom. When finished, the school property will be greatly improved.

All strangers admire first the Queen Square gardens and then the Victoria driveway. The latter is certainly the most notable improvement to the city in recent years.

We note with pleasure the fact that men are engaged with sickle and scythe in clearing the gutters and squares of the city of grass and weeds. This is better than piling soil and dirt in the middle of the streets.

It is stated that the street committee contemplate a covering of ashes for that part of Queen Square used as a fish market. This, when hardened, will keep the people out of the mud.

Mr. John Wilkinson is building a fine new residence at Alberton.

The Journal reports that Messrs. Campbell & Haywood, O'Leary, are preparing to build a large warehouse in Summerside, rendered necessary by their rapidly growing business. They have put a new floor in their store, and have handsomely painted both the store and Mr. Campbell's residence. These improvements add much to the appearance of the thriving town of O'Leary.

Pure, rich blood feeds the nerves. That is why Hood's Sarsaparilla, the great blood purifier, cures nervousness.

In baking puts probably a dollar's worth of sugar and spices, and along with these perhaps five cents worth of baking powder.

You don't want to run the risk of losing the dollar's worth for the sake of a few cents.

In using Johnson's Baking Powder, you run no risk at all. It is always good, always works properly.
