

King size babies have become "odd hats" at King's County Hospital, Montague, with the June 9th birth of Florence Marianne MacPherson who weighed 11 lb. at 34 oz. Her surprised parents are Mr. and Mrs. John MacPherson of Bellevue who have three other children, Cynthia, Joyce and Wade.

years ago, June 12, 1959, to be exact, the sturdy young man shown right was also born at the Montague Hospital. The seventh child of Mr. and Mrs. James Shepherd, Cardigan, Billy weighed 16 lbs. 4 1/2 oz. at birth and now tips the scales at 55 lbs. Attending Mrs. MacPherson above is nurse Mrs. Vera MacDonald.

ELLEN'S DIARY

Use Materials At Hand When Ingredients Lacking

Now that our back verandah has become an enclosed sunporch, it followed of late that it must needs be fitted with a screen-door.

And all the time, blessings on him, he was figuring what best to do about it. The other morning, then, as we breakfasted with the June-time green and pretty beyond the windows, "Ellen" he said into a silence, "we'd better try to get the carpenter who enclosed it, to come and fit it with that door."

So it was as stirred the makings of a coffee cake this morning, according to a neat recipe which gives tasteful results, the wish expressed began to take form.

The recipe calls for such ingredients as are generally found in a farm-house cupboard, an asset to those of us who live at a distance from a store. Recipes which commence with, "You take..." and go on to mention some rare ingredient is not often the answer to the day's needs. Such a circumstance is not unlike, as chuckle, the two old farm bachelors who one day talking about ground to the subject of cooking.

"I go one of those cookery books once. But I never used it got one of those cookery one said.

"How come?" inquired the other.

"Why, every one of those recipes began with, 'You take a clean dish' — and that stopped me."

"So for a lack of some ingredient at the moment, or maybe because we prefer to make do with less costly and quite as wholesome makings, we must

The June meeting of the Indian River-Kennington Cadette Women's League was held on Sunday at the home of Mrs. Austin MacLellan.

The president, Mrs. Thomas Turner, opened the meeting with the Lesue Prayer. Minutes of the previous meeting were read by the secretary, Sheila Dupuy. The treasurer's report was given by Mrs. Ray Lavers.

The spiritual, visitation and education conveners gave a report of work done.

Plans were made for the reception following Fr. George Glover's First Mass. Some of the members plan to attend the Provincial Conference.

It was decided to purchase shoes for a needy family.

Von Will Wear Blue-Gray Stripe

OTTAWA (CP)—New summer uniforms designed to be both comfortable and "in touch with fashion" are to be worn by the 600 members of the Victoria Order of Nurses during the warmer months of the year.

WI outfit is a blue-gray pin stripe and represents the first color change from the former solid blue uniforms in more than 15 years. It is a one-piece, belted dress with tuckered collar, pleated back and short sleeves.

The material, drip-dry dacron and cotton, is expected to prove more comfortable than the old uniform — a navy blue rayon blend.

The new uniform has a matching collar, the first VON uniform with matching collar in several years. The collar in previous uniforms was white.

Color contrast is provided by two white tabs which are snapped on under the collar. White gloves remain standard VON equipment.

The hat represents another departure from tradition as the old navy blue felt tricorne makes way for a blue-grey beret matching the uniform.

When the cooler weather sets in, the nurses will revert to regular winter attire the familiar navy blue dress with the new matching beret in navy felt.

New Concept Aids Retarded

ORILLIA, Ont. (CP)—A new concept in educating mentally retarded children is being dramatically put into effect at the Ontario Hospital for the Retarded here.

A carefully planned curriculum designed to educate each pupil to the limit of his capabilities constitutes a major breakthrough in the wall which once surrounded the mentally retarded.

Before the new concept here, only 25 patients a year were released as fit to make their own way in society. Last year, with the new system in its earliest stages, more than 20 patients
