

Dear Editor

In response to Peter Spierenburg's letter to the Editor in the Feb. 13/91 issue I would just like to make a few points.

Before writing a letter maybe you should read Campus Women sometimes. The statement "The World is a beautiful place where everyone is happy and gay." - This is the world as we are to see it if only women held all the power,' was made by the X-Press's own Editor in his editorial on Nov. 14/91. It was not found on the Campus Women's page. Also this quote came from an unknown source or at least the Editor didn't give a name as to say, Who said this.

Secondly I don't see a shouting match going on between the Campus Women page and the Backlash page. Campus Women is a space for women to get information about themselves. It is not and never will be used to argue points made by the Editors of the backlash page. That's what letters to the Editor are for.

Tracy Smith
Campus Women Editor.

Dear Editor,

In response to the letter to the editor in the February 13, 1992 UPEI X-PRESS which was written by Peter Graham, from MYRONS: Peter, began his letter to the editor by stating he was going to shed some light on the recent events which took place at MYRONS. I presume after reading his article that he was so caught up in rambling that he forgot. He was too busy calling the writers and participants of the two previously submitted letters: narrow minded, gutless, irresponsible drinkers, and immature adults who would shame their parents with their weekend antics. Well, obviously, Peter you must have the "intelligence of a tomato", because it was stated in the first article that Tracy Smith wrote that she wasn't even drinking (I guess a bar, looking to make a fast buck, would consider people who don't drink alcohol to be irresponsible drinkers). As far as gutless goes, I

believe anyone who SNEAKS up behind someone else and places a chokehold on that individual to be much more gutless than someone who doesn't wish to have their name printed in a university newspaper. Although, I do agree, my parents WOULD BE appalled at the danger I place myself in every time I walk into MYRON'S NIGHTCLUB. However, not because of my actions, but rather they would be appalled at the danger the OWNERS and MANAGERS of MYRONS carelessly place me in, by having such unprofessionally violent employees working in positions which require both level-headed thoughts, and actions. Peter also wrote the staff and management of MYRONS have open minds and would love to discuss any and all problems, patrons may have with their club. I personally went down with the suggestion the managers "RE-EDUCATE", or "EDUCATE" (there would be more educating than re-educating) their employees on the fine art of PROFESSIONAL BOUNCING, because if they EVER knew they have now FORGOTTEN. After reading your article I see it was a wasted trip. Also in his article, Peter Graham stated, "The use of foul language, disrespect for authority, and disrespect for fellow human beings is enough to sicken me" (it sickens me just to read that statement!). Of course this is also the same Peter Graham who snuck up behind, choked, and threw to the floor a patron on January 23. He is also, the same Peter Graham who was yelling obscenities toward another NON-DRINKING female patron on the same evening. I sure am glad we have such well-spoken individuals, with such immense respect for fellow human beings, protecting us at MYRON'S. Peter also states in his article that simple-minded people, such as the ones who frequent MYRONS, don't understand how difficult it is to "BABYSIT UPWARDS OF 600 PEOPLE". BABYSIT, who the hell does this guy think he is? He indicates in his article, that in the KINDERGARTEN called MYRONS, children should learn to respect authority: MYRON'S AUTHORITY, and if you don't you must be punished (no milk and cookies maybe)! This punishment, according to Peter, is supposedly FAIR, JUST, and QUICK so as not to ruin someone else's evening (how thoughtful of our babysitters). Perhaps, as UPEI students we should show this particular nightclub that we don't appreciate their conduct. We should tell the staff and management of MYRON'S that there is no need to "BABYSIT" us little children anymore! They apparently don't appreciate our patronage, and are obviously too good for our money. If you are privileged enough to be allowed
