Toronto Stocks

TORONTO, (CP) - Prices were mixed and fluctuating on Tuesday's stock market session. Western profits were stronger although profit-taking pressure nearly forced them into closing territory several times. Canadian Devonian was the leader for the second day, adding 22 cents. Base metals, although slightly lower, were the most active mining issues. Seniors and juniors were down a little. Mantouwage-area issues finished with the group's only strength. Golds were lightly traded with both seniors and juniors a little lower. Holding companies were slightly ahead. Uranium and Bathurst-area base metals slipped in dull trading. The exchange's closing indexes showed golds down 10 at 71.26, base metals down 57 at 143.68 and western oils up 14 at 98.31.
