On Tuesday evening 24th inst., the public will have an opportunity of hearing what will probably be one of the most interesting lectures ever heard in this city, when Mr. Percy Pope will lecture before the Natural History and Antiquarian Society upon "Lost Atlantis." That Mr. Pope will treat his subject in an exhaustive and scholarly manner goes without saying, and the story of the great continent in the Atlantic which was the home of the most advanced civilization of past ages and the birthplace of most of the great nations of the earth, cannot fail to fascinate all who accept the invitation of the Society to attend the meeting. 1f.

SOME MORE QUESTIONS.

SIR.—Is Farquharson waiting for Peters? He has Pineau's resignation and Wise's resignation, and refuses to give the first of Prince and third of Queen's the Parliamentary representation in the House the constitution provides, and still he brings back at great expense (Peters won't work for nothing) the representative of Fort Augustus district who has systematically neglected his constituency and who rumor also says resigned his seat, to tide over a crisis and maintain for a little longer the power the people are desirous of taking from him. Sir Wilfrid has had to end such a state of affairs in British Columbia by calling upon Governor McInnis to dissolve the House or get out, and if Governor McIntyre is satisfied with the present disgraceful state of affairs here he is easily satisfied. Nine Governors out of ten would have requested Mr. Farquharson to resign. The idea of facing the House for a day with Mr. Peters fresh from the chairmanship of Joe Martin's bear garden convention is really too absurd for even the extraordinary doings of those machine politicians who have debased and degraded everything.

EASTER FESTIVAL.—This highly interesting affair takes place tonight in St. Joseph's Convent, and promises to be a great success. The proceeds go towards the convent school.

FIRST ARRIVAL.—The schooner Miletus, Capt. G. A. Peters, arrived this morning from Dominion Coal Co's Mines, Sydney, C. B., with a cargo of run-of-mine coal to Peake Bros. & Co. This is the first schooner to arrive at Ch'town this season from an outside port.

ISLANDER MISSING.—A Gloucester Mass., despatch says: Capt. Carroll of the schooner Niagara, from Grand Banks reports that on April 6th George Campbell and Thomas Doodly, two members of the crew, while attending trawls in foggy weather, got astray. As it blew a strong breeze shortly afterward, it is feared that their dory was swamped and both drowned. Campbell belonged to Prince Edward Island, but leaves a wife in this city.

GRIT MISREVEAL.—A Winnipeg despatch says: The report of the royal commission on the financial condition of the province will be made public when the legislature reassembles May 7. The report is now in the hands of Hon. Mr. Davidson. It shows that there is a cash deficit of \$91,000 due the Imperial bank and outstanding liabilities of \$166,000, despite the statement made by ex-provincial secretary McMillan that there was no deficit. This, with the \$148,000 which Mr. Greenway intended to give the C. P. R., makes a total of \$395,000 which the people had no cognizance of.

TEASING A CHINAMAN.—Quite a little excitement was caused on Great George Street last night for a few minutes. A number of small boys had been teasing and bothering one of the Chinamen. After standing it for some time he started to chase them with a long stick in his hand. The boys ran fast; the Chinaman ran faster and was rapidly gaining on the offenders. But one of the piles of mud which the street cleaners had shovelled up during the day was in the way. The boys ran round it; the poor Chinaman, not noticing it in the dark, measured his length in the mud. It was just as well for the boys that he did so, for, considering the humor that the Celestial was in, he would undoubtedly have made the boys decide never again to torment a Chinese laundryman.

A SUCCESSFUL REHEARSAL.—The promoters of the grand patriotic entertainment in aid of the funds of the Soldiers' Wives' League, held a rehearsal last evening, in St. Peter's School Room. The rehearsal was of the most pleasing character, and those who were privileged to witness it were delighted with the manner in which the children performed their several parts, especially the Crowning of the May Queen and the Fairies' Revenge. The songs and recitations were also excellent. This entertainment will be presented to the public on Thursday evening next by the children of the militia officers of this city, and should be liberally patronized as the proceeds are for the wives of those now in South Africa. Give our youthful patriots a full house.
