Wiggins storm-to-morrow. FRESH FISH are very scarce in the St. John market. WOMAN was made after man and she has been after him ever since.

The sidewalk on Grafton Street, from Parsons' corner eastward, badly needs repairing. ARRANGEMENTS are being made for two days' racing on Mossepath Park N. B., on Oct. 6th and 7th.

REMEMBER the Bible Class meeting in St. Paul's School Room this evening, at 8 o'clock. All are invited.

It is said that the fevers so prevalent in the city are traceable to the use of pump water. Another strong argument in favor of water-works.

CALIFORNIA Club monthly meeting this evening at Rooms. Business: Nomination of officers. Full attendance of all members requested.

The Methodist Conference recommend that in the use of the Lord's Prayer after the first prayer in public worship, the congregation shall join audibly and heartily.

MILLINERY.—Those who want millinery done in first class style should call at L. E. Prowse's, as he has secured the services of Miss M. Gallant, who is well known to be a first class milliner.

JUSTIN MCCARTHY will lecture in St. John, N. B., on October 25th. He will appear in this city a few days after, and deliver two of his choicest lectures. He will not speak in any other place on the Island.

COUNTY EXHIBITIONS.—Members of the Board of Provincial Exhibition Commissioners wishing to attend those shows, will receive railway passes from Charlottetown by applying at my office.—A. McNeill, Secretary P. E. I. Exhibition. 2i—sept 28

SERGEANT J. H. HAMILTON, of the St. John, N. B., police force, died on Friday last after a short illness of heart disease. He was forty-nine years of age and was appointed to a position on the force in 1867. He was very popular with the general public.

ST. MATTHEW'S TEMPERANCE SOCIETY will hold its session this evening at 8 o'clock, in Templars' Hall, McLeod's Building. The new rules of order will be sanctioned, and a number of new names added to the membership. The session promises to be a most interesting one.

THE S.S. Princess of Wales will make a special trip to and from Pictou Landing on Tuesday, Oct. 5th, as an inducement for visitors from Pictou, New Glasgow, Truro, Halifax, Mulgrave and other points, to attend the P. E. Island Exhibition on 6th and 7th of October.

We regret to learn that, on Friday last, Mr. Joseph Schurman, of New London, had all the fingers of his right hand crushed and broken off in a threshing mill. Dr. R. McNeill, of Stanley Bridge, was called in, and Mr. Schurman is doing as well as can be expected.

A CURIOUS CALF can be seen on a schooner at O'Connor's wharf. It has a human-shaped head and shoulder perfectly formed. It was dead when born, and has been stuffed. It is a strange freak in the calf line, well worthy of inspection by curiosity seekers. So says the Halifax Recorder.

MR. COLLINGWOOD SCHREIBER has carefully inspected the Canadian Pacific Railway from the Pacific coast to Winnipeg, and reports it in capital condition throughout. The company is building five miles of substantial snow sheds in the Rocky Mountains, at a cost of one million and a half.

MR. SKYNNER, one of the Hudson Bay observers now with the Alert, in a letter to Winnipeg states that no ice was seen on the inward trip after passing Mansfield Island. Most of the ice encountered was too small and rotten to have delayed the Alert had she possessed sufficient steam power to force her way through it.

PROF. GRADY is still at the Osborne House, and stammering ones are being made happy with the blessing of unbroken speech. What Rev. J. M. Macleod says: "I have much pleasure in certifying that I have witnessed Prof. Grady's system of treating stammering, and that I am perfectly satisfied that he can cure any ordinary case of stammering."

THE storm of Friday night last was pretty severe at some points along the coast. A number of American seiners had a pretty stormy night of it in running from Cape Breton shore to Souris for shelter. Some of the lost seine boats, which means to them a very inconvenient loss, as they cannot easily replace them. Under treaty arrangements Americans cannot purchase boats here.

THE Bangor Commercial says: Island Chief, the handsome black stallion which took a severe cold and foundered just before the New England fair, at which exhibition it was proposed to show his qualities, is now at Prince Edward Island somewhat recovered and there is some talk of taking him to St. John. Island Chief, Jr., which is here now, is heavier than the father by one hundred pounds.

THE dog and pony show to be held in the Lansdowne Rink, St. John, N. B., on the 19th, 20th, 21st and 22nd, October, promises to be a highly successful affair. The prize lists embrace every description of animals. All animals sent to the show will be well cared for and returned in good condition. Any information relating to the show will be cheerfully furnished by the Secretary, Mr. H. W. Wilson, of St. John, N. B. Entries positive by close on the 9th October.

A HEAVY thunder storm passed over the eastern part of the Island on Friday evening last. It came from the westward, the lightning striking first at Head St. Peter's Bay, destroying Dr. Fraser's barn, to which reference has already been made in THE EXAMINER, and requiring great exertions on the part of neighbors to save his house from being burned to ashes also. The electric current then apparently took an easterly course, passing a little to the north of Rollo Bay and Souris, and striking a large tree on Kingsboro, Mr. Scott's mills, knocking it into fragments and splinters, one of which was picked up about forty yards from where the tree stood. Even its roots were splintered into fragments and thrown out of the ground. Fortunately no lives were lost, although Mr. McInnis, teacher, at St. Peter's, and a young lad, had a narrow escape, both having been knocked down and somewhat injured at the time Dr. Fraser's barn was struck.

Local and Other Items.

AMHERST is to have water-works. What about Charlottetown? THE market to-day was well attended and stocked. Prices unchanged. THE Episcopalians of Hillsborough, N. S., have decided to build a new church at that place.

The steamer Bonavista, with a general cargo and several passengers, called at this port to-day and after discharging cargo sailed about noon.

Rev. J. HUTCHISON, M. A., will (D. V.) officiate at Lot 48 on Sabbath first, the 3rd of October, at 11 o'clock, a. m.; and at Birch Hill at 2.30 p. m.

Mr. McNEILL would be glad to hear from all the private boarding houses in the city, stating the number of visitors to the Exhibition that they are prepared to accommodate.

We are informed that the brig, Ida Mand, owned by Mr. Wright, of Beledue, went ashore on the middle ground last Saturday, while on her way from Beledue to Summerside.

The heaviest thunder storm of the season visited Eldon last Friday evening shortly after midnight. Rain poured down in torrents, and the lightning was extremely vivid. No damage reported.

At the Stipendiary Magistrate's Court this forenoon a young lad was sentenced to pay a fine of \$30 or lodge in the County boarding house for two calendar months, and a Scott Act case was postponed.

A MEETING of the Temperance Memorial Committee will be held in the Y. M. C. A. Hall this evening, at 8 p. m., to provide for the circulation of the petitions to the Mayor and City Council. A full attendance requested.

We are informed that Mr. Charles McKinnon, of Uigg, recently threshed 490 bushels of oats in the short space of eight hours. The work was done in the barn of Mr. John McLeod, Uigg. Beat this who can.

The immediate available assets of "The Mutual Life Insurance Company of New York," exceeds the capital of the Bank of England by upwards of thirty-five million dollars. J. MacEachern is agent for this Province.

MR. ZHINDERAJAHCHALIBUNBURREE, a Hindoo, reposes in the Louisville, Ky., goal with a charge of drunkenness against him. A single policeman escorted the distinguished foreigner to the station, but it required two patrol wagons to bring in his name.

It was reported about the city this forenoon that a newly-born child, encased in a soap box, had been left on the doorstep of a well-known citizen. The report is unfounded, at least the well-known citizen says so. A suit for libel will likely be the next move.

PROVINCIAL EXHIBITION, 1886.—Travelling arrangements have been made with the Intercolonial Railway by which visitors from Mulgrave, Halifax and all points to Pictou landing will be conveyed at one class fare, and also from St. John, N. B., and all points to Point du Chene, on Monday and Tuesday, the 4th and 5th of October.

THE Acadia called at Souris on Friday last. She was pronounced by all to be a rakish looking craft and well adapted to the service in which she is engaged. Two sailing cruisers, the Terror and Houlett, are also in that vicinity looking after the Americans. We are glad to learn that our cruisers are now doing such good work in preventing poaching on our coast.

It is said to be quite pathetic to see the Grit candidate for Legislative honors, Mr. Thomas Kichham, examining cattle for the French St. Peter's market, and canvassing votes on the Conservative-Liberal-Independent-Thomas Kichham ticket. Conservative electors of the First District of King's should not allow themselves to be deceived by such a shameless trimmer and political will o' the wisp.

THE Court Musicians, advertised in another column, are genuine. Mr. Abercrombie was Solo Tenor to Her Majesty the Queen for ten years at Chapel Royal, St. James' Palace. A certified copy of the engagement with Her Majesty can be seen at Chappelle's Bookstore. The Court Musicians have been secured to give a series of one hundred Concerts in the United States and Canada. A rare musical treat is offered to Charlottetown.

REV. WILLIAM BLUETT lectured in Eldon last evening. Subject: "His own life, experience and travels." Mr. Bluett, as some are aware, is an Irish Evangelist, at present visiting this Province, and has already preached in Uigg, Alexandria and Eldon. His services have been well attended and productive of much good. He is a singularly earnest and effective preacher, evidently laboring with heart and soul in the Master's cause, as a clergyman of the Baptist Church. His residence is at Springfield, New Brunswick, and he expresses himself as being delighted with "the tight little Island and its people."

HYMENEAL.—Mr. W. J. Robertson, of St. John, N. B., was at an early hour this morning united in marriage with Miss Marion Jean, eldest daughter of the late William Ciabbe, Esq. The ceremony took place at the residence of the bride's mother, Great George Street. Rev. T. B. Reagh tied the nuptial knot, and Mr. White of St. John, and Miss Murray of this city, officiated as groomsmen and bridesmaid. Shortly after the ceremony the happy couple, amidst showers of rice and good wishes, left on their bridal tour. THE EXAMINER joins heartily in the congratulations.

Mr. Nicholas White, one of the most popular members of the City Post Office staff, has also joined the noble army of Benedictines. The ceremony was performed at Cape Breton, but the bride is one of the Island's fair daughters. THE EXAMINER extends its best wishes for their future happiness and prosperity.

THE amount paid for pensions in the United States during the year ending June 30th was \$63,797,831.71, the difference in the amount paid and the annual value representing the accrued and arrearage pensions paid during the year. Since 1861, 591,102 invalid claims have been filed; 348,799 claims of widows and dependents; 78,834 for pensions on account of service. During the same period there have been allowed of the first class 332,141 claims and of the second class 229,435, and of all other classes 69,178, making a total of claims allowed since 1861 621,754. It will thus be seen that nearly one-half of all the pensioners whose names have been placed upon the rolls have died, or pensions have ceased by reason of arrival at age, re-marriage, etc.

Hanlian Challenges Beach

BEACH DECLINES TO ACCEPT.

They Treat Each Other Coldly.

LONDON, Sept. 27. Hanlian has challenged Beach to row a race on the Thames for any sum up to \$25,000. He offered to row him in America or Australia—Hanlian to give Beach \$10,000 in the former case, and Beach to give Hanlian \$10,000 in the latter. Beach has declined all challenges.

A race between Largin and the Australian oarsman Neilson took place on the Thames. Neilson finished alone. Beach and Hanlian witnessed the race from the deck of a steamer.

Beach said he would not row in America if Hanlian offered him the whole of America to do so. He said that he would row on the Parana, and would lay Hanlian 1,000 pounds against 800 pounds, but would not pay Hanlian's travelling expenses. They treated each other very cool not even shaking hands.

Resolutions of Sympathy. KINGSTON, Ont., Sept. 27. After the Loyalist delegates, Dr. Kane and G. H. Smith, had addressed a large meeting here to-night two resolutions were put, one sympathizing with the minority in Ireland, and the other recommending that the British Parliament grant Ireland the same extent of self-government that Canada enjoys. After much disputation the Chairman put the resolutions. The one of sympathy passed, the other being rejected.

Struck an Iceberg. ST. JOHN'S, Nfld., Sept. 27. The British schooner Lady Agnes struck an iceberg on Monday last, 38 miles south-east of Beaulieu Island and became a partial wreck. Her decks were opened, but the crew marvelously escaped. The vessel drove seaward in a violent gale and has been seven days at sea. Pumping and all preparations were made for leaving the ship. The schooner arrived here this morning.

The Cricket Match. NEW YORK, Sept. 27. The English cricketers began to-day at Rivington, R. I., a match with a team representing all New York. The Americans going to bat first closed for 143 runs. When time was called the English score was 21 for the loss of one wicket.

That Glove Contest. SAN FRANCISCO, Sept. 27. The Burke-Dempsey glove contest did not take place this evening, as a license could not be obtained.

More Earthquakes. CHARLESTON, S. C., Sept. 27. A slight earthquake shock was felt here this evening. No damage was done beyond the falling of loose plaster.

Most of the pie factories of the United States are situated in New England, as are also the pill factories. There is a moral in this.
